Saint Sophia:

The Logic of Divine Creation , Saint Benedict, Montecassino, and the Crisis of Ninth-Century Southern Lombards in Early Medieval Cassinese Memory Luigi Andrea Berto, 2025-05-30 The dissolution of the Lombard political unity in southern Italy and the Muslim military activities in that area rendered the ninth century a crucial yet troubled period for the history of this part of the Italian peninsula The abbey of Montecassino was deeply affected by those events as well Its riches in fact made it an easy target for the Muslims who after imposing heavy tributes on the monastery pillaged and destroyed it in 883 Several years had to pass before Saint Benedict's monks could return to Montecassino In the difficult period of exile they put a lot of effort in the reconstruction of their community's identity as well as in reaffirming its role as repository of southern Italy's memory In this process of reconstruction the texts known as The Chronicles of Saint Benedict of Cassino had the fundamental task of describing as well as explaining the events that had provoked the crisis of southern Lombard Italy Using a topical approach and presenting the English translation and the Latin text of excerpts from The Chronicles of Saint Benedict of Cassino this volume examines how the Cassinese historians narrated that tragic period and at the same time mentioned the glorious times of Saint Benedict's foundation of Montecassino Saint Benedict Montecassino and the Crisis of Ninth Century Southern Lombards in Early Medieval Cassinese Memory will appeal to scholars and students of early medieval southern Italy as well as all those interested in medieval Europe and the medieval Mediterranean The Golden Horde and the Rise of Moscow Ann Byers, 2016-07-15 The outermost khanate of the Mongol Empire was the Golden Horde which conquered the Rus in northwestern Russia in the thirteenth century and continued to rule there in some capacity until the Russian Empire annexed Crimea the khanate's last holdout in 1783 Despite vast cultural and geographic differences between Rus and the Mongols traditional homeland on the steppes of Central Asia the Golden Horde flourished with Moscow becoming the dominant principality This fascinating and little known history is related in thrilling panoramic narrative detail and includes profiles of Rus leaders such as Alexander Nevsky and Daniel of Moscow **Russian Travelers to Constantinople in the Fourteenth and Fifteenth Centuries** George P. Majeska, 1984 **The Golden Legend** Jacobus de Voragine, 2012-04-22 Depicting the lives of the saints in an array of factual and fictional stories The Golden Legend was perhaps the most widely read book after the Bible during the late Middle Ages It was compiled around 1260 by Jacobus de Voragine a scholarly friar and later archbishop of Genoa whose purpose was to captivate encourage and edify the faithful while preserving a vast store of information pertaining to the legends and traditions of the church In this translation the first in English of the complete text William Granger Ryan captures the immediacy of this rich work which offers an important guide for readers interested in medieval art and literature and more generally in popular religious culture Arranged according to the order of saints feast days these fascinating stories are now combined into one volume This edition also features an introduction by Eamon Duffy contextualizing the work **The Catholic Encyclopedia** Charles George

History Yu Soroka,2019-11-19 The history of Ukraine resembles a half uncharted map This is not a mere coincidence but the result of the deliberate public policy Hundreds of various people serving their mother countries have been working hard on those blank spots for centuries Those myth and fake news makers have done their best to make our history as well as Ukraine itself look in descendants eyes the way preferred by those who tried to assimilate the heritage of Kyivan Rus However time always puts everything in its place So this book is an attempt to collect the events that have shaped the Ukraine we know today and will promote its further development We sought to focus on positive events in Ukrainian history in other words on victories The image of our country as a helpless continuously suffering victim that always sings sad songs and is incapable of confronting external pressure has been exploited for a long time In fact an insight into the actual history of Ukraine proves this image to be false The voice of the past provides us with dozens of chronicles documents and historical studies Courageous heroes strong warriors talented artists prominent statesmen unrivalled philosophers and scholars those have been the people creating our history And naturally they and their achievements must be revealed and popularized This work is an effort to unite in a single volume the highlights of our historic heritage and show that against all odds Ukraine remembers its past and intends to build its own bright future considering the extensive rich experience that has been gained

The Medieval Mediterranean between Islam and Christianity Sami Luigi De Giosa,Nikolaos Vryzidis,2025-05-13 Christian Islamic encounters through religious arts architecture and material culture in the medieval era The coexistence of Christianity and Islam in the medieval Mediterranean led to an interchange of knowledge in architecture and material culture that went well beyond religious and geographical boundaries The use of Islamic objects in Christian contexts the conversion of churches into mosques and the mobility of craftsmen are only some manifestations of this process From crosses
