Urban Interactions Michael J. Kelly,Michael Burrows,2020 This volume is dedicated to eliciting the interactions between localities across late antique and early medieval Europe and the wider Mediterranean Significant research has been done in recent years to explore how late Roman and post Roman cities towns and other localities communicated vis vis larger structural phenomena such as provinces empires kingdoms institutions and so on This research has contributed considerably to our understanding of the place of the city in its context but tends to portray the city as a necessarily subordinate conduit within larger structures rather than an entity in itself or as a hermeneutical object of enquiry Consequently not enough research has been committed to examining how local people and communities thought about engaged with and struggled against nearby or distant urban neighbors Urban Interactions addresses this lacuna in urban history by presenting articles that apply a diverse spectrum of approaches from archaeological investigation to critical analyses of historiographical and historical biases and developmental consideration of antagonisms between ecclesiastical centers Through these avenues of investigation this volume elucidates the relationship between the urban centers and their immediate hinterlands and neighboring cities with which they might vie or collaborate This entanglement and competition whether subterraneous or explicit across overarching political religious or other macro categories is evaluated through a broad geographical range of late Roman provinces and post Roman states to maintain an expansive perspective of developmental trends within and about the city *The History of the Medieval World* Susan Wise Bauer,2010-01-26 Chronicles the period between the 4th and 12th centuries when religion became the justification for political and military action a time that included the development of Islam the crowning of Charlemagne and the rise of the T ang Dynasty **The History of the Ancient World** Susan Wise Bauer,2007-03-17 A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own This is the first volume in a bold series that tells the stories of all peoples connecting historical events from Europe to the Middle East to the far coast of China while still giving weight to the characteristics of each country Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history Dozens of maps provide a clear geography of great events while timelines give the reader an ongoing sense of the

passage of years and cultural interconnection This old fashioned narrative history employs the methods of history from beneath literature epic traditions private letters and accounts to connect kings and leaders with the lives of those they ruled The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them [Salvation in the Gospel of Mark](#) Gabi Markusse,2018-06-28 The Gospel of Mark portrays Jesus making impossible demands on his disciples They must follow him even if it costs them their lives And unsurprisingly this proves to be impossible for them to do They fail drastically in Mark s narrative and run from the scene as Jesus is arrested Peter had been determined to stay by him unto death but even he was not able to admit to knowing Jesus at that crucial moment The strange thing is that Jesus made it clear that it is impossible to enter the Kingdom of God without this sort of radical discipleship In this narrative study of salvation in the Gospel of Mark this conundrum is studied closely with surprising results An investigation of various socio historical aspects of Mark s background elucidate the connection that Mark makes between the death of Jesus and the following of the disciples And a study of Mark s narrative as a whole shows that Mark provides hope for those without courage to follow If they continue to look and listen carefully the mystery will be unveiled to them **Joseph the Carpenter** Philip Walker Jacobs,2019-05-21 In this ground breaking examination of responses to Joseph the Carpenter Dr Jacobs offers fresh insight into the historic understanding and perception of this often forgotten figure Challenging assumptions about the ways Joseph was understood and perceived in the first several centuries of Christianity Jacobs begins his study with a thorough review of the earliest narrative portrayals of Joseph in the New Testament Subsequently he carefully traces the diverse responses to Joseph through the analysis of numerous works of art and narratives In the process he documents the presence of two trajectories one the most dominant which affirms the roles of Joseph presented in the nativity accounts and highlights his significance and another which diminishes these roles and consequently Joseph s significance While Jacobs s study documents the presence of tensions with respect to understanding and perception of Joseph within this period of Christianity it also reveals that Joseph had much more importance than has previously been acknowledged *Staging Doubt* Leonie Pawlita,2019-09-02 This volume considers the influential revival of ancient philosophical skepticism in the 16th and early 17th centuries and investigates from a comparative perspective its reception in early modern English Spanish and French drama dedicating detailed readings to plays by Shakespeare Calder n Lope de Vega Rotrou Desfontaines and Cervantes While all the plays employ similar dramatic devices for putting skepticism on stage the study explores how these dramas however give different answers to the challenges posed by skepticism in relation to their respective historico cultural and ideological contexts *The bibliographical miscellany [signed A.C.] 2 vols* Adam Clarke,1806 *An Account of the English Translations of All the Greek and Roman Classics, and Ecclesiastical Writers* Adam Clarke,1806 *A Bibliographical Dictionary ,1806*
