Natale, 1997 Co published with the Oxford Philosophy Trust this first volume in a new series represents the work of the International Conference on Social Values This volume focuses on education as a separate discipline and addresses the issues such as teacher training corporate business school partnerships and the ethical behavior of academics in their roles as experts in litigation      *Biennial Report* Law School Admission Council, 1991      **ABA/LSAC Official Guide to ABA-Approved Law Schools** Wendy Margolis, Assistant Professor of Music Bonnie Gordon, Joe Puskarz, David Rosenlieb, 2006-04 This guide contains the most complete up to date accurate information available for all ABA approved law schools The two most authoritative sources for data and information on law schools the LSAC which administers the LSAT and the ABA which accredits the law schools have teamed up to provide a comprehensive law school guide featuring data and admission profiles that are available nowhere else      **Choice**, 1993      *LSAT*, 1992      **Teaching International Law in the 1990s** John King Gamble, 1993      **Official American Bar Association Guide to Approved Law Schools** American Bar Association, American Bar Association, 1998-03 For every pre law student pre law advisor and law office here is the only guide to law schools written and authorized by the American Bar Association Filled with information students need in order to choose a law school curriculum enrollment faculty degrees offered admission requirements tuition it also features vital statistics on bar passage rates and career placement Charts      **Chicano-Latino Law Review**, 1993      **ABA-LSAC Official Guide to ABA-Approved Law Schools, 2005 Edition** Law School Admission Council, 2004-04-05      **ABA-LSAC Official Guide to ABA-Approved Law Schools 2004** Law School Admission Council, 2003-03 This is the only Official Guide to all the American Bar Association ABA approved laws in the United States and it is the only one that contains up to date admission criteria and other essential admission information provided by the schools themselves The Official Guide is the one book in which each school tells its story so that you can compare and decide which schools are best for you      The Best Law Schools Thomas H. Martinson, 1993      **Affirmative Action in Law School Admissions** Jesse Rothstein, Albert Yoon, 2008 The Supreme Court has held repeatedly that race based preferences in public university admissions are constitutional But debates over the wisdom of affirmative action continue Opponents of these policies argue that preferences are detrimental to minority students that by placing these students in environments that are too competitive affirmative action hurts their academic and career outcomes This article examines the so called mismatch hypothesis in the context of law school admissions We discuss the existing scholarship on mismatch identifying methodological limitations of earlier attempts to measure the effects of affirmative action Using a simpler more robust

analytical strategy we find that the data are inconsistent with large mismatch effects particularly with respect to employment outcomes While moderate mismatch effects are possible they are concentrated among the students with the weakest entering academic credentials To put our estimates in context we simulate admissions under race blind rules Eliminating affirmative action would dramatically reduce the number of black law students particularly at the most selective schools Many potentially successful black law students would be excluded far more than the number who would be induced to pass the bar exam by the elimination of mismatch effects Accordingly we find that eliminating affirmative action would dramatically reduce the production of black lawyers
