Saints Barsanuphius And John Questions And Answers:

The Letters of Barsanuphius and John John Chryssavgis, 2022-06-02 Revealing unexpected truths about early desert spirituality this volume argues that the lives of Barsanuphius and John relate closely to contemporary urban communities and how clergy tackle social challenges The early Desert Fathers and Mothers have exercised a particular charm and appeal in recent years but they have often been portrayed as inaccessible and eccentric figures in the history of monastic spirituality John Chryssavgis argues that the elders have an unusual capacity to reach into the depths of the heart to reveal the extraordinary in the very ordinary and that the correspondence between Barsanuphius and John offers an unparalleled glimpse into the sixth century religious political and secular world It opens with an exploration into the historical context of Palestinian monasticism followed by an evaluation of the fundamental principles and practices of Barsanuphius and John

St. Maximus the Confessor's "Questions and Doubts" Saint Maximus the Confessor, 2021-08-15 Despina D Prassas's translation of the Quaestiones et Dubia presents for the first time in English one of the Confessor's most significant contributions to early Christian biblical interpretation Maximus the Confessor 580-662 was a monk whose writings focused on ascetical interpretations of biblical and patristic works For his refusal to accept the Monothelite position supported by Emperor Constans II he was tried as a heretic his right hand was cut off and his tongue was cut out In his work Maximus the Confessor brings together the patristic exegetical aporiai tradition and the spiritual pedagogical tradition of monastic questions and responses The overarching theme is the importance of the ascetical life For Maximus askesis is a lifelong endeavor that consists of the struggle and discipline to maintain control over the passions One engages in the ascetical life by taking part in both theoria contemplation and praxis action To convey this teaching Maximus uses a number of pedagogical tools including allegory etymology number

symbolism and military terminology Prassas provides a rich historical and contextual background in her introduction to help ground and familiarize the reader with this work

Holy Bishops in Late Antiquity Claudia Rapp, 2013-05-01 Between 300 and 600 Christianity experienced a momentous change from persecuted cult to state religion One of the consequences of this shift was the evolution of the role of the bishop as the highest Church official in his city from model Christian to model citizen Claudia Rapp's exceptionally learned innovative and groundbreaking work traces this transition with a twofold aim to deemphasize the reign of the emperor Constantine which has traditionally been regarded as a watershed in the development of the Church as an institution and to bring to the fore the continued importance of the religious underpinnings of the bishop's role as civic leader Rapp rejects Max Weber's categories of charismatic versus institutional authority that have traditionally been used to distinguish the nature of episcopal authority from that of the ascetic and holy man Instead she proposes a model of spiritual authority ascetic authority and pragmatic authority in which a bishop's visible asceticism is taken as evidence of his spiritual powers and at the same time provides the justification for his public role In clear and graceful prose Rapp provides a wholly fresh analysis of the changing dynamics of social mobility as played out in episcopal appointments

The Monastic School of Gaza Brouria Bitton-Ashkelony, Aryeh Kofsky, 2006-02-01 This book studies one of the most striking chapters in the history of late antique monastic culture provided by the monastic legacy of Gaza A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century

producing a wealth of literary works In this diverse and exciting literary corpus especially in the unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes of hagiography this corpus exposes the psychological tensions moods frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity **The Power of the Name** Kallistos Ware, 2022 Fairacres Publications 43 Re printed many times since it was first published and translated into numerous languages this book by METROPOLITAN KALLISTOS WARE OF DIOKLEIA is an invaluable guide at every stage of spiritual pilgrimage It is a classic exposition of the Jesus Prayer and its use in the Hesychast Orthodox tradition of the prayer of stillness and the author shows how anyone who prays can apply this teaching to themselves

Repentance in Late Antiquity Alexis Torrance,2013 This study provides a fresh perspective on the concept of repentance in early Christianity Alexis Torrance focuses on writings by several ascetic theologians of the fifth to seventh centuries and also examines texts from Scripture early Christian treatises and homilies apocalyptic material and canonical literature
