Coaching, Sport and the Law Neil Partington, 2021-05-11 The interdependent coach athlete relationship represents the most fundamental instance of a duty of care in sport This book defines analyses and clarifies the duty of care incumbent upon sports coaches and identifies important recommendations of real world significance for coaching practice Given the dynamic relationship between coaching sport and the law it is imperative that coaches have an informed awareness of the evolving legal context in which they discharge their duty of care Detailed analysis of a coach s duty of care has so far been lacking The book addresses this gap by being the first to critically scrutinise the concept of duty of care in the specific context of sports coaching Sustained analysis of the developing case law allows the scope and boundaries of the particular duties demanded of coaches to be rigorously examined The legal principles and court decisions discussed relate to coaching delivered in a wide range of individual and team sports at both amateur and professional levels of performance and include common scenarios and challenges frequently encountered by sports coaches globally By adopting an interdisciplinary approach within a broader

sociolegal methodological framework this book's detailed analysis and original insights will prove highly instructive for practising coaches, coach educators and national governing bodies of sport. It also offers extremely valuable insights for students, teachers and practitioners involved in sports law, sports coaching, sports ethics, tort law, sports policy and development, sports studies and physical education.

Global Practices and Training in Applied Sport, Exercise, and Performance Psychology J. Gualberto Cremades, Lauren S. Tashman, 2016-05-20

Global Practices and Training in Applied Sport, Exercise and Performance Psychology offers case analysis as a vehicle to address issues and experiences in the application of sport exercise and performance psychology. SEPP and the supervision training of individuals to become professionals in the field. A follow up to *Becoming a Sport Exercise and Performance Psychology Professional* 2014, this book features a discussion of real world case examples which highlight various aspects of professional practice as well as supervision and training. Professionals from around the world including the United States and Canada, Europe, Asia, Africa and Australia share diverse experiences providing a uniquely in depth global perspective. The case studies contained in the book were selected to provide insight into specific elements of applied practice and supervision training through a global lens as well as demonstrate the value of incorporating case analysis and reflection into one's training and continued professional development. Case analysis is an essential part of learning and instruction. Beyond educating the reader about theories and research on related topics in the field, case analysis allows for more complex levels of learning including analysis, synthesis and evaluation of diverse scenarios. In Part I of this book the cases focus on applied SEPP practice. Part II is comprised of cases that focus on training and supervision. This book is essential reading for graduate students and neophyte professionals in the field for whom it is critical to learn how to effectively apply knowledge to real world sport exercise and performance psychology scenarios. In addition, the book is a useful resource for seasoned and expert practitioners and supervisors who can use case analysis as a means of continuing their professional development.
