half a century Black baseball players barred from the Major Leagues by systemic racism competed in leagues of their own. This book reinterprets the history of race in baseball from the ground up. It tells the story of how the Major Leagues became the Caucasian Leagues and names the person most responsible for their segregation, showing how Major League owners and executives tried to delay and even prevent integration and proving using a broad range of methods that Negro League players were every inch the equals of their Major League counterparts. Cherished records held by white players since the days of segregation are shown to belong rightfully to Negro League superstars. This book takes a fresh look at a subject that is both straight from today's headlines and as old as baseball itself.

Hawai'i Sports Dan Cisco, 1999-01-01 Traces the history of Hawaiian sports and lists local records.

Dodgerland Michael Fallon, 2016-06-01 The 1977-78 Los Angeles Dodgers came close. Their tough lineup of young and ambitious players squared off with the New York Yankees in consecutive World Series. The Dodgers run was a long time in the making after years of struggle and featured many homegrown players who went on to noteworthy or Hall of Fame careers including Don Sutton, Steve Garvey, Davey Lopes, and Steve Yeager. *Dodgerland* is the story of those memorable teams as Chavez Ravine began to change, baseball was about to enter a new era, and American culture experienced a shift to the me era. Part journalism, part social history, and part straight sportswriting, *Dodgerland* is told through the lives of four men, each representing different aspects of this L.A. story. Tom Lasorda, the vocal manager of the Dodgers, gives an up-close view of the team's struggles and triumphs. Tom Fallon, a suburban small business owner, witnesses the Dodgers season and the changes to California's landscape, physical, social, political, and economic. Tom Wolfe, a chronicler of California's ever-changing culture, views the events of 1977-78 from his Manhattan writer's loft. And Tom Bradley, Los Angeles's mayor and the region's most dominant political figure of the time, gives a glimpse of the wider political, demographic, and economic forces that affected the state at the time. The boys in blue drew baseball's focus in those two seasons, but the intertwining narratives tell a larger story about California, late 1970s America, and great promise unrealized.

Record Profiles of Baseball's Hall of Famers John A. Mercurio, 1990 This compilation of information includes detailed profiles of every playing member of the Hall of Fame, featuring photos, the records they set, key statistics, and career summaries.

Photographs Behind the Lines Margaret Jones Patterson, Robert H. Russell, 1986 Patterson provides an insight into what happens when an investigative project is undertaken and what roles editors, publishers, and newspapers themselves play. Analyzing six recent widely acclaimed investigative stories, the book answers the questions: How did the idea for the story originate? How was the information found? How were the stories written and edited? And what were the results of the investigation? The author considers ethical dilemmas as well, such as the unattributed sources, the use of deception, and misrepresentation, and how reporters must keep personal feelings from interfering with their work. This story of investigative reporting is told through interviews with reporters, editors, and publishers involved in these award-winning series. ISBN 0 3231 06058 0 28 50
