Oddest Place On Earth:

The Oddest Place on Earth Christopher Pala, 2002 When Christopher Pala first landed at the North Pole he fell so much in love with it that he took his girlfriend to ride the polar treadmill on what he mischievously called the First Expedition to Nowhere For a week the couple skied every day to the pole pitched their tent and drifted away from it as they slept Between his five trips to the pole Pala used his journalistic skills to peel away the layers of myth surrounding its discovery and capture the untold story of the first men who indisputably stood there Pala is the first to chronicle the transformation of one of the most remote places on earth into a new Mecca for adventure travelers Flying in every April on Russian jets he joined risk lovers to parachute over it balloon across it attain it on skis and scuba dive under it But as he discovers man's presence at the pole is still ephemeral and there is plenty of opportunity to enjoy the escape from ordinary constraints of time and space provided by this breathtakingly gorgeous place that is not a place Excerpts of the book have appeared in Cond Nast Traveler Blue Adventure Polar Record and other publications

and it's easy to see why it's a funny read full of hijinks and adventure. Most of the humour comes from the narrator's many deviations and asides that are reminiscent of authors such as Lemony Snicket or Pseudonymous Bosch. Books Publishing Cherish the nonsense as the pages fly through your fingers. A rollercoaster of fun, friendship and madcap adventure. Kids Book Review: Young readers looking for a good belly laugh won't be disappointed. Readings: Cartoon style illustrations by Andrew Weldon and frequent interpolations from the excitable author all add to the appeal of an inventive, engagingly offbeat tale. Adelaide Advertiser: Adam Cece, author of Wesley Booth Super Sleuth, has delivered another engaging tale loaded with humour and nonsense. The reader would expect nothing less when contemplating the words of Cece's dedication: Embrace uniqueness. Cherish nonsense. Stay wonderful. Magpies: A funny and weird book that features a humorous style similar to that of Andy Griffiths. StoryLinks: A delightfully eccentric and whimsical mystery adventure. Diva Booknerd: **Veruchia E.C. A mosaic mystery told in vignettes, cliffhangers, curious asides and some surreal plot twists as Raffel investigates the secrets of the man who changed infant care in America. NPR 2018's Great Reads: What kind of doctor puts his patients on display? This is the spellbinding tale of a mysterious Coney Island doctor who revolutionized neonatal care more than one hundred years ago and saved some seven thousand babies. Dr Martin Couney's story is a kaleidoscopic ride through the intersection of ebullient entrepreneurship, enlightened pediatric care and the wild culture of world's fairs at the beginning of the American Century. As Dawn Raffel recounts, Dr Couney used incubators and careful nursing to keep previously doomed infants alive while displaying these babies alongside sword swallows, bearded ladies and burlesque shows at Coney Island, Atlantic City and venues across the nation. How this turn of the twentieth century migr became the savior to families with premature infants known then as weaklings, as he ignored the scorn of the medical establishment and fought the rising popularity of eugenics, is one of the most astounding stories of modern medicine. Dr Couney, for all his entrepreneurial gusto, is a surprisingly appealing character, someone who genuinely cared for the well being of his tiny patients. But he had something to hide. Drawing on historical documents, original reportage and interviews with surviving patients, Dawn Raffel tells the marvelously eccentric

story of Couney's mysterious carnival career his larger than life personality and his unprecedented success as the savior of the fragile wonders that are tiny tiny babies A New York Times Book Review New Noteworthy Title A Real Simple Best Book of 2018 Christopher Award winner *Indiana School Journal and Teacher*, 1884 *The American Odd Fellow*, 1864
