*The Beach Book* Carl Heywood Hobbs,2012 Waves and tides wind and storms sea level rise and shore erosion these are the forces that shape our beaches and beach lovers of all stripes can benefit from learning more about how these coastal processes work With animation and clarity *The Beach Book* tells sunbathers why beaches widen and narrow and helps boaters and anglers understand why tidal inlets migrate It gives home buyers insight into erosion rates and provides natural resource managers and interested citizens with rich information on beach nourishment and coastal zone development And for all of us concerned about the long term health of our beaches it outlines the latest scientific information on sea level rise and introduces ways to combat not only the erosion of beaches but also the decline of other coastal habitats The more we learn about coastline formation and maintenance Carl Hobbs argues the better we can appreciate and cultivate our shores Informed by the latest research and infused with a passion for its subject *The Beach Book* provides a wide ranging introduction to the shore and all of us who love the beach and its associated environments will find it timely and useful

**The Virginia Quarterly Review** ,2004

*Pandas to Penguins* Melissa Gaskill,2018-09-12 Perhaps nothing about nature calls to us as deeply as wild animals To see an enormous whale leaping out of the water the eerily human eyes of a gorilla or the comical waddle of a penguin to hear the ethereal howl of a wolf or majestic roar of a lion these experiences change us Around the world animal populations are threatened by loss of habitat pollution climate change overhunting and poaching and yet wildlife based tourism is growing rapidly and makes up as much as forty percent of the worldwide tourism industry today In *Pandas to Penguins* nature journalist Melissa Gaskill profiles twenty five species and one endangered ecosystem highlighting local ecofriendly travel outfitters operating in the area for those seeking out their own enriching personal experience with wildlife She provides basic information about each animal s behavior and biology descriptions of the threats they face and maps photographs and first person accounts of wildlife watching Each species meets three basic criteria 1 some level of risk to its survival 2 a reasonably accessible habitat where travelers have a chance to view the animal in the wild in its natural setting and 3 responsible tourism that directly benefits the animal or its habitat More than a wildlife bucket list or an exhortation to see them before they re gone this guide is intended to identify wildlife experiences that can be life changing for people as well as animals Extinction is tragic but not inevitable We can all do something to make a difference and *Pandas to Penguins* is an important resource for adventurers and armchair travelers alike
