## **Of Graves Worms And Epitaphs:**

All the World's a Grave John Reed, 2008-08-26 An epic tragedy of love war murder and madness plucked from the pages of Shakespeare In All the World's a Grave John Reed reconstructs the works of William Shakespeare into a new five act tragedy The language is Shakespeare's but the drama that unfolds is as fresh as the blood on the stage Prince Hamlet goes to war for Juliet the daughter of King Lear Having captured Juliet as his bride by reckless war he returns home to find that his mother has murdered his father and married Macbeth Enter Iago who persuades Hamlet that Juliet is having an affair with Romeo As the Prince goes mad with jealousy King Lear mounts his army This play promises to be the most provocative and entertaining work to be added to the Shakespeare canon since Tom Stoppard's *Rosencrantz and Guildenstern Are Dead*

Hartley, 2021-01-12 A road map for addressing and resolving the debate surrounding Confederate monuments in the United States In recent years the debate over the future of Confederate monuments has taken center stage and caused bitter clashes in communities throughout the American South At the heart of the debate is the question of what these monuments represent The arguments and counterarguments are formulated around sets of assumptions grounded in Southern history politics culture and race relations Comprehending and evaluating accurately the associated claims and counterclaims calls for a careful examination of facts and legal considerations relevant to each side's assertions In *Monumental Harm* Roger C Hartley offers a road map to addressing and resolving this acrimonious debate Although history and popular memory play a vital role in the discussion there have been distortions of both parts *Monumental Harm* reviews the fact based history of the initial raising of these monuments and distinguishes it from the popular memory held by many Confederate monument supporters Hartley also addresses concerns regarding the potential erasure of history and the harm these monuments have caused the African American community over the years as well as the role they continue to play in politics and power The recent rise in White nationalism and the video recorded murders of Black citizens at the hands of White police officers have led to nationwide demonstrations and increased scrutiny of Confederate monuments on public land As injustice is laid bare and tempers flare the need for a peaceful resolution becomes ever more necessary *Monumental Harm* offers a way to break
