Rodríguez-Merino, 2022-12-30. This book investigates how Uyghur-related violent conflict and Uyghur ethnic minority identity, religion, and the Xinjiang region more broadly became constituted as a terrorism problem for the Chinese state. Building on securitization theory, Critical Terrorism Studies (CTS), and the scholarly definitional debate on terrorism, it develops the concept of terroristization as a critical analytical framework for the study of historical processes of threat construction. Investigating the violent events reported in Xinjiang since the early 1980s, the evolving discursive patterns used by the Chinese state to make sense of violent incidents and the crackdown policies that the official terrorism discourse has legitimized, the book demonstrates how the securitization and later terroristization of Xinjiang and the Uyghurs is the result of a discursive and political choice of the Chinese state. The author reveals the contingent and unstable nature of such

construction and how it problematizes the inevitability of the rationale behind China's war on terror that has prescribed a brutal crackdown as the most viable approach to governing the tensions that have historically characterized China's rule over the Turkic Muslim ethnic minorities in Xinjiang. This book will be of interest to scholars and students of the politics of contemporary China, security and ethnic minority issues, International Relations and Security, as well as those adopting discursive approaches to the study of security, notably those within the critical security and terrorism studies fields. **Far Eastern Economic Review**, 1995. *Encyclopedia of Life Writing* Margaretta Jolly, 2013-12-04. Isolated by the Taklamakan Desert to the north and the Tibetan wastes to the south, the region has remained largely ignored since the desperate forays of a handful of Victorian explorers. **Forbidden Journey** Ella K. Maillart, 2006-11. *Forbidden Journey* is the awe-inspiring story of Ella Maillart and Peter Fleming's trip from Peking in China to Srinagar in India, crossing hostile deserts and high Himalayan passes. This travel book is full of accounts of the people who inhabited this wild and vast land, living in a way that had not changed in a thousand years. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high-quality modern editions using the original text and artwork. Xinjiang, the Silk Road Wei-quan Weng, 1986. In this superb photographic study, film-maker Peter Yung presents a breath-taking view of one of the most exotic areas of China: Xinjiang province, the westernmost region of the country. It was here over 2,000 years ago that the Silk Road first linked China to the outside world. Once the main thoroughfare for the exchange of goods, culture and art between China, the Middle East and Europe, it was also along this route that the great religions of Buddhism and later Islam were to enter China. Even today, Xinjiang is still a stronghold of Islam. Yung has had the rare opportunity to travel extensively throughout Xinjiang and to penetrate some of its remotest landscape, dominated by vast expanses of desert and spectacular mountain ranges, but also the colorful lifestyles of its minorities' population. The province is home to over ten different tribes, as well as Han Chinese, and in a brief but fascinating text, he describes the rich history and customs of the Uygur people and the nomadic Kazak and Tajik. **Exploring Xinjiang** Patrick Wallace, 2010. In 2002, an American teacher full of dreams of the Silk Road and visions of adventure brought his family to Xinjiang, China's westernmost outpost. In Xinjiang, they were the only Western family in eight hundred miles, but lived a

comparatively normal life one full of yurts yak yoghurt and camel rides
