Safe Conduct An Early Autobiography Ot:

Frank O'Hara and the Poetics of Saying 'I' Micah Mattix, 2011-03-03 While recent works of criticism on Frank O'Hara have focused on the technical similarities between his poetry and painting or between his use of language and poststructuralism Frank O'Hara and the Poetics of Saying I argues that what is most significant in O'Hara's work is not such much his borrowing from painters or his proto-Derridean use of language but his preoccupation with self-exploration and the temporal effects of his work as artifacts Following Pasternak's understanding of artistic inspiration as an act of love for the material world O'Hara explores moments of experience in an effort to both complicate and enrich our experience of the material world On the one hand in poems such as *Second Avenue* for example O'Hara works to muddy language through which experience is in part mediated with the use of parataxis allusions and absurd metaphors and similes On the other in his *I do this I do that* poems he names the events of his lunch hour in an effort among other things to experience time as a moment of fullness rather than as a moment of loss The book argues furthermore that O'Hara's view of the self as both an expression of the creative force at work in the world and as the temporal aggregate of finite experiences places him between so-called Romantic and postmodern theories of the lyric While it is often argued that O'Hara is a forerunner of a new critically informed materialist poetics this study concludes that O'Hara's work is somewhat less radical in its understanding of poetic meaning than is often claimed Moreover while O'Hara is preoccupied with his experience in his poems the book argues that he espouses in some respects a rather traditional view of love In addition to being a metaphor for the creative act love for O'Hara is the chance coming together of two entities Yet one of the ironies of this is that while love is for O'Hara a feeling that is the result of movement or the unexpected coming together of two otherwise separate entities

[Reference Guide to Russian Literature](#) Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public

The Time Before Death Constantin V. Ponomareff, 2013 This collection of fifteen essays deals with the literary memoirs of major twentieth-century writers and focuses on the spiritual physical and moral devastation of 20th-century life They are comparative and cross-cultural There is no other collection of essays with this range brought under one cover

[John Ashbery and American Poetry](#) David Herd, 2024-07-30 David Herd sets out to provide readers with a new critical language through which they can appreciate the beauty and complexity of Ashbery's writing Presenting the poet in all his forms avant-garde nostalgic sublime and camp the book argues that the perpetual inventiveness of Ashbery's work has always been underpinned by the poet's desire to write the poem fit to cope with its occasion Tracing Ashbery's development in the light of this idea and from its origins in the dazzling artistic environment of 1950s New York the book evaluates his poetry against the aesthetic literary and historical backgrounds that have informed it The story of a brilliant career and a history of the period in which that career has taken shape *John Ashbery and American Poetry* provides

a compelling account of Ashbery's importance to Twentieth Century Literature Stalin and the Literary Intelligentsia, 1928-39 A. Kemp-Welch, 2016-07-27 Stalin's fascination with writers was fully reciprocated as the many Odes to Stalin show. During the 1970s a hugely elaborated system was established for the regulation of belles lettres based on institutions, ideas and individuals. This original study, ten years in preparation, is based on extensive access to Soviet archives. Much new evidence has been uncovered about the inner workings of cultural policy in the Stalin period and documents by Stalin himself are published for the first time. The Routledge Encyclopedia of Jewish Writers of the Twentieth Century Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study. This volume examines canonical Jewish writers, less well known authors of Yiddish and Hebrew and emerging Israeli writers. Includes entries on figures as diverse as Marcel Proust, Franz Kafka, Tristan Tzara, Eugene Ionesco, Harold Pinter, Tom Stoppard, Arthur Miller, Saul Bellow, Nadine Gordimer and Woody Allen. Contains introductory essays on Jewish American writing, Holocaust literature and memoirs, Yiddish writing and Anglo Jewish literature, provides a chronology of twentieth century Jewish writers. Compiled by expert contributors, this book contains over 330 entries on individual authors, each consisting of a biography, a list of selected publications, a scholarly essay on their work and suggestions for further reading. **Nietzsche and Soviet Culture** Bernice Glatzer Rosenthal, 1994-09-22 This 1994 pioneering study documents the extent and diversity of the impact of Nietzschean ideas on Soviet literature and culture. It shows how these ideas, unacknowledged and reworked, entered and shaped that culture and stimulated the imagination of both supporters and detractors of the regime. First, how does one define a novel? And second, what is the relationship between this genre and understandings of modernity? In *Forms of Modernity*, Rachel Schmidt examines how seminal theorists and philosophers have wrestled with the status of Cervantes' masterpiece as an exemplary novel, in turn contributing to the emergence of key concepts within genre theory. Schmidt's discussion covers the views of well-known thinkers such as Friedrich Schlegel, José Ortega y Gasset and Mikhail Bakhtin, but also the pivotal contributions of philosophers such as Hermann Cohen and Miguel de Unamuno. These theorists' examinations of Cervantes' fictional knight-errant character point to an ever-shifting boundary between the real and the virtual. Drawing

from both intellectual and literary history *Forms of Modernity* richly explores the development of the categories and theories that we use today to analyze and understand novels **Taxidermy, bibliography and biography** William Swainson, 1840
