

Of Media And People

Pasquale De Marco

Of Media And People:

Of Media and People Everette E. Dennis, 1992-08-24 This book closely examines the relationship between media and people in critical areas such as global news media studies election races conflicts and crises and media industries The author links these areas with education business labour and the military and provides readers with an insider's view of the people who work for the media An important theme is the trend in communications towards convergence of all media into a single electronically based computer driven system The book also includes essays on economic issues and war news which integrate many of the themes introduced earlier

Making Sense of Media and Politics Gadi Wolfsfeld, 2022-03-17 In *Making Sense of Media and Politics* Gadi Wolfsfeld introduces readers to the most important concepts for examining the interrelationship of media and politics Five major principles are used to summarize the major arguments Political power can usually be translated into power over all forms of media When the powerful lose control over the political environment they also lose control over all forms of media Every political story that appears in every form of media is biased All forms of media are primarily dedicated to telling good stories which can have a major impact on political processes Many of the most important effects of the various forms of media on citizens tend to be unintentional and unnoticed By identifying these five key principles of political communication Wolfsfeld examines those who package and send political messages those who transform political messages into stories and the effects this can have on citizens and how the more active members of the public users can initiate their own stories The result is a brief engaging guide to help make sense of the wider world of media and politics and an essential companion to more in depth studies of the field New to the Second Edition Up to date coverage of major political events in the last decade including the landmark US elections of 2016 and 2020 Devotes more attention to the hybrid media system that has developed over the last decade providing a greater balance between traditional news and social media in particular Includes more cross national research especially in non Western and non democratic countries Refines the five principles of political communication to better reflect contemporary media trends Covers key emerging topics including misinformation and threats to democratic institutions new forms of political engagement and the economic base of the various forms of media

The Handbook of Media Audiences Virginia Nightingale, 2011-03-21 This handbook offers a comprehensive overview of the complexity and diversity of audience studies in the advent of digital media Details the study of audiences and how it is changing in relation to digital media Recognizes and appreciates valuable traditional approaches and identifies how they can be applied to and evolve with the changing media world Offers diverse perspectives from which being an audience theorizing audiences researching audiences and doing audience research are approached today Argues that the field works best by identifying particular audience problems and applying the best theories and research methods available to solving them Includes contributions from some of the most outstanding international scholars in the field

Young People and New Media Sonia Livingstone, 2002-04-24 Combining a comprehensive literature review

with original empirical research on young people's use of new media this book provides a fresh and in depth discussion of the increasingly complex relationship between the media and childhood the family and the home We can no longer imagine our daily lives without media and communication technologies At the start of the 21st century the home is being transformed into the site of a multimedia culture This book looks at the discussions around the potential benefits of this new media and asks What impact are the new media having on childhood and adolescence Are these technologies changing the nature of young people's leisure and sociability and has the participation of children in private and public life changed

The Rowman & Littlefield Handbook of Media Management and Business L. Meghan Mahoney, Tang Tang, 2020-12-15 The Rowman Littlefield Handbook of Media Management and Business connects research and industry practice to offer a strategic guide for aspiring and current media professionals in convergent environments As a comprehensive one stop reference for understanding business issues that drive the production and distribution of content that informs entertains and persuades audiences aims to inspire and inform forward thinking media management leaders The handbook examines media management and business through a convergent media approach rather than focusing on medium specific strategies By reflecting media management issues in the information entertainment sports gaming industries contributed chapters explore the unique opportunities and challenges brought by media convergence while highlighting the fundamental philosophy concepts and practices unchanged in such a dynamic environment this handbook examines media management through a global perspective and encourages readers to connect their own diverse development to a broader global context It is an important addition to the growing literature in media management with a focus on new media technologies business management and internationalization

The Place of Media Power Nick Couldry, 2002-01-04 This fascinating study focuses on an area neglected in previous studies of the media the meetings between ordinary people and the media Couldry explores what happens when people who normally consume the media witness media processes in action or even become the object of media attention themselves

Dictionary of Media and Communication Studies James Watson, Anne Hill, 2015-10-22 A comprehensive lexicon of all aspects of the study of interpersonal group mass communication and the world of internet communication

Mass Media, People, and Politics in Nigeria Luke Uka Uche, 1989 This Study Brings To The Fore The Precarious Predicament Of The Mass Media Of A Country Whose Political Culture Is Characterised By Divergent And Powerful Interest Groups With Insatiable Political And Economic Demands On The Larger Political Entity It Demonstrates How Nigeria's Development As A Nation State Has Similarly Influenced The Way And Manner Of The Organisation Administration And Contents Of Her Mass Media Systems

Media Unchained: The People's Fight for a Free Press Pasquale De Marco, 2025-05-13 Media Unchained The People's Fight for a Free Press explores the challenges facing the media today and discusses what can be done to ensure that we have a free and independent press The media play a vital role in our democracy They inform the public about important issues hold those in power accountable and provide a forum for

debate and discussion A free and independent press is essential for a healthy democracy as it helps to ensure that the public has access to the information they need to make informed decisions However the media landscape has changed dramatically in recent years The rise of the internet and social media has led to a proliferation of new voices and perspectives but it has also created new challenges for traditional media outlets The concentration of ownership in the media industry has led to a decline in diversity and a narrowing of the range of ideas that are presented to the public This has had a negative impact on our democracy as it has made it more difficult for citizens to make informed decisions about important issues In *Media Unchained The People's Fight for a Free Press* we will examine the role of media in a democracy the impact of media concentration and the rise of fake news We will also discuss the importance of media literacy and the need for media activism This book is essential reading for anyone who cares about the future of democracy It is a call to action for all of us to work together to ensure that we have a free and independent press that can serve the public interest If you like this book write a review on google books

Crisis Communications Peter Clarke, 2003-11-19 On September 11 2001 AT examine the effects of media globalization on terrorism and in many cases give specific advice for the future *Media, Ritual, and Identity* Elihu Katz, 1998 Content Description A tribute to Elihu Katz Includes bibliographical references **Dictionary of Media and Communications** Marcel Danesi, 2008-10-23 Equally accessible to college and high school students and the general public this authoritative reference provides a complete listing of media concepts figures and techniques with illustrations and historical commentaries Written by distinguished scholar and author Marcel Danesi and with an Introduction by Arthur Asa Berger a leading figure in the world of media and communications the dictionary also includes terms related to psychology linguistics aesthetics computer science semiotics culture theory anthropology and more that have relevance in media studies Each entry includes a definition in simple clear language an illustration where applicable and historical commentary who coined a term for example why who uses it etc A bibliography a directory of online resources and a time line of pop culture events that relate to media studies add to the dictionary's usefulness and appeal

Assessment of media development in Swaziland Hlatshwayo, Vuyisile Sikelela, 2017-12-31 **The SAGE Encyclopedia of Intellectual and Developmental Disorders** Ellen Braaten, 2018-01-29 This encyclopedia provides an inter disciplinary approach discussing the sociocultural viewpoints policy implications educational applications and ethical issues involved in a wide range of disorders and interventions **Handbook of Children and the Media** Dorothy G.
