Safe Spaces Pamela T. Barber-Freeman,2023-03-08 This book is comprised of various safe spaces through theological virtues for those of us on this Christian journey The term safe space is often used with social justice and free speech Safe space refers to a place or environment in which a person or category of people can feel confident that they will not be exposed to discrimination criticism harassment or any other emotional or physical harm This book also includes personal stories and biblical stories created as theological virtues built on safe spaces that were created by GOD for our life s journey Each chapter in the book includes a narrative personal and biblical stories scriptures and prayers relative to each safe space In the years it took me to write this book I ve experienced some unbelievable challenges and barriers that took concentrated practice reading and prayer to develop safe spaces In fact I ve had some pains in my life that took years to heal and it s only by understanding the theological virtues of being a Christian that enabled me to walk through this journey without losing my mind becoming an alcoholic or drug addict or even just giving up on life These life experiences are the foundation for the theological virtues presented in this book as safe spaces However finding my safe space grounded in theological virtues enabled me to endure heartbreak engage in new endeavors and embrace life s journey I pray that you receive the same freedom in finding your safe space

Queering Safe Spaces Son Vivienne,2023-02-13 Queering Safe Spaces explains how safe spaces are determined by those with privilege and power those who choose to invite us in or leave us out Whether we encounter boundaries at national borders bathrooms or birth certificates our personal safety and well being are at stake Gender diverse and queer non binary people have bodies brains and hearts that challenge traditional ways of being male female gay straight Black white good and bad These practitioners at the interfaces of policy architecture art curation group work sex work and tattooing explore cancel culture and free speech considering what it takes to be brave In these times of global conflict and binary oppositions there is urgent need for accessible and inclusive spaces everywhere To listen and speak across the ideological voids that divide us we must understand the differences that underpin our feelings of safety and discomfort *Digest of the United States Supreme Court Reports* ,1928
