

# IT'S GARDENING & YARDWORK TIME.

## 10 Helpful Hints To Prevent Injuries

- 1. Warm up before you begin.**  
Get your heart rate up by taking a 10-minute walk followed by some stretches for your upper and lower back, neck, arms and legs.
- 2. Don't overdo it.**  
Be mindful of how your body feels. If you experience an aching back or neck, then slow down and stretch or stop and switch to a different task.
- 3. Use a cart or wheelbarrow.**  
To move heavy gardening or landscaping materials or tools from one area to another.
- 4. Don't kneel on both knees.**  
Keep one foot on the ground to give your back more stability. If you have to kneel, use kneepads or a pillow to absorb some of the pressure.
- 5. Change positions and take frequent rest breaks.**  
And stretch to avoid stiffness or cramping.
- 6. Start with smaller projects and build gradually.**  
Don't try to do it all of your projects in one day.
- 7. Keep your "BOX" square.**  
This is the area on your abdomen between your rib cage and front pelvic bones.
- 8. Practice proper body mechanics.**  
Bend your knees and contract your abdominal muscles to avoid straining your back.
- 9. Cool down at the end your session.**  
Take a short walk or do some light stretching. You can take a warm bath or enjoy your outdoor shower to help prevent next-day soreness.
- 10. If you experience pain, contact your physical therapist, chiropractor or other qualified healthcare practitioner.**

Most of all, be sure you enjoy the sunshine, the fresh air and your time with your loved ones.
