of twenty first century capitalism Information technology immaterial production financialization and globalization have been trumpeted as inaugurating a new phase of capitalism that puts it beyond its violent origins Instead of being a period of major social and economic novelty however the course of recent decades has been a return to the fire and blood of struggles at the advent of capitalism Emphasizing class struggles that have proliferated across the social body of global capitalism Caffentzis shows how a wide range of conflicts and antagonisms in the labor capital relation express themselves within and against the work process These struggles are so central to the dynamic of the system that even the most sophisticated machines cannot liberate capitalism from class struggle and the need for labor Themes of war and crisis permeate the text and are given singular emphasis documenting the peculiar way in which capital perpetuates violence and proliferates misery on a world scale This collection draws upon a careful rereading of Marx s thought in order to elucidate political concerns of the day Originally written to contribute to the debates of the anticapitalist movement over the last thirty years this book makes Caffentzis s writings readily available as tools for the struggle in this period of transition to a common future

Armentrout,2024-08-13 From 1 New York Times bestselling author Jennifer L Armentrout comes the thrilling conclusion to her beloved Flesh and Fire series The line between love and obsession has never been wider While Sera is finally free of Kolis and back with those she loves not everything is calm Memories of all she s endured still haunt her but Sera finally has hope for a future with the other half of her heart and soul Nyktos desires loves and accepts every part of her even the monstrous bits she still battles More than ever Sera and Ash have everything under the realms to fight for and Nyktos has no doubt Sera is fit to be the Queen of the Gods But she must find that faith within herself if they hope to convince the other Courts to support them against Kolis and make Iliseum and the mortal realm better safer places for all But as Sera begins to piece together the importance of her bloodline and the true meaning behind the foreboding prophecy it becomes clear that everything that has happened and is yet to come is much bigger than Kolis and his dark obsessions They cannot help but wonder exactly how much influence the Fates have had and what their ultimate goal is What Sera does know for sure is that they can trust very few including her A battle between the gods is brewing and heartbreaking losses are imminent with the true Primal of Death strengthening With a family of the heart willing to battle by their side can Sera and Nyktos stop Kolis before he destroys the realms or will it all disappear in a fiery inferno of blood and ash And the line between justice and vengeance has never been so thin
