Nazi Germany And Neutral Europe During The Second World War Sympathy For The Devil

Stanley G. Payne

Nazi Germany And Neutral Europe During The Second World War Sympathy For The Devil:

Sympathy for the Devil Christian Leitz,2001-05-01 The recent revelations about the role of the Swiss banks in keeping Jewish accounts after World War II has caused a reappraisal of the role of the neutral nations What exactly did it mean to be neutral in World War II Was neutrality just a cover for collaboration with the Nazis Did countries who refused to take sides help or hurt the Allied cause And how did the neutrals treat people who were vulnerable to the Nazis In this first study of Nazi Germany s to the five European neutrals Portugal Spain Switzerland Sweden and Turkey Christian Leitz shines a light on their wartime record Questioning the true commitment to neutrality of the five states the he details not simply the development of relations to Germany but also the contribution they made to Germany s war effort He shows how the Nazi regime benefitted in large measure from permitting these five countries to remain neutral We learn how during Germany s military decline in the waning months of the war it continued to receive vital services from the neutrals Based on a wide reading of sources in English German Spanish Swedish Portuguese French and Turkish and supplemented by documentary evidence from German archives this book enables readers at all levels to gain insight into a significant aspect not only of the history of Nazi Germany but also the history of the Second World War in Europe **Spain, the Second World War, and the Holocaust**

Sara J. Brenneis,Gina Herrmann,2020-03-26 Spain the Second World War and the Holocaust is the first comprehensive historical and cultural study of Spain s unique relationship to this turbulent historical period German Diplomatic Relations 1871-1945 William Young,2006 Examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 **The American Conception of Neutrality After 1941 J.**

Gabriel,2002-07-09 The American Conception of Neutrality After 1941 by J rg Martin Gabriel is a study of global political history since 1941 with a particular emphasis on America s attitude to neutrality This important revised and updated edition contains three entirely new chapters including an insightful new introduction and conclusion drawing on newly released documentation most importantly on Southeast Asia and the Vietnam War Like the previous edition this book looks at world affairs through the eyes of neutrality It covers amongst other issues America s contribution to the decline of world neutrality the major economic and military events surrounding the Second World War the founding of NATO and the problems of neutralism during the Vietnam War This new edition however goes one step further to confirm with fresh new evidence e g the end of the Cold War and the Unification of Germany the central thesis of the original volume American foreign policy is an important topic of continuing interest **Neutrality in World History** Leos Müller,2019-01-10 Neutrality in World History provides a cogent synthesis of five hundred years of neutrality in global history Author Leos M ller argues that neutrality and neutral states such as Switzerland Sweden Belgium have played an important historical role in implementing the free trade paradigm shaping the laws of nations and humanitarianism and serving as key global centers of trade and

finance Offering an intriguing alternative to dominant world history narratives which hinge primarily on the international relations and policies of empires and global powers Neutrality in World History provides students with a distinctive introduction to neutrality's place in world history **Sweden, Japan, and the Long Second World War** Pascal Lottaz, Ingemar Ottosson, 2021-07-13 We thank Ekman Co AB and Gadelius Holding Ltd for their kind and generous support making this research available online for free Lottaz and Ottosson explore the intricate relationship between neutral Sweden and Imperial Japan during the latter's 15 years of warfare in Asia and in the Pacific While Sweden's relationship with European Axis powers took place under the premise of existential security concerns the case of Japan was altogether different Japan never was a threat to Sweden militarily or economically Nevertheless Stockholm maintained a close relationship with Tokyo until Japan's surrender in 1945 This book explores the reasons for that and therefore provides a study on the rationale and the value of neutrality in the Long Second World War Sweden Japan and the Long Second World War is a valuable resource for scholars of the Second World War and of the history of neutrality [A Companion to the Holocaust](#) Simone Gigliotti, Hilary Earl, 2020-04-24 Provides a cutting edge nuanced and multi disciplinary picture of the Holocaust from local transnational continental and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior extremity and moral action A diverse range of disciplines history philosophy literature social psychology anthropology geography amongst others continue to make important contributions to its scholarship A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research The text incorporates new language geographies and approaches to address the precursors of the Holocaust and examine its global consequences A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes unfolding and impact Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators arguments about the causes and places of persecution of Jews in Germany and Europe and Jewish and non Jewish responses to it the use of forced labor in the German war economy representations of the Holocaust witness and many others A masterful framing chapter sets the direction and tone of each section's themes Comprising over thirty essays this important addition to Holocaust studies Offers a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on non European and non Western geographies inter ethnic tensions and violence A Companion to the Holocaust is an essential resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities [The Library of Congress World War II Companion](#) David M. Kennedy, 2007-10-02 An indispensable reference on World War II produced by the Library of Congress and edited by Pulitzer

Prize winning historian David M Kennedy With hundreds of illustrations and quotations from contemporary documents this will be the most authoritative popular reference on World War II The noted historian John Keegan called World War II the largest single event in human history More than sixty years after it ended that war continues to shape our world Going far beyond accounts of the major battles The Library of Congress World War II Companion examines in a unique and engaging manner this devastating conflict its causes conduct and aftermath It considers the politics that shaped the involvement of the major combatants military leadership and the characteristics of major Allied and Axis armed services the weaponry that resulted in the war s unprecedented destruction as well as debates over the use of these weapons the roles of resistance groups and underground fighters war crimes daily life during wartime the uses of propaganda and much more Drawn from the unparalleled collections of the institution that has been called America s Memory The Library of Congress World War II Companion includes excerpts from contemporary letters journals pamphlets and other documents as well as first person accounts recorded by the Library of Congress Veterans History Project The text is complemented by more than 150 illustrations Organized into topical chapters such as The Media War War Crimes and the Holocaust and two chapters on Military Operations that cover the important battles the book also include readers to navigate through the rich store of information in these pages Filled with facts and figures information about unusual aspects of the war and moving personal accounts this remarkable volume will be indispensable to anyone who wishes to understand the World War II era and its continuing reverberations

The Oxford Handbook of Modern Irish History Alvin Jackson,2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland

Franco and Hitler Stanley G. Payne,2008-01-01 Was Franco sympathetic to Nazi Germany Why didn t Spain enter World War II In what ways did Spain collaborate with the Third Reich How much did Spain assist Jewish refugees This is the first book in any language to answer these intriguing questions Stanley Payne a leading historian of modern Spain explores the full range of Franco s relationship with Hitler from 1936 to the fall of the Reich in 1945 But as Payne brilliantly shows relations between these two dictators were not only a matter of

realpolitik These two titanic egos engaged in an extraordinary tragicomic drama often verging on the dark absurdity of a Beckett or Ionesco play Whereas Payne investigates the evolving relationship of the two regimes up to the conclusion of World War II his principal concern is the enigma of Spain's unique position during the war as a semi fascist country struggling to maintain a tortured neutrality Why Spain did not enter the war as a German ally joining with Hitler to seize Gibraltar and close the Mediterranean to the British navy is at the center of Payne's narrative Franco's only personal meeting with Hitler in 1940 to discuss precisely this is recounted here in groundbreaking detail that also sheds significant new light on the Spanish government's vacillating policy toward Jewish refugees on the Holocaust and on Spain's German connection throughout the duration of the war

World War II in Global Perspective, 1931-1953 Andrew N. Buchanan, 2019-02-05
A comprehensive review of World War II that offers a global level analysis Written for academics and students of history World War II in Global Perspective 1931 1953 presents a dynamic and global account of the historical events prior to during and after World War II The author a noted expert on the topic explores the main theaters of the war and discusses the connections between them He also examines the impact of the war on areas of the world that are often neglected in historical accounts including Latin America sub Saharan Africa and the so called neutral countries This comprehensive text clearly shows how in the struggle against the Axis powers the United States replaced Britain as the global superpower The author discusses the Japanese invasion of Manchuria in 1931 and the Korean War 1950 1953 and argues that the core years of the war 1939 1945 cannot be understood without considering the turbulent events that framed them The text puts World War II in context as a series of large regional conflicts that intersected and overlapped finally emerging as a genuine world war with the formal entry of the United States in late 1941 This vital text Offers a comprehensive review of World War II that frames it in a global context Gives weight to the economic and political developments of the war Provides a robust account of the main military campaigns Contains illustrations and maps that themselves highlight little known aspects of the global war

Notions of Neutralities Pascal Lottaz, Herbert R. Reginbogin, 2018-11-16
Neutrality serves different purposes during times of war and peace *Notions of Neutralities* portrays those historical challenges that neutrals faced and are still facing to maintain some form of economic stability and political order as chaos and wars rage Neutrals are exposed to existential issues and questions of civil society international politics and morality in a world defiant to principles of universal peace Every age has its own armed conflicts and while the questions they raise are often the same the answers are different because the international world order changes Is neutrality justifiable even when the humanity of civilization is at risk as in the Second World War or the wars of the post Cold War era Can those who refuse the call to arms still act by providing humanitarian services to contain the impact of war or on the contrary are neutrals shut off from global politics mere weaklings that suffer what they must This book addresses such questions through an interdisciplinary scholarship by some of the world's foremost experts on neutrality Twelve chapters tackle different but profound aspects of the concept over a span

of five hundred years They succinctly show the evolution of international norms in the context of war and peace What is more the essays portray fundamental categories of thinking about a variety of neutralities that the international system has produced in the past and present The authors discuss the complexities of neutrality providing a new and refreshing understanding of international relations and security for the past as well as for the multipolar world of the twenty first century

American Grand Strategy in the Mediterranean during World War II Andrew Buchanan,2016-08-04 This book offers a thorough reinterpretation of US engagement with the Mediterranean during World War II Andrew Buchanan argues that the United States was far from being a reluctant participant in a peripheral theater and that Washington had a major grand strategic interest in the region By the end of the war the Mediterranean was essentially an American lake and the United States had substantial political and economic interests extending from North Africa via Italy and the Balkans to the Middle East This book examines the military diplomatic and economic processes by which this hegemonic position was assembled and consolidated It discusses the changing character of the Anglo American alliance the establishment of post war spheres of influence the nature of presidential leadership and the common interest of all the leaders of the Grand Alliance in blocking the development of potentially revolutionary movements emerging from the chaos of war occupation and economic breakdown

World War II Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

Franco Sells Spain to America N. Rosendorf,2014-02-18 A groundbreaking study of the Franco regime s utilization of Hollywood film production in Spain American tourism and sophisticated public relations programs including the most popular national pavilion at the 1964 65 New York World s Fair in a determined effort to remake the

Spanish dictatorship's post World War II reputation in the US

The Holocaust Jeremy Black, 2024-06-04 In *The Holocaust History and Memory New Edition* Jeremy Black revisits his brilliant and wrenching account of the brutal mass slaughter of Jews during World War II and the subsequent remembrance and misremembering of this genocide. Black challenges the prevailing view that separates the Holocaust from Germany's military objectives with compelling evidence that Germany's war on the Allies was deeply intertwined with Hitler's war on Jews. As Hitler expanded his control over more territories, the extermination of Jews became a significant war aim, particularly in the east. Long before the establishment of extermination camps, the German army and collaborators carried out mass shootings, resulting in the deaths of many and the extermination of entire Jewish communities. Notably, Rommel's attack on Egypt was a crucial step toward the larger goal of annihilating 400,000 Jews living in Palestine. Additionally, Hitler interpreted America's initial focus on war with Germany rather than Japan as evidence of influential Jewish interests in American policy, which further justified and escalated his war against Jewry through the Final Solution. In chilling detail, Black also unveils compelling evidence that many ordinary Germans must have been aware of the genocide happening around them. *The Holocaust History and Memory New Edition* is an essential, concise, and highly readable history. Now extensively revised and updated, it continues to offer a powerful testimony to those forever silenced by the Holocaust, ensuring that their horrifying fate will never be forgotten.

Diversion and Deception Whitney T. Bendeck, 2021-03-04 Among the operations known as Plan Bodyguard, the deception devised to cover the Allies' Normandy landing was the little-known but critical Plan Zeppelin, the largest and most complex of the Bodyguard plans. Zeppelin, in conjunction with the Mediterranean Strategy, succeeded in pinning down sixty German divisions from southern France to the Balkans in time for D-Day. This was the work of A Force, Britain's only military organization tasked with carrying out both strategic and tactical deception in World War II. Whitney T. Bendeck's *Diversion and Deception* finds A Force at its finest hour as the war shifted from North Africa to Europe. Focusing on the years 1943 to 1945, Bendeck describes how A Force, under the leadership of Dudley Clarke, orchestrated both strategic and tactical deception plans to create notional threats across the southern perimeter of Europe, with the chief objective of keeping the Germans pinned down across the Mediterranean. Her work offers a close and clarifying look at A Force's structure and command operations and methods, and successes and failures, and consequently its undeniable contribution to the Allies' victory in World War II. By shining a light on the often-overlooked Mediterranean theater and its direct connection to European plans and operations, *Diversion and Deception* also provides a deeper understanding of Allied grand strategy in the war. Combining military and deception histories, so often viewed in isolation, this book provides context for the deceptions and adds a layer of knowledge regarding the planning of military operations. The result is a more complete and nuanced view of Allied operations than is to be found in most histories of World War II.

A Genius for Deception Nicholas Rankin, 2009-11-10 In February 1942, intelligence officer Victor Jones erected 150 tents behind British lines in North Africa. Hiding tanks in Bedouin tents was an old British trick, writes Nicholas

Rankin German general Erwin Rommel not only knew of the ploy but had copied it himself Jones knew that Rommel knew In fact he counted on it for these tents were empty With the deception that he was carrying out a deception Jones made a weak point look like a trap In *A Genius for Deception* Nicholas Rankin offers a lively and comprehensive history of how Britain bluffed tricked and spied its way to victory in two world wars As Rankin shows a coherent program of strategic deception emerged in World War I resting on the pillars of camouflage propaganda secret intelligence and special forces All forms of deception found an avid sponsor in Winston Churchill who carried his enthusiasm for deceiving the enemy into World War II Rankin vividly recounts such little known episodes as the invention of camouflage by two French artist soldiers the creation of dummy airfields for the Germans to bomb during the Blitz and the fabrication of an army that would supposedly invade Greece Strategic deception would be key to a number of WWII battles culminating in the massive misdirection that proved critical to the success of the D Day invasion in 1944 Deeply researched and written with an eye for telling detail *A Genius for Deception* shows how the British used craft and cunning to help win the most devastating wars in human history

Two Wheels to Freedom Arthur J. Magida, 2024-09-03 The extraordinary true story of a young Jewish art student in wartime Berlin who not just survived but resisted and retained his infectious zeal for life Though Cioma Schonhaus was only 11 years old when the Nazis first came to power his cleverness and resourcefulness eventually made him an unlikely hero and bon vivant As a young adult staying one step ahead of the S S Cioma would dine in swanky restaurants and frequent trendy bars and have plenty of romances all while sabotaging weapons in the munitions factory where he worked He even bought a sailboat and taught himself how to sail These hijinks never distracted Cioma from a deeper mission Trained as an artist Cioma's fake ID's ensured that several hundred Jews survived the war When he learned the Gestapo was closing in on him Cioma masterminded a singularly daring escape spending a month biking to Switzerland he became the only person to cycle his way out of the Third Reich Beautifully written and deeply satisfying *Two Wheels to Freedom* is a story of survival and resistance unlike any other Arthur J Magida captures Cioma's exuberance charm spunk and courage His was a life lived with wonderment one that the author sets seamlessly against the horrors of history while never losing sight of Cioma's wily ways his zest for life and his appetite for improbable adventures all of them delighting in the magic that's beyond the ordinary and the staid *Two Wheels to Freedom* is an exhilarating read that by turns illuminates and inspires

Caught in the Middle Johan den Hertog, Samuël Kruizinga, 2011 The essays in this collection cover not only multiple countries but also multiple aspects of the concept of neutrality political economic cultural and legal These case studies have led to a re evaluation of the notion of neutrality and the role of neutrals during the First World War making this collection of great value to all scholars of neutrality the history of individual neutral countries and of the war itself
