America First! Bill Kauffman, 2016 Bill Kauffman described by the Washington Post as having the pleasantly wicked touch of H L Mencken examines the cultural factors and political schisms of 20th century American nationalism He weaves a fascinating tale that links Sinclair Lewis to NAFTA The Best Years of Our Lives to Ross Perot and the Old Right to the New Left He discusses the Perot phenomenon the presidential campaign and the influence of Pat Buchanan the impact of free trade agreements the film industry of the 1930s and a fascinating cast of characters and causes in what is sure to be controversial reading As Gore Vidal notes in his foreword By studying our history Kauffman has latched on to some interesting facts as opposed to opinions that completely turn inside out the tedious liberal versus conservative debate or grunting contest just the sort of wake up call needed for anyone in search of a better understanding of the richly complex roots of the contemporary America First movement For the People News Reporter Bill Kauffman deserves much credit for the good he has done in revising some of the cliches dominating the media that have distorted our sense of American history Kauffman has made an important and very readable contribution Chronicles a highly relevant and readable book from start to finish The Freeman some of the most enjoyable and fascinating reading to be found If you read only one political history book here it is Booklist perceptive and nearly always provocative The Tragedy of American Isolationism **Hamlin Garland** Jean Holloway, 2014-12-15 Hamlin Garland's Main Travelled Roads is recognized as one of the early landmarks of American literary realism But Garland's shift in mid career from the harsh verisimilitude of *Prairie Folks* and *Prairie Songs* to a romanticizing of the Far West and from ardent espousal of the principles of veritism to violent denunciations of naturalism is a paradox which has long puzzled literary historians In tracing the evolution of Garland's work the various reactions of his stories under the influence of editorial comment and of contemporary critical reaction Jean Holloway suggests that the Garland apostasy was an illusion produced by his very intellectual immobility amidst the swirling currents of American thought His extensive correspondence with Gilder of the Century Alden of Harper's Monthly McClure of McClure's and Bok of the Ladies Home Journal is adduced in support of the thesis that the writer's choices of subject and of treatment were psychologically forced rather than conditioned primarily by literary theory As a subject for biography however Garland has an appeal far beyond the scope of his literary influence The friendships of this gregarious peripatetic with the famous began with Howells Twain Whitman and Stephen Crane stretched down the years to include such younger men as Bret Harte and Carl Van Doren and crossed the seas to embrace such British literary lions as Barrie Shaw and Kipling Garland's fervent

espousal of causes the Single Tax Movement psychic experimentation Indian rights brought him into close contact with other prominent men Henry George Theodore Roosevelt and William Jennings Bryan These public figures form the incidental characters in Garland's spate of autobiographical works Yet it is the central figure of his own story which has become permanently identified with the Middle Border that region between the land of the hunter and the harvester which Augustus Thomas defined as wherever Hamlin Garland is In *A Son of the Middle Border* Garland nostalgically recreated his boyhood on the frontier and regardless of the detractions of literary critics preserved for posterity an important segment of American social history *Farmer-to-consumer Direct Marketing Act* United States. Congress. Senate. Committee on Agriculture and Forestry. Subcommittee on Agricultural Production, Marketing, and Stabilization of Prices, 1976

illuminate the life of this often misunderstood and misrepresented writer Although Crane is widely regarded as a major American author conclusions about his life work and thought remain obscure due to the difficulties in separating fact from fiction His first biographer recorded mostly vague impressions and to mythologize his subject invented a multitude of the episodes and letters used in his account of Crane s life Subsequent biographies were either cursory summations or compendiums of verifiable facts Crane himself was both reclusive and mercurial protective of his inner life while projecting a variety of personae to suit others A flamboyant personality and close friend of writers such as William Dean Howells Henry James and Joseph Conrad Crane made telling impressions on his contemporaries They often constitute the best assessments of Crane s own personality and work The 90 reminiscences gathered here offer a much needed account of Crane s life from a variety of viewpoints as well as important information about the contributors themselves **Extension Bulletin** ,1925
