**OEuvres complètes de Frédéric Bastiat** Frédéric Bastiat,1855 Discours contre la colonisation française au Tonkin Frédéric Passy, En 1885 Fr d ric Passy fait partie des quelques lib raux fran ais qui au milieu d un courant d opinion contraire s opposent ouvertement la colonisation de l Afrique et de l Asie et plaident pour un renoncement pur et simple Dans la p ninsule cochinchinoise que nous appelons aujourd hui le Vietnam tout les faits et les principes concourt nous faire rebrousser chemin Les habitants du Tonkin ont leur pays leurs terres leur nationalit laquelle ils tiennent comme nous m mes aux n tres Ce n est pas de plus par la force du canon ou sur des ruines fumantes qu on b tit la prosp rit commerciale et l on n change pas fructueusement avec un peuple qu on terrorise qu on pille m thodiquement apr s l avoir violent et dont la client le nous co te des millions Si la nature enfin n a pas permis que toutes les cultures puissent tre entreprises partout c est pour forcer l humanit coop rer ce n est pas pour que deux ou trois peuples parmi tous les op rent de leurs mains sous toutes les latitudes dans des pays dont le climat leur est hostile et o sans adaptation ils languissent et ils meurent Ces principes pos s par Fr d ric Passy dans cette discussion m morable d coulent en droite ligne des enseignements du lib ralisme L opposition lib rale la colonisation rappelle le m rite qu il y a les d fendre rigoureusement et ne pas se laisser emporter par des mouvements d enthousiasme qui pr parent des d boires et des regrets OEuvres complètes de Frédéric Bastiat: Le libreéchange. 1855 Frédéric Bastiat,1855 *Political Economy and Liberalism in France* Robert Leroux,2011-03-04 The purpose of this book is to provide a comprehensive analysis of the work of Fr d ric Bastiat 1801 1850 one of the towering intellectual figures of nineteenth century France More than anyone else of his time Bastiat personified the struggle of liberalism and science against socialism and utopia Between 1844 in 1850 his campaign for the idea of liberty and his commitment to the discipline of political economy made him one of the most vigorous champions of economic liberalism in France Bastiat put forth one of the most ambitious interpretations of the liberalism of his time one that entailed both a critique of primitive socialism and a concern to provide political economy with a theoretical foundation His thinking is far more sophisticated than would appear at first glance Nor can it be confined as so many commentators would have us believe to its strictly economic dimension The themes that Bastiat addressed free trade competition labour among others certainly helped to reduce it to this dimension Yet he did not limit himself to these issues even if he dealt with them at length He also paid close attention to the political moral social and religious dimensions Coming as Bastiat s writing did at a decisive moment in the history of French liberalism the very existence of his work explodes the long standing received idea to the effect that liberalism and in particular economic liberalism is the exclusive domain of Anglo Saxon countries Bastiat s work thus offers a solid rebuttal to Hayek who

proclaimed the total absence of a liberal tradition in France This book should be of interest to students and researchers of many strands of economics as well as those looking at French liberalism and the history of social science more generally

Rethinking Nineteenth-Century Liberalism Simon Morgan, 2017-05-15 Richard Cobden 1804 65 rose from humble beginnings to become the leading advocate of nineteenth century free trade and liberalism As a fierce opponent of the Corn Laws and promoter of international trade he rapidly became an influential figure on the national stage whose name became a byword for political and economic reform Yet despite the familiarity with which contemporaries and historians refer to Cobdenism his ideals and beliefs are not always easy to identify and classify in a coherent way Indeed as this volume makes clear the variety diversity and malleability of the Cobdenite project attest to the lack of a strict dogma and highlight Cobden's underlying pragmatism Divided into five sections this collection of essays offers a timely reassessment of Cobden's career its impact and legacy in the two hundred years since his birth Beginning with an investigation into the intellectual and cultural background to his emergence as a national political figure the volume then looks at Cobden's impact on the making of Victorian liberal politics The third section examines Cobden's wider influence in Europe particularly the impact of his tour of 1846 47 which was in many ways a defining moment not only in the making of Cobden's liberalism but in the making of liberal Europe Section four broadens the theme of Cobden's contemporary impact including his contribution to the debate on peace internationalism and the American Civil War whilst the final section opens up the theme of Cobden's contested legacy the variety of interpretations of Cobden's ideas and their influence on late nineteenth and twentieth century politics Offering a broad yet coherent investigation of the Cobdenite project by leading international scholars this volume provides a fascinating insight into one of the nineteenth century's most important figures whose ideas still resonate today Œuvres complètes de Frédéric Bastiat Frédéric Bastiat, 1855 *Oeuvres Completes de Frederic Bastiat* - Frédéric Bastiat, 2015-11-26 Oubli dans son propre pays mais célèbre aux États Unis Frédéric Bastiat 1801 1850 est un auteur central dans la tradition libérale française En tant que penseur politique il a jeté une vive lumière sur le rôle de la loi et le primat de l'état anticipant avec justesse le développement de l'interventionnisme du fonctionnarisme et du socialisme En tant qu'économiste poursuivant l'œuvre de son maître Jean Baptiste Say et axant sa réflexion sur le Consommateur comme sur tout ce que l'on ne voit pas Bastiat a renouvelé l'étude de phénomènes aussi importants que la Valeur l'échange ou la Concurrence Il a aussi développé une théorie de l'Harmonie sociale et économique contribution majeure ses yeux devant rayer les fondements mêmes des différents avatars du socialisme Cette nouvelle édition de ses Œuvres complètes reprend le plan de Prosper Paillotet fidèle ami de Bastiat fournissant ainsi en plus de ses principaux ouvrages publiés Cobden et la Ligue les Sophismes économiques Ce que l'on voit et ce que l'on ne voit pas les Harmonies économiques etc une large sélection de sa correspondance ainsi que des articles et des pamphlets fruits principaux de ses controverses avec ses contemporains Dans le

deuxième tome ont été compilés les nombreux articles que Frédéric Bastiat a publiés sur le sujet du Libre change et en opposition aux doctrines du protectionnisme alors particulièrement en vogue. Soulignant la hauteur des principes Bastiat démontre la supériorité du Libre change qui n'est autre chose que le change libre au double point de vue moral et économique. Sa polémique avec les protectionnistes y occupe une large place et prend fréquemment la forme d'apologues d'historiettes et de contes où illustre le style caractéristique de Bastiat drôle et vif qui lui a attiré tant de lecteurs
