**The Death Penalty** United Nations Social Defence Research Institute, 1988 **The End of Sacrifice** John Howard Yoder, 2011-09-01 John Howard Yoder 1927 1997 who was a professor at Notre Dame University and Associated Mennonite Biblical Seminary was one of the 20th century's leading theologians. Scholars continue to study his writings on pacifism and other subjects. *The End of Sacrifice* brings together four decades of Yoder's published and unpublished writings on capital punishment. He engaged in sophisticated biblical, sociological, and historical analysis in order to demonstrate that from ancient society until today, capital punishment is an inherently cultic sacrificial rite. Since the death of Jesus brought a decisive end to all sacrifices for sin, Yoder argues, Christians should proclaim the abolition of the death penalty. Its advocates should no longer claim biblical validation. In doing so, Yoder also makes a persuasive case for proactive Christian witness to the state. He calls the church to proclaim the end of sacrifice to public officials who are responsible for carrying out capital punishment. John Howard Yoder was unique in how he brings together both the biblical and sociological roots of the practice of capital punishment. Many Christian works focus on the former, whereas other works focus exclusively on the latter. John C. Nugent **Vengeance in Medieval Europe** Daniel Lord Smail, Kelly Gibson, 2009-01-01 How did medieval society deal with private justice, with grudges, and with violent emotions? This ground-breaking reader collects for the first time a number of unpublished or difficult-to-find texts that address violence and emotion in the Middle Ages. The sources collected here illustrate the power and reach of the language of vengeance in medieval European society. They span the early high and later middle ages and capture a range of perspectives, including legal sources, learned commentaries, narratives, and documents of practice. Though social elites necessarily figure prominently in all medieval sources, sources concerning relatively low status individuals and sources pertaining to women are included. The sources range from saints' lives that illustrate the idea of vengeance to later medieval court records concerning vengeful practices. A secondary goal of the collection is to illustrate the prominence of mechanisms for peacemaking in medieval European society. The introduction traces recent scholarly developments in the study of vengeance and discusses the significance of these concepts for medieval political and social history. **Rebel and a Cause** Theodore Hamm, 2001-11-20 Theodore Hamm uses the 1960 execution of Caryl Chessman as a lens for examining how politics and debates about criminal justice became a volatile mix that ignited postwar California. The effects of those years continue to be felt as the state's three strikes law and expanding prison construction program spark heated arguments over rehabilitation and punishment. Known as the Red Light Bandit, Chessman allegedly stalked lovers' lanes in Los Angeles. Eventually convicted of rape and kidnapping, he was sentenced to death in 1948. In prison, he gained

significant notoriety as a writer beginning with his autobiographical *Cell 2455 Death Row* 1954 In the following years Chessman presented himself not only as an innocent man but also as one rehabilitated from his prior life of crime He acquired an enthusiastic audience among leading criminologists liberal intellectuals and ordinary citizens many of whom engaged in protests to halt Chessman s execution Hamm analyzes how Chessman convinced thousands of Californians to support him and why Governor Edmund G Pat Brown who opposed the death penalty allowed the execution to go forward He also demonstrates the intrinsic limits of the popular commitment to the rehabilitative ideal Rebel and a Cause places the Chessman case in a broad cultural and historical context relating it to histories of prison reform the anti death penalty movement the popularization of psychology and the successive rise and decline of the New Left and the more enduring rise of the New Right
