## Of Preachers And Pagans:

Of Preachers and Pagans David Davis, 2003-03-23 The men were removed from Shadyvale and dropped into the hell of World War II combat leaving only those males who were very young or past military age Stalwart teens served the needs of the community and the warriors waiting wives In Shadyvale a war of a different sort erupted and the conflict that no one intended or expected dealt murder rape sexual abuse by clergy attempted murder kidnapping justifiable homicide marital infidelity and simple physical assault as village residents acted as their circumstances and true natures compelled them On this fateful field of conflict the pious poseurs perished and the profane prospered in a love that was humble patient chaste and enduring *Preaching and Paganism* Albert Parker Fitch, 1920 **Preaching and Paganism** Albert Parker Fitch, 2020-07-29 Reproduction of the original *Preaching and Paganism* by Albert Parker Fitch **The Oxford Handbook of the Early Modern Sermon** Peter McCullough, Hugh Adlington, Emma Rhatigan, 2011-08-04 Scholarly interest in the early modern sermon has flourished in recent years driven by belated recognition of the crucial importance of preaching to religious cultural and political life in early modern Britain The Oxford Handbook of the Early Modern Sermon is the first book to survey this rich new field for both students and specialists It is divided into sections devoted to sermon composition delivery and reception sermons in Scotland Ireland and Wales English Sermons 1500 1660 and English Sermons 1660 1720 The twenty five original essays it contains represent emerging areas of interest including research on sermons in performance pulpit censorship preaching and ecclesiology women and sermons the social economic and literary history of sermons in manuscript and print and non elite preaching The Handbook also responds to the recently recognised need to extend thinking about the early modern across the watershed of the civil wars and interregnum on both sides of which sermons and preaching remained a potent instrument of religious politics and a literary form of central importance to British culture Complete with appendices of original documents of sermon theory reception and regulation and generously illustrated this is a comprehensive guide to the rhetorical ecclesiastical and historical precepts essential to the study of the early modern sermon in Britain **Crusading and Chronicle Writing on the Medieval Baltic Frontier** Marek Tamm, Linda Kaljundi, Carsten Selch Jensen, 2016-04-22 The Chronicle of Henry of Livonia written by a missionary priest in the early thirteenth century to record the history of the crusades to Livonia and Estonia around 1186 1227 offers one of the most vivid examples of the early thirteenth century crusading ideology in practice Step by step it has become one of the most widely read and acknowledged frontier crusading and missionary chronicles Henry s chronicle offers many opportunities to test and broaden the new approaches and key concepts brought along by recent developments in medieval studies including the new pluralist definition of crusading and the relationship between the peripheries and core areas of Europe While recent years have produced a significant amount of new research into Henry of Livonia much of it has been limited to particular historical traditions and languages A key objective of this book therefore is to synthesise the current state of research for the

international scholarly audience The volume provides a multi sided and multi disciplinary companion to the chronicle and is divided into three parts The first part Representations brings into focus the imaginary sphere of the chronicle the various images brought into existence by the amalgamation of crusading and missionary ideology and the frontier experience This is followed by studies on Practices which examines the chronicle s reflections of the diplomatic religious and military practices of the christianisation and colonisation processes in medieval Livonia The volume concludes with a section on the Appropriations which maps the reception history of the chronicle the dynamics of the medieval early modern and modern national uses and abuses of the text

**Pagan Christianity?** Frank Viola, George Barna, 2010-09-30 Have you ever wondered why we Christians do what we do for church every Sunday morning Why do we dress up for church Why does the pastor preach a sermon each week Why do we have pews steeples and choirs This ground breaking book now in affordable softcover makes an unsettling proposal most of what Christians do in present day churches is rooted not in the New Testament but in pagan culture and rituals developed long after the death of the apostles Coauthors Frank Viola and George Barna support their thesis with compelling historical evidence and extensive footnotes that document the origins of modern Christian church practices In the process the authors uncover the problems that emerge when the church functions more like a business organization than the living organism it was created to be As you reconsider Christ s revolutionary plan for his church to be the head of a fully functioning body in which all believers play an active role you ll be challenged to decide whether you can ever do church the same way again

**Medieval East Central Europe in a Comparative Perspective** Gerhard Jaritz, Katalin Szende, 2016-05-12 Medieval East Central Europe in a Comparative Perspective draws together the new perspectives concerning the relevance of East Central Europe for current historiography by placing the region in various comparative contexts The chapters compare conditions within East Central Europe as well as between East Central Europe the rest of the continent and beyond Including 15 original chapters from an interdisciplinary team of contributors this collection begins by posing the question What is East Central Europe with three specialists offering different interpretations and presenting new conclusions The book is then grouped into five parts which examine political practice religion urban experience and art and literature The contributors question and explain the reasons for similarities and differences in governance and strategies for handling allies enemies or subjects in particular ways They point out themes and structures from town planning to religious orders that did not function according to political boundaries and for which the inclusion of East Central European territories was systemic The volume offers a new interpretation of medieval East Central Europe beyond its traditional limits in space and time and beyond the established conceptual schemes

It will be essential reading for students and scholars of medieval East Central Europe      *A Mirror for the Church* David Dunn-Wilson, 2005 It might be assumed that Christian preachers have always proclaimed the same unchanging message in the same unchanging way to similarly comprised and receptive congregations But this assumption is far from accurate Throughout history the style and subject matter of sermons have repeatedly changed to meet the shifting needs of congregations molded by contemporary events *A Mirror for the Church* explores this dynamic as it developed in the early church In examining sermons preached during the first five centuries of church history David Dunn Wilson answers some important questions Who were the first preachers What did they preach about and what methods did they use What kinds of people made up the first congregations and how did they relate to the world around them In the process Dunn Wilson uncovers the homiletic themes that remained constant in early church history and shows how preachers and their churches adapted to waves of social change He also suggests ways in which the priorities of the early church might inform preaching and Christian practice today      *The Conversion of the Pagan World* Paolo Manna, 1921      **Masters of Preaching** Ray E. Atwood, 2013-12-19 Who were Catholicism's greatest orators What was the key to their effectiveness Was it mere scholastic ability or spiritual inspiration The answer is both In this follow up work Father Ray E Atwood examines the lives theologies and preaching examples of the Church's greatest preachers This book tells the story in biographical form of Catholic preaching from the Old Testament through today concluding with the homilies of Benedict XVI *Masters of Preaching* takes the reader around the world in search of homiletic gems Readers will learn about the stories of familiar figures such as Saint Gregory the Great and less familiar figures such as Monsignor Francis Friedl Readers will also discover how these men moved their congregations to deeper faith and greater understanding of the mysteries of salvation Two appendices at the end of the book serve as a terrific resource for those looking for practical illustrations of lectionary themes This book is an excellent resource for anyone interested in the subjects of public speaking and Church history      **A treatise of three conversions of England from paganism to Christian religion ... The first two parts. By N. D. author of the Ward-word** Robert Parsons, 1688      *Augustine's Theology of Preaching* Peter T. Sanlon, 2014 Scholarship has painted many pictures of Augustine but the picture of Augustine as preacher says Sanlon has been seriously neglected When academics marginalize the *Sermones ad Populum* the real Augustine is not presented accurately In this study Sanlon does more however than rehabilitate a neglected view of Augustine By presenting Augustines thought on preaching to contemporary readers Sanlon contributes a major new piece to the ongoing reconsideration of preaching in the modern day a consideration that is relevant to all branches of the twenty first century church      *Christianity and Paganism in the Fourth to Eighth Centuries* Ramsay MacMullen, 1997-01-01 The slaughter of animals for religious feasts the tinkling of bells to ward off evil during holy rites the custom of dancing in religious services these and many other pagan practices persisted in the Christian church for hundreds of years after Constantine proclaimed Christianity the one official religion of Rome In this book Ramsay

MacMullen investigates the transition from paganism to Christianity between the fourth and eighth centuries. He reassesses the triumph of Christianity, contending that it was neither tidy nor quick, and he shows that the two religious systems were both vital during an interactive period that lasted far longer than historians have previously believed. MacMullen explores the influences of paganism and Christianity upon each other. In a rich discussion of the different strengths of the two systems, he demonstrates that pagan beliefs were not eclipsed or displaced by Christianity but persisted or were transformed. The victory of the Christian church, he explains, was one not of obliteration but of widening embrace and assimilation. This fascinating book also includes new material on the Christian persecution of pagans over the centuries through methods that ranged from fines to crucifixion; the mixture of motives in conversion; the stubbornness of pagan resistance; the difficulty of satisfying the demands and expectations of new converts; and the degree of assimilation of Christianity to paganism. *The Pagan Background of Early Christianity* William Reginald Halliday, 1925. Contents: Preface, Introductory, Administration, Municipalities, Guilds, Communications, Society and Social Ethics, Eastern and Western Elements in Graeco-Roman Civilisation, the Decline of Rationalism, Union with God and the Immortality of. *The Contrast Between Atheism, Paganism, and Christianity Illustrated; Or, the Uneducated Deaf and Dumb, as Heathens, Compared with Those who Have Been Instructed ... as Christians* Charles Edward Herbert Orpen, 1827. *Pagan Survivals, Superstitions and Popular Cultures in Early Medieval Pastoral Literature* Bernadette Filotas, 2005. This comprehensive study examines early medieval popular culture as it appears in ecclesiastical and secular law, sermons, penitentials, and other pastoral works: a selective, skewed but still illuminating record of the beliefs and practices of ordinary Christians. Concentrating on the five centuries from c. 500 to c. 1000, *Pagan Survivals, Superstitions and Popular Cultures in Early Medieval Pastoral Literature* presents the evidence for folk religious beliefs and piety, attitudes to nature and death, festivals, magic, drinking, and alimentary customs. As such, it provides a precious glimpse of the mutual adaptation of Christianity and traditional cultures at an important period of cultural and religious transition. **BOOK JACKET** *The Religious World Displayed, Or, A View of Judaism, Paganism, Christianity and Mohammedanism* Robert Adam, 1809.
