**OECD Economic Surveys: United Kingdom 2020** OECD,2020-10-14 Like many countries the United Kingdom has been hit severely by the COVID 19 outbreak A strict lockdown was essential to contain the pandemic but halted activity in many key sectors While restrictions have eased the country now faces a prolonged period of disruption to activity and jobs which risks exacerbating pre existing weak productivity growth inequalities child poverty and regional disparities On going measures to prevent a second wave of infections will need to be carefully calibrated to manage the economic impact

**OECD Economic Surveys: United Kingdom 2009** OECD,2009-06-22 The 2009 edition of OECD s periodic review of the UK economy This edition focuses on policies to overcome the crisis and includes chapters on restoring sound public finances an economic health check of the National Health Service financial **OECD Economic Surveys: United Kingdom 1998** OECD,1998-06-23 This 1998 edition of OECD s periodic review of the UK economy includes special features structural reform integration of work and welfare and corporate governance *OECD Economic Surveys: United Kingdom 2017* OECD,2017-10-17 After a good performance until 2016 growth slowed in the first half of 2017 The unemployment rate has fallen to below 4 5% but real wages are in a downward trend Planned Brexit has raised uncertainty and dented business

investment Negotiating the closest possible EU UK economic relationship      **OECD Economic Surveys: United Kingdom 2005** OECD,2005-11-22 This 2005 survey of the United Kingdom s economy examines the key challenges for translating resilient economic performance into faster growth in living standards In particular it looks at housing supply public services and infrastructure      *OECD Economic Surveys: United Kingdom 2024* OECD,2024-09-11 Economic growth is resuming but challenges remain Gradual fiscal consolidation is required over the short term to support the return of inflation to target and rebuild fiscal space following substantial support during the pandemic and the energy crisis Growing spending needs due to ageing and investment necessary to support the green transition call for tax reforms to strengthen revenues Supply side reforms are needed to sustain growth including by providing businesses with certainty regarding taxation and land use planning to boost investment and by strengthening work incentives to reduce economic inactivity The United Kingdom is a front runner in the progress to reach net zero by 2050 but more effort is needed to accelerate emission reductions in residential housing including a clear long term strategy pricing signals regulatory timelines and financial support to stimulate the market for decarbonised heating solutions SPECIAL FEATURES BOOSTING LABOUR SUPPLY ENHANCING BUSINESS INVESTMENT TO LIFT PRODUCTIVITY GREENING THE RESIDENTIAL HOUSING SECTOR      **Social Democracy in Power** Wolfgang Merkel,Alexander Petring,Christian Henkes,Christoph Egle,2008-03-31 Compares and explores how social democratic governments have had to adapt to globalization European integration and social change and whether they have successfully managed to uphold old social democratic goals and values in light of the devaluation of traditional policy instruments      OECD Economic Surveys Organisation for Economic Co-operation and Development,2009

Taxing the Working Poor Achim Kemmerling,2009-01-01 Kemmerling deftly intertwines the efficiency theory of taxation with the political basis of taxing the working poor This commendable effort in interdisciplinary study and the comparative analysis of taxation is an essential reference for undergraduate and graduate students as well as faculty and professionals of economics political science and taxation systems of Europe S Chaudhuri Choice Taxing the Working Poor is an inspiring read for political scientists and economists interested in the relationship between taxation and employment Based on an elegant combination of econometric analysis and historical case studies it shows that the alleged trade off between employment and progressive taxation has political rather than economic roots Philipp Genschel Jacobs University Bremen Germany What are the economic and political forces which generate different regimes of tax on labour What are the implications for the labour market of these different regimes And does globalisation bring a halt to tax based redistribution Achim Kemmerling tackles these and other important questions in this significant book Malcolm Sawyer University of Leeds UK We have been distracted from the detailed problems of financing the welfare state by the tired old twentieth century debate between libertarian tax minimisers and maximal socialist collectivisers We have to move on The welfare state has to be accepted and the detailed problems of taxation to sustain it have to be addressed This well researched and fascinating book addresses the political and

institutional origins of different tax systems and points to viable strategies of redistribution and reform Geoffrey M Hodgson University of Hertfordshire UK In most industrialized countries the tax burden of poor people has increased dramatically over the last few decades This book analyses both the political origins of this increase and its consequences for the labour market Achim Kemmerling illustrates that tax based redistribution and employment are not incompatible and that the shift away from redistribution has not occurred on grounds of economic efficiency He goes on to show that a long term shift from capital to labour taxation has provoked conflicts of interests between workers that have weakened the political cause of tax based redistribution This interdisciplinary account of the political economy of taxing low wages explains the historical and structural origins of political tensions between different types of workers and their effects on the performance of labour markets As such it will strongly appeal to a wide ranging audience including academics students and researchers with a special interest in political science political economy labour markets and the economics of taxation Practitioners in the field of labour market social and tax policies interested in the normative consequences of taxation for the labour market will also find the book to be of great interest

**The Paths to Price Stability** Michelle Beyeler,2007 OECD Economic Surveys: United States 2004 OECD,2004-04-14 OECD s 2004 review of the US economy examines the key challenges the US faces for sustaining economic growth This edition s special feature covers product market competition and economic performance

Business and the Euro M. Duckenfield,2006-02-07 This book explores how British and German business associations formed their political attitudes towards Economic and Monetary Union between 1988 and 1998 With provocative argument and unique insight it demonstrates how business associations are political entities in their own right acting strategically to promote members specific interests
