Act of Consciousness Adamus Saint-Germain,Linda Benyo Hoppe,Geoffrey Hoppe,2015-03-20 Life is an act We act like humans and therefore we experience like humans with a litany of limitations shortcomings and drama that mask our underlying angelic consciousness It s an unnatural act that we have come to accept as reality In *Act of Consciousness* Ascended Master Adamus Saint Germain begins by explaining the metaphysics of energy He defines the difference between consciousness and energy and makes the clear point that we are beings of consciousness not energy and that the passion of our pure consciousness attracts energy from the unified field to manifest our reality Adamus defines the four primary levels of energy including Core soul Crystalline Cosmic and Earth while educating the reader about how the various levels are used by our consciousness to manifest our stage of life Adamus implores the reader to act like a Master rather than acting like a less than perfect human This act will literally change the type of energy being attracted into the reader s life and therefore change the reality theatre one exists within Some readers will question this approach saying It s not real because it s just an act to which Adamus will reply But everything in your life is just an act so why not act like a prosperous healthy and wise Master This will change the theatre of your life but the real question is Are you really ready for a substantial change or are you just trying to tidy up your current stage It s a remarkably simple and effective approach to an otherwise mental and laborious process of becoming your full potential *Act of Consciousness* will make you laugh make you angry and make you question your old beliefs about how reality is created and experienced By the time you read Saint Germain s last words you will cry a few tears of joy and relief to know that life is as easy as an *Act of Consciousness* Saint Germain had many notable

past lives including that of William Shakespeare and Mark Twain Samuel Clemens These lifetimes gave him an appreciation for the theatre acting and story telling Book length Approximately 30 000 words
