families who come to experience the area's hunting beside a local guide, a beautiful debutante expecting to be engaged by the week's end, and a promising female artist who believes she has meaningful ties to her wealthy hosts. But when temptations arise and passions flare, an evening of revelry and storytelling goes horribly awry. Lives are both lost and ruined.

1959 Reclusive painter Cleo Woodbine has lived alone for decades on Kingdom Come, a tiny strip of land once occupied by the servants for the great houses on nearby Cumberland. When she is visited by the man who saved her life nearly thirty years earlier, a tempest is unleashed as the stories of the past gather and begin to regain their strength.

Frances Flood is a folklorist who comes to Cumberland Island seeking the source of a legend and also information about her mother, who was among the guests at a long ago hunting party. Audrey Howell, briefly a newlywed and now newly widowed, is running a local inn. When she develops an eerie double exposure photograph, some believe she's raised a ghost, someone who hasn't been seen since that fateful night in 1932. Southern mythology and personal reckoning collide in this sweeping story inspired by the little known history of Cumberland Island, when a once in a century storm threatens the natural landscape. Faced with a changing world, two timelines, and the perspectives of three women intersect where a folktale meets the truth to reveal what Cumberland Island has hidden all along.

Historical women's fiction. Stand alone novel. Book length approximately 120,000 words. Includes discussion questions for book clubs.

Val Vega: Secret Ambassador of Earth Ben Francisco, 2024-02-05

REACTOR MAGAZINE NOTABLE YOUNG ADULT SCIENCE FICTION FANTASY AND HORROR OF 2024 BOOKLIFE'S BEST OF 2024 AND EDITOR'S PICK: A captivating heartfelt tale about family, diplomacy, and finding one's place in the universe. Kirkus Reviews starred review. Val Vega figured that in her junior year of high school, all she'd have to worry about was getting a decent score on the SATs, captaining the softball team, and figuring out her unrequited crush on her cute nonbinary bestie. Then Val discovers a family secret she never expected: her father, Umberto, is Earth's ambassador to an interstellar council of planets, and his unexpected death installs Val as his successor. Two Galactic empires are on the brink of war, and only Val can salvage interstellar peace. She has to hammer out treaties with giant jellyfish-shaped aliens that float like zeppelins, gets abducted by underground insurgents, and has to navigate the divisions of a colonized planet where telepathy puts every thought and every conflict out in the open. Her impossible task is even harder since Earth is known across the Galaxy as a violent, self-destructive backwater planet with intolerable humidity. Worse, she learns her uncle's death was no accident; he was assassinated, and the prime suspects are the three aliens Val trusted as her uncle's allies. Out of her depth and with the weight of two worlds on her shoulders, Val must solve her uncle's murder and bring peace to the Galaxy while helping her grieving family, managing the dramas of her friends, and getting a passing grade in trig.
