Tourism Jennifer Laing, Warwick Frost, 2014-08-04 This book examines the nexus between exploring and tourism and argues that exploration travel based heavily on explorer narratives and the promises of personal challenges and change is a major trend in future tourism In particular it analyses how romanticised myths of explorers form a foundation for how modern day tourists view travel and themselves Its scope ranges from the Golden Age of imperial explorers in the 19th and early 20th centuries through the growth of adventure and extreme tourism to possible future trends including space travel The volume should appeal to researchers and students across a variety of disciplines including tourism studies sociology geography and history

Safari Based Theology Dr. Enos Lwamba, 2012-12-21 In *Safari based Theology* Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation *The Safari Motif in the Development of Theology in Africa* Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis *The African Concept of Time* and Paul Hieberts *The Flaw of the Excluded Middle* the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also

draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines The Explorer's Notebook Pasquale De Marco,2025-05-11 The Explorer s Notebook is an immersive exploration of Tanzania a land of breathtaking beauty captivating cultures and awe inspiring wildlife Through vivid descriptions captivating anecdotes and stunning photography Pasquale De Marco brings the wonders of Tanzania to life inviting readers to embark on an unforgettable journey to the heart of Africa From the vast savannas of the Serengeti to the snow capped peaks of Mount Kilimanjaro Tanzania offers a kaleidoscope of natural wonders Readers will encounter the Big Five lions elephants leopards rhinos and buffaloes roaming freely in the Serengeti National Park and witness the annual wildebeest migration one of the most spectacular natural events on Earth The Ngorongoro Crater a UNESCO World Heritage Site is home to a diverse array of wildlife including the endangered black rhinoceros Beyond its wildlife Tanzania is a land of vibrant cultures and traditions The Maasai people with their distinctive red robes and elaborate beadwork have preserved their ancient way of life for centuries Visitors can immerse themselves in Maasai culture by visiting their traditional villages and learning about their customs and beliefs The Swahili coast with its rich history and cultural influences offers a glimpse into Tanzania s past as a crossroads of trade and exploration The Explorer s Notebook is not just a travel guide it s an invitation to explore the soul of Africa With its comprehensive coverage of Tanzania s natural and cultural wonders the book provides readers with everything they need to plan their own African adventure Whether you re an armchair traveler or an experienced adventurer this book will inspire you to create memories that will last a lifetime So pack your bags prepare for the unexpected and get ready to be amazed by the wonders that await you in Tanzania Let The Explorer s Notebook be your guide as you explore the untamed beauty vibrant cultures and unforgettable experiences that make Africa the ultimate destination for the curious and adventurous If you like this book write a review on google books
