**Diloggún Tales of the Natural World** Ócha'ni Lele, 2011-09-21 Sacred myths from Santería centered on nature and the natural world Includes more than 40 myths stories and histories from the Lucumí tradition Reassembles the oral fragments from the African diaspora into coherent stories Demonstrates that the African peoples specifically the Yoruba had deep philosophies and metaphysics involving nature and the natural world Since ancient times the Yoruba of West Africa created sacred stories *pataks* to make sense of the world around them Upon arrival in the New World the Yoruba religion began to incorporate elements from Catholic and Native

traditions evolving into Santería and new practices were born adding to the many chapters already found in the oral tradition of the Yoruba or Lucumí faith. Comparable to the myths of ancient Greece and Rome and rich with jewels of wisdom like the I Ching, these Santería stories are as vast as the Hindu Vedas and as culturally significant as the parables in the Torah, Talmud and Christian Bible. *Diloggun Tales of the Natural World* presents more than 40 practices that shed light upon the worldview of Santería. Each story in this collection reassembled from the oral tradition of the African diaspora is centered on a spiritual principle in nature: the waxing and waning of the moon, solar and lunar eclipses, the phenomenon of shooting stars, the separation of sky and earth, and the origins of the animals and birds who play key roles in Santería symbology. Revealing the metaphysics, theology and philosophy of the Yoruba people, this volume shows these stories to be as powerful and relevant today as they were to the ancient Yoruba who once safeguarded them. **B C L A Reporter** British Columbia Library Association, 1996 **The Eagle's Way : Nature's New Frontier in a**

**Northern Landscape** Jim Crumley, 2022-01-01 The best nature writer working in Britain today. The Los Angeles Times: "Eagles more than any other bird spark our imaginations. These magnificent creatures encapsulate the majesty and wildness of Scottish nature. But change is afoot for the eagles of Scotland: the golden eagles are now sharing the skies with sea eagles after a successful reintroduction programme." In *The Eagle's Way*, Jim Crumley exploits his years of observing these spectacular birds to paint an intimate portrait of their lives and how they interact with each other and the Scottish landscape. Combining passion, beautifully descriptive prose and the writer's 25 years of experience, *The Eagle's Way* explores the ultimate question: what now for the eagles, making it essential reading for wildlife lovers and eco-enthusiasts. **Voyage of**
