German Women's Life Writing and the Holocaust Elisabeth Krimmer, 2018-09-20 Examines women's life writing in order to shed light on female complicity in the Second World War and the Holocaust

Jews, Germans, and Allies Atina Grossmann, 2009-08-10 In the immediate aftermath of World War II more than a quarter million Jewish survivors of the Holocaust lived among their defeated persecutors in the chaotic society of Allied occupied Germany *Jews, Germans and Allies* draws upon the wealth of diary and memoir literature by the people who lived through postwar reconstruction to trace the conflicting ways Jews and Germans defined their own victimization and survival comprehended the trauma of war and genocide and struggled to rebuild their lives In gripping and unforgettable detail Atina Grossmann describes Berlin in the days following Germany's surrender the mass rape of German women by the Red Army the liberated slave laborers and

homecoming soldiers returning political exiles Jews emerging from hiding and ethnic German refugees fleeing the East She chronicles the hunger disease and homelessness the fraternization with Allied occupiers and the complexities of navigating a world where the commonplace mingled with the horrific Grossmann untangles the stories of Jewish survivors inside and outside the displaced persons camps of the American zone as they built families and reconstructed identities while awaiting emigration to Palestine or the United States She examines how Germans and Jews interacted and competed for Allied favor benefits and victim status and how they sought to restore normality in work in their relationships and in their everyday encounters Jews Germans and Allies shows how Jews were integral participants in postwar Germany and bridges the divide that still exists today between German history and Jewish studies

Sentient Performativities of Embodiment Lynette Hunter, Elisabeth Krimmer, Peter Lichtenfels, 2016-05-05 This collection offers writings on the body with a focus on performance defined as both staged performance and everyday performance Traditionally theorizations of the body have either analyzed its impact on its socio historical environment or treated the body as a self enclosed semiotic and affective system This collection makes a conscious effort to merge these two approaches It is interested in interactions between bodies and other bodies bodies and environments and bodies and objects

Historical Dictionary of Holocaust Cinema Robert C. Reimer, Carol J. Reimer, 2024-12-19 Some 80 years after the end of World War two and Nazi Germany's attempt to annihilate European Jews and the Jewish culture the story of the Holocaust continues to be told in novels paintings music sculpture and film Over the past eight decades close to a thousand documentaries narrative shorts and features television miniseries and filmed statements from survivors have confronted the horrors of the past creating a recognizable iconography of persecution suffering and genocide While arguably movies and television have a tendency to overly simply if not trivialize historical events popular culture artists also keep the past from being forgotten Historical Dictionary of Holocaust Cinema Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 175 cross referenced entries on films directors and historical figures Foreign language experimental and canonical films are included This book is an excellent resource for students researchers and anyone wanting to know more about holocaust cinema

Coming Home? Vol. 1 Sharif Gemie, 2014-07-18 The wars of the twentieth century uprooted people on a previously unimaginable scale to the extent that being a refugee became an increasingly widespread experience With the arrival of refugees governments of host countries had to mediate between divided national populations some wished to welcome those arriving in search of refuge others preferred a strategy of exclusion or even expulsion At the same time refugees had to manage conflicts of the self as they responded to the loss of nationhood families socio political networks material goods and arguably also a sense of belonging or home While return migration was usually perceived by governments and refugees alike as the best solution to the dilemmas of forced displacement consensus about the timing and dynamics of how this would actually occur was very difficult to achieve In practice the return of refugees to their countries of origin rarely if ever

produced a wholly satisfactory outcome Conflicts clearly resulted in forced displacement but it is equally true that forced displacement created conflicts The complex inter relationship of conflict return migration and the sometimes chimerical but still compelling search for a sense of home is the central preoccupation of the contributors to the two volumes of the Coming Home series Scholars from history literature cultural studies and sociology explore the tensions between nation states and migrants as they have anticipated implemented or challenged the process of return migration during the twentieth and twenty first centuries This book begins with Western Europe and progresses to Central and Eastern Europe from the period of the Spanish Civil War to the Cold War era whilst the second volume Coming home Vol 2 Conflict and Postcolonial Return Migration in the Context of France and North Africa shifts the focus to the colonial and post colonial framework of the French North African nexus What emerges from the two volumes of essays is that as ambiguous and sometimes ambivalent as home could appear it was nonetheless central to migrants preoccupations about returning

Genocide Howard Ball,2010-11-18 This book presents the background and history of genocide the key issues associated with this worldwide crime and the problems inherent in preventing its occurrence In 1948 the UN General Assembly adopted the Convention on the Prevention and Punishment of the Crime of Genocide CPPCG legally defining the crime of genocide for the first time Amazingly the United States did not ratify this international agreement until nearly 40 years later when President Reagan finally signed the genocide convention bill Attempts to enforce international law against genocide did not begin until the 1990s *Genocide A Reference Handbook* examines the antecedents of the term genocide in the mid 19th century and explains the current challenges of preventing or even stopping genocide including the nation state system and principles of state sovereignty The author documents how crimes of genocide have continued unchecked and asserts that a collective commitment to humanitarian intervention is the only way to address this ongoing problem

I Glanced Out the Window and Saw the Edge of the World Catherine Halsall,2020-07-08 This book is about WAR not the causes and results not the planning and the campaigns not the artillery and the bombs It is about the heinous crimes committed by the combatants the horrifying experiences of civilians the devastation of cities and villages the killing and the dying the glory leading to revulsion and guilt and the assimilation of suffering that either ends in death or in the triumph of the soul It looks at the struggle of the church to remain faithful and the servants of the church who seek to bring sense and solace to the victims It discusses antisemitism racism and war itself from biblical perspectives It reveals the unjustifiable reasons for engaging in war and how this brings catastrophic results for all peoples the mental instability of the survivors and the loss and grief of those on the home front In war how can men and women carry out the actions that they do As Viktor Frankl writes After all man is that being who has invented the gas chambers of Auschwitz however he is also that being who has entered those gas chambers upright with the Lord s Prayer or the Shema Yisrael on his lips

Forgotten Casualties Kevin T Hall, 2023-08-01 Sheds new light on the mistreatment of downed airmen during World War II and the overall relationship between the air war and state sponsored violence Throughout the vast expanse of the Pacific the remoteness of Southeast Asia and the rural and urban communities in Nazi occupied Europe more than 120 000 American airmen were shot down over enemy territory during World War II thousands of whom were mistreated and executed The perpetrators were not just solely fanatical soldiers or Nazi zealots but also ordinary civilians triggered by the death and devastation inflicted by the war In *Forgotten Casualties* author Kevin T Hall examines Axis violence inflicted on downed Allied airmen during this global war Compared with all other armed conflicts World War II exhibited the most widespread and ruthless violence committed against airmen Flyers were deemed guilty because of their association with the Allied air forces and their fate remained in the hands of their often hostile captors Axis citizens angered by the devastation inflicted by the war along with the regimes consent and often encouragement of citizens to take matters into their own hands resulted in thousands of Allied flyers being mistreated and executed by enraged civilians Written to help advance the relatively limited discourse on the mistreatment against flyers in World War II *Forgotten Casualties* is the first book to analyze the Axis violence committed against Allied airmen in a comparative international perspective Effectively comparing and contrasting the treatment of POWs in Germany with that of their counterparts in Japan Hall s thorough analysis of rarely seen primary and secondary sources sheds new light on the largely overlooked complex relationship among the air war propaganda the role of civilians and state sponsored terror during the radicalized conflict Sources include postwar trial testimonies Missing Air Crew Reports MACR Escape and Evasion reports perpetrators explanations and rationalizations for their actions extensive judicial sources transcripts of court proceedings autopsy reports appeals for

clemency and justifications for verdicts Drawing heavily on airmen's personal accounts and the testimonies of both witnesses and perpetrators from the postwar crimes trials *Forgotten Casualties* offers a new narrative of this largely overlooked aspect of Axis violence

Taste of War Lizzie Collingham, 2012-03-29 A New York Times Notable Book of 2012 Food and in particular the lack of it was central to the experience of World War II In this richly detailed and engaging history Lizzie Collingham establishes how control of food and its production is crucial to total war How were the imperial ambitions of Germany and Japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production How was the outcome of the war affected by the decisions that the Allies and the Axis took over how to feed their troops And how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed Tracing the interaction between food and strategy on both the military and home fronts this gripping original account demonstrates how the issue of access to food was a driving force within Nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in Europe Focusing on both the winners and losers in the battle for food *The Taste of War* brings to light the striking fact that war related hunger and famine was not only caused by Nazi Germany and Imperial Japan but was also the result of Allied mismanagement and neglect particularly in India Africa and China American dominance both during and after the war was not only a result of the United States immense industrial production but also of its abundance of food This book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of American food habits and tastes in the post war world A work of great scope *The Taste of War* connects the broad sweep of history to its intimate impact upon the lives of individuals

Comparative Central European Holocaust Studies Louise Olga Vasvári, Steven Tötösy de Zepetnek, 2009 The work presented in the volume in fields of the humanities and social sciences is based on 1 the notion of the existence and the describability and analysis of a culture including e.g. history literature society the arts etc specific of to the region designated as Central Europe 2 the relevance of a field designated as Central European Holocaust studies and 3 the relevance in the study of culture of the comparative and contextual approach designated as comparative cultural studies Papers in the volume are by scholars working in Holocaust Studies in Australia Germany Hungary Israel Serbia the United Kingdom and the US

War-torn Tales Danielle Hipkins, Gill Plain, 2007 This book is the outcome of a successful workshop held in Leeds in September 2003 and explores the effects of World War II on the representation of gender in post war literature film and popular culture juxtaposing Western European experience with US Soviet and Japanese It aims to outline the different ways in which these representations evolved in post war attempts both to re-establish social order and reconstruct national identity It gives the reader an overview of the similarities and differences that have emerged in the representation of war and gender in different cultures and media as a result of social expectations political change and individual artistic innovation The essays are linked by their concern with three key questions how are emotion and gender represented in relation to the

experience of war what is the impact of war on the dynamic between the genders and as the memory of war recedes is it possible to identify chronological shifts in the artistic response to the conflict
