primarily a guide book and gazetteer of the Navajo country and adjacent regions While but a fraction of the Navajo place names have been listed those given have been selected as most important and interesting to government employees students and travelers page I *An Illustrated Dictionary of Navajo Landscape Terms* David M. Mark, David Stea, Carmelita Topaha, 2019 The Navajo language Din bizaad has a vocabulary of landscape terms that allows speakers to communicate about their environment This book documents that vocabulary and provides photographic illustration of many of the terms The meanings of these terms seldom match the English language terms one to one Terms include explicit reference to earth materials such as water or rock stone Rather than alphabetically this book is organized by material and form categories This dictionary is a valuable resource for language preservation in schools and elsewhere and for linguists anthropologists geographers and earth scientists interested in indigenous conceptualization of landscape and environment **NAVAJO COUNTRY** HERBERT E.
