

NATURE'S  
JUSTICE

WRITINGS OF  
WILLIAM O. DOUGLAS

Edited by James M. O'Fallon

# Natures Justice Writings Of William O Douglas

**William Orville Douglas**

## **Natures Justice Writings Of William O Douglas:**

**Nature's Justice** William Orville Douglas, 2000 This collection brings together writings that represent the wide range of Douglas's interests. It includes selections from his autobiographical and political books and opinions from landmark cases all reflecting not only his love of justice but also his roots in the Pacific Northwest and his lifelong commitment to the environment. **BOOK JACKET** *The Supreme Court Justices: Illustrated Biographies* Clare Cushman, 2013 Book Description The Supreme Court Justices Illustrated Biographies 1789-2012 Third Edition provides a single volume reference profiling every Supreme Court justice from John Jay through Elena Kagan. An original essay on each justice paints a vivid picture of his or her individuality as shaped by family, education, pre-Court career, and the times in which he or she lived. Each biographical essay also presents the major issues on which the justice presided. Essays are arranged in the order of the justices' appointments. Lively anecdotes, along with portraits, photographs, and political cartoons, enrich the text and deepen readers' understanding of the justices and of the Court. The volume includes an extensive bibliography and is indexed for easy research access. New in this edition are a foreword by Chief Justice John G. Roberts, a revised essay on Chief Justice William H. Rehnquist, updated essays on sitting or recently retired members of the court, new biographies for Chief Justice John G. Roberts and Associate Justices Samuel A. Alito, Elena Kagan, and Sonia M. Sotomayor, an updated listing of members of the Supreme Court with appointment and confirmation dates, and an updated bibliography with key sources on the Supreme Court and the justices. For insightful background and lively commentary on the individuals who have served on the Supreme Court of the United States, there is no better reference than this updated new volume. This is a vital reference work for researchers, students, and others interested in the Supreme Court's past, present, and future. *Citizen Justice* Mary Margaret McKeown, 2022 Citizen Justice: The Environmental Legacy of William O. Douglas. Public Advocate and Conservation Champion highlights William O. Douglas's dual role in fulfilling his constitutional duty as justice while catering to his personal commitment to serve the public as a citizen advocate. [Encyclopedia of the U.S. Government and the Environment](#) Matthew J. Lindstrom, 2010-12-21 A timely new resource on the history of the U.S. government's approach to environmental policy. At a time when changing the nation's environmental policy is a top presidential priority with a new global climate change treaty deep in negotiations and with the country itself weighing the need for action against concerns over too much government regulation, this exhaustive new reference work could not be more welcomed. [Encyclopedia of the U.S. Government and the Environment: History, Policy, and Politics](#) explores the interaction between the federal government and environmental politics and policy throughout the nation's history, from the earliest efforts to preserve lands and regulate pollution to the 1960s emergence of the modern environmental movement, the landmark legislation of the 1970s, and the seesawing back and forth of policies between alternating Republican and Democrat administrations of the last three decades. Authoritative, unbiased, and informed by the latest available research, the hundreds of entries cover the full range of issues, events, laws,

institutions and key players that shape federal environmental policies incorporating viewpoints from across the ideological spectrum

**A Companion to Lyndon B. Johnson** Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson's life, presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office. Explores the legacy of Johnson and the historical significance of his years as president. Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam. Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President.

**Inherit the Holy Mountain** Mark Stoll, 2015 Inherit the Holy Mountain puts religion at the center of the history of American environmentalism rather than at its margins, demonstrating how religion provided environmentalists with content, direction and tone for the environmental causes they espoused.

**America Goes Green** Kim Kennedy White, 2012-11-12 This three volume encyclopedia explores the evolution of green ideology and eco friendly practices in contemporary American culture ranging from the creation of regional and national guidelines for green living to the publication of an increasing number of environmental blogs written from the layperson's perspective. Evidence of humanity's detrimental impact on the environment is mounting. As Americans we are confronted daily with news stories, blogs and social media commentary about the necessity of practicing green behaviors to offset environmental damage. This essential reference is a fascinating review of the issues surrounding green living including the impact of this lifestyle on Americans' time and money, the information needed to adhere to green principles in the 21st century and case studies and examples of successful implementation.

**America Goes Green: An Encyclopedia of Eco-Friendly Culture in the United States** examines this gripping topic through 3 volumes organized by A-Z entries across 11 themes, state by state, essays grouped by region and references including primary source documents, bibliography, glossary and green resources. This timely encyclopedia explores the development of an eco friendly culture in America and entries present the debates, viewpoints and challenges of green living.

*Associate Justice William O. Douglas* United States. Congress. House. Committee on the Judiciary. Special Subcommittee on H. Res. 920, 1970

**Research Handbook on Fundamental Concepts of Environmental Law** Douglas Fisher, 2022-11-25 This expanded and updated Research Handbook delivers an authoritative and in depth guide to the conceptual foundations of environmental law. It offers a nuanced reflection on the underlying principles by exploring issues such as human rights, constitutional rights, sustainable development and environmental impact assessment within the context of environmental law.

**Encyclopedia of Privacy** Alexander J. Myers, 2006-11-30 Writing in their famous Harvard Law Review article of 1890, Louis Brandeis and Samuel Warren asserted what many have considered one of the most cherished American values: the right to be let alone. Yet in this post 9/11 world, personal privacy is more threatened than ever. This book provides students and general readers a comprehensive overview of privacy in contemporary America. Included are some 225 alphabetically arranged entries written by more than 100 expert

contributors Entries cover such topics as the USA PATRIOT act abortion rights wiretapping telemarketing identity theft DNA databases Internet and email privacy and numerous other concerns Entries cite works for further reading and the Encyclopedia closes with a bibliography of books websites organizations and films New threats to privacy have arisen in the face of competing social political and economic demands rapid technological change and an intrusive and voyeuristic mass media Citizens are barraged on a daily basis with stories of corporate data mining government surveillance programs identity theft and computer hacking of personal information As a result citizens are becoming increasingly concerned about their personal privacy as well as their privacy rights This encyclopedia the first of its kind comprehensively overviews various aspects of privacy throughout U S history including significant legal cases events laws organizations individuals technology and terms With some 225 alphabetically arranged entries written by more than 100 leading scholars and experts in the field this inclusive and authoritative work will appeal to those interested in both historical and contemporary notions of privacy in the United States Readers will learn of the significance of technology in today s society its helpful and harmful effects on citizens privacy and what to expect in the future Entries cite print and electronic resources and the Encyclopedia closes with a listing of books organizations websites films and other sources of information

**Associate Justice William O. Douglas, Final Report by the Special Subcommittee on H.Res. 920 ... 91-2, Pursuant to H.Res. 93, September 17, 1970**

United States. Congress. House. Judiciary,1970 **Planet Savers** Kevin Desmond,2017-09-08 Protecting the planet is everyone s work But we all have our own heroes in whatever area we are working Planet Savers brings together the varied stories of the hundreds of movers and shakers that have spoken up throughout history and taken action to defend the world from pollution deforestation species loss and climate change From Theodore Roosevelt to Al Gore from Francis of Assisi to David Attenborough and from hundreds more men and women that you will know little if anything about Scientists artists business people priests lawyers poets politicians activists and more from every continent of the world Their work has enthused us about the natural world and warned us that we must do much more to preserve it The Indian woman who became the world s first environmental martyr the Baptist Reverend who asked What Would Jesus Drive the Quaker big game hunter who set up the first conservation organisation the Shakespearian actor who revolutionised organic gardening and the housewife whose campaign against toxic waste forced a President to act The book is a cornucopia of people who from time immemorial have put their careers reputations and lives on the line to protect our planet from its governing inhabitants the human race Today as thousands of species of animals and plants are faced with extinction thousands of years of indigenous knowledge is lost in the face of technological advance and we become more and more aware of the potential doomsday scenario of a warming world we need Planet Savers more than ever Our inspiration can be the 301 environmental lives portrayed in this book These people cared enough to do something about it Planet Savers is both a tribute and a catalyst a tribute to the people that loved the planet enough to want to act to save it and a catalyst for the people who will be inspired

to act after reading it New Planet Savers are at work right now in rainforests and megacities in community centres and boardrooms at road protests and in courtrooms all over the world If this book has one great aim it is to inspire you the reader to join them It is a book that every home should own *The Nature of Constitutional Rights* Richard H. Fallon Jr.,2019-03-14 What does it mean to have a constitutional right in an era in which most rights must yield to compelling governmental interests After recounting the little known history of the invention of the compelling interest formula during the 1960s *The Nature of Constitutional Rights* examines what must be true about constitutional rights for them to be identified and enforced via strict scrutiny and other similar judge crafted tests The book s answers not only enrich philosophical understanding of the concept of a right but also produce important practical payoffs Its insights should affect how courts decide cases and how citizens should think about the judicial role Contributing to the conversation between originalists and legal realists Richard H Fallon Jr explains what constitutional rights are what courts must do to identify them and why the protections that they afford are more limited than most people think **Congressional Record** United States. Congress,1980 **The Human Tradition in the American West** Benson Tong,Regan A. Lutz,2001-08-01 *The Human Tradition in the American West* is an engrossing collection of 13 biographies of men and women whose contributions to the development of the American West have largely been left untold in the history books This volume goes beyond the traditional biographical reader by including the lives that collectively offer racial and gender diversity as well as differing class and sexual orientation backgrounds Editors Benson Tong and Regan A Lutz have assembled an impressive group of scholars whose succinct and well written accounts will give students a more complete understanding of this diverse dynamic region of the United States This book is an excellent resource for courses on the American West U S history survey courses and courses in American social and cultural history *The Nature of Hope* Char Miller,Jeff Crane,2019-02-15 *The Nature of Hope* focuses on the dynamics of environmental activism at the local level examining the environmental and political cultures that emerge in the context of conflict The book considers how ordinary people have coalesced to demand environmental justice and highlights the powerful role of intersectionality in shaping the on the ground dynamics of popular protest and social change Through lively and accessible storytelling *The Nature of Hope* reveals unsung and unstinting efforts to protect the physical environment and human health in the face of continuing economic growth and development and the failure of state and federal governments to deal adequately with the resulting degradation of air water and soils In an age of environmental crisis apathy and deep seated cynicism these efforts suggest the dynamic power of a politics of hope to offer compelling models of resistance regeneration and resilience The contributors frame their chapters around the drive for greater democracy and improved human and ecological health and demonstrate that local activism is essential to the preservation of democracy and the protection of the environment The book also brings to light new styles of leadership and new structures for activist organizations complicating assumptions about the environmental movement in the United States

that have focused on particular leaders agencies thematic orientations and human perceptions of nature The critical implications that emerge from these stories about ecological activism are crucial to understanding the essential role that protecting the environment plays in sustaining the health of civil society The Nature of Hope will be crucial reading for scholars interested in environmentalism and the mechanics of social movements and will engage historians geographers political scientists grassroots activists humanists and social scientists alike *The Publishers Weekly*,1910 *Reel Nature* Gregg Mitman,2012-09-01 Winner of the History of Science Society s Watson Davis and Helen Miles Davis Prize in the History of Science From the early exploits of Teddy Roosevelt in Africa to blockbuster films such as March of the Penguins Gregg Mitman s Reel Nature reveals how changing values scientific developments and new technologies have come to shape American encounters with wildlife on and off the big screen Whether crafted to elicit thrills or to educate audiences about the real life drama of threatened wildlife nature films then and now have had an enormous impact on how Americans see think about consume and struggle to protect animals across the globe For more information about the author go to <http://gmitman.com> *The Culture of Feedback* Daniel Belgrad,2019-08-30 When we want advice from others we often casually speak of getting some feedback But how many of us give a thought to what this phrase means The idea of feedback actually dates to World War II when the term was developed to describe the dynamics of self regulating systems which correct their actions by feeding their effects back into themselves By the early 1970s feedback had become the governing trope for a counterculture that was reoriented and reinvigorated by ecological thinking The Culture of Feedback digs deep into a dazzling variety of left of center experiences and attitudes from this misunderstood period bringing us a new look at the wild side of the 1970s Belgrad shows us how ideas from systems theory were taken up by the counterculture and the environmental movement eventually influencing a wide range of beliefs and behaviors particularly related to the question of what is and is not intelligence He tells the story of a generation of Americans who were struck by a newfound interest in and respect for plants animals indigenous populations and the very sounds around them threading his tapestry with cogent insights on environmentalism feminism systems theory and psychedelics The Culture of Feedback repaints the familiar image of the 70s as a time of Me Generation malaise to reveal an era of revolutionary and hopeful social currents driven by desires to radically improve and feed back into the systems that had come before *Exploring Wild Law* Peter Burdon,2011 From cover Wild law is a groundbreaking approach to law that stresses human interconnectedness and dependence on nature It critiques existing law for promoting environmental harm and seeks to establish a mutually enhancing human Earth relationship For the first time this volume brings together voices from the leading proponents of wild law around the world It introduces readers to the idea of wild law and considers its relationship to environmental law the rights of nature science religion property law and international governance
