Narrativizing Theories Benjamin John Peters, 2020-02-06 Ours is an age of offense a time of reactionary shock always received never given Ours is an age that has forgone cultural narratives a time of individualism wherein personal identities trump the collective spirit Ours is an age of failing earth a time of ecological collapse yet the consumption of global capitalism continues to run amok But don't fear You have the correct worldview the best solutions It's not your fault these things are happening It's the president's the immigrant's and the Islamicist's Or perhaps It's the socialist's the tree hugger's and the baby killer's But it's not your fault Never yours For the world exists as you see it in an echo chamber lined with golden pixels Do I still have your attention Then join me Within the covers of Narrativizing Theories I dive into ambiguity and aesthetics to depict how clashing worldviews exist side by side yet remain mutually incompatible I examine how cultures distinguish between acceptable and unacceptable beliefs embodiments and identities And I outline an aesthetic
