Of Fiction And Faith Twelve American Writers Talk About Their Vision And Work:

Of Fiction and Faith W. Dale Brown, 1997 Of Fiction and Faith features personal interviews with twelve of America's most significant writers interviews which provide a window into the personal and literary lives of writers with special focus on their attitudes towards issues of faith The Writer and the Cross Darren J.N. Middleton, 2022-06-27 Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life and Christians are no exception Many followers of Jesus value beautifully written deftly characterized and pulse quickening literary art that seems more satisfying than dry tedious doctrinal textbooks This book surveys 12 pieces of historical fiction that feature notable Christian thinkers They include an illustrated children's book about St Irenaeus of Lyons a novel about Martin Luther's Reformation a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style Rather than arcane literary analyses this book provides thoughtful and sometimes painful interviews with the authors of the covered works Most interviewees are little known or emerging writers Some have published their work with a church or denominational press others with a major publishing empire or popular print on demand platforms Storytellers reflect on their literary choices and the contexts of their writing sharing what modern Christians can learn from historical religious fiction **Faith and Fiction** Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's *The Da Vinci Code* The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But *The Da Vinci Code* is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the *Left Behind* series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters Regardless of the specific approach what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies Why the recent surge of interest in Christian fiction How does it reflect trends in our culture and our lives How has it changed our society and our understanding of

spirituality and religion How accurate are these books in terms of the theology they espouse The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Faith and Fiction examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available

The Power to Comprehend with All the Saints Wallace M. Alston, Cynthia A. Jarvis, 2009-08-26 How does a theologically substantive ministry come into being And how does a theological orientation to the vocation make a difference in pastoral practice The Power to Comprehend with All the Saints brings pastor theologians together to answer these and other key questions about the integrity of their vocation These pastoral voices speak wisdom that will enrich both the academy and the church

The Living Church, 1963 *The Soul Tells a Story* Vinita Hampton Wright, 2005-03-30 Vinita Hampton Wright leads you through the process and practice of integrating the worlds of Christian spirituality and creativity

Believing in the Text David Jasper, George Newlands, Darlene Bird, 2004 The essays in this book represent ten years of the work of the Centre for the Study of Literature Theology and the Arts in the University of Glasgow Seemingly diverse they are bound together by a common belief that theology flourishes in an interdisciplinary and transcultural environment It cannot be an abstract concern but is rooted in political circumstances and responds to developments in society and the arts That is why there are essays on film and contemporary artists like Mona Hatoum as well as more traditional studies of theology read through and in literature The Centre has always been an international meeting place and contributions range well beyond the Western Christian seeking new roots for theological thinking in the arts and culture of a postmodern world

The Book of Buechner W. Dale Brown, 2006-01-01 The most thorough and extensive investigation ever written on the much beloved writer The Book of Buechner explores the ways in which Frederick Buechner's writing particularly his fiction presents the possibilities of grace in the midst of the ambiguities of human existence and introduces themes of Christian faith Both long time readers and neophytes seeking a guide through his writings will delight in the illuminating analysis Dale Brown has to offer Intelligent and gratifying The Book of Buechner is a much overdue literary journey through one of the most significant American writers of the last fifty years
