OECD,2012-12-14 OECD s periodic review of the Australian economy examines recent economic developments policies and prospects Special chapters cover strengthening adjustment capacity and productivity performance *Laggards and Leaders in Labour Market Reform* Jenny Corbett,Anne Daly,Hisakazu Matsushige,Dehne Taylor,2009-09-10 A flexible labour market is widely regarded as a key factor in encouraging economic growth and prosperity In recent years some economies have successfully reformed their labour markets making part time and flexible hours easier limiting the restrictive practices of trade unions encouraging training and the enhancement of the skills of those in the labour market coping with the changing age profile of the workforce and in other ways Other economies have been less successful at labour market reform and continue to struggle with outdated structures and practices This book discusses the key elements of labour market reform contrasting a country where reforms have been successfully carried through Australia with a country where reforms have been less successful Japan At the same time this book challenges the conventional view that Australia is the lucky country for all its workers given the rising hours worked for those in work and the difficulties for young people entering the labour market Both countries also face issues in terms of an ageing population and policy challenges in the design of safety nets and pension provision The book thereby demonstrates to analysts of labour market reform worldwide the key elements of successful labour market reform and the consequential effects when the reforms are carried through or not **OECD**

Economic Surveys: Australia 1972 OECD,1973-01-01 OECD s 1972 Economic Survey of Australia examines economic performance medium term policy issues recent developments and short term prospects before drawing a series of conclusions *The Political Economy of Reform Lessons from Pensions, Product Markets and Labour Markets in Ten OECD Countries* Thompson William,2009-08-24 By looking at 20 reform efforts in ten OECD countries this report examines why some reforms are implemented and other languish **Remaking New Zealand and Australian Economic Policy** Shaun

Goldfinch,2000 During the 1980s and early 1990s both Australia and New Zealand extensively deregulated their economies moving to become amongst the most liberal economies in the OECD Shaun Goldfinch interviewed more than 180 leading policy makers in Australia and New Zealand including former prime ministers ministers of finance treasurers public servants and other policy elites and examined primary government sources to demonstrate the reasons and processes involved in this remarkable period of economic reform This major comparative study sheds new light on economic policy making and change including the role of economic ideas and the importance of institutions and policy communities It contrasts the crash through approach that characterised reform in New Zealand with the bargained consensus that underpinned changes in Australia Finally it asks the critical question Has the New Zealand approach to policy change delivered better policy outcomes

OECD Economic Surveys: Denmark 2003 OECD,2003-05-20 This 2003 edition of OECD s Economic Survey of Denmark examines recent economic developments policies and prospects It includes special chapters on migration the

medium term fiscal framework and the environment
