On Vulnerability Patrick Brown, 2021-07-12 On Vulnerability maps out an array of perspectives for critically examining the nature of vulnerability its unequal patterning across different social groups alongside the everyday social processes that render us vulnerable interactions identity and group dynamics Each chapter equips the reader with a particular sensitising framework for navigating and questioning what it means to be vulnerable or how people cope amid vulnerability From deviance stigma and the spoiling or fracturing of identity to perspectives such as intersectionality risk emotions and the vulnerable body the book traces the theoretical roots of these different analytical lenses before applying

these through illuminating examples and case studies Drawing on scholarship across more interpretative analytic and critical traditions the chapters combine into a multi dimensional toolkit which will enable the study of the cultural meanings of vulnerability the political economic factors that shape its patterning with a critical sensibility for unlearning many assumptions therefore challenging our sense of who is or who can be vulnerable This book is designed to equip undergraduate and post graduate students and researchers across the social health and human sciences aiding them as they study and question the experiences and structures of vulnerability in our social world

Afflictions Robert Lemelson, Annie Tucker, 2017-07-26 This book is one of the first to integrate psychological and medical anthropology with the methodologies of visual anthropology specifically ethnographic film It discusses and complements the work presented in *Afflictions Culture and Mental Illness in Indonesia* the first film series on psychiatric disorders in the developing world in order to explore pertinent issues in the cross cultural study of mental illness and advocate for the unique role film can play both in the discipline and in participants lives Through ethnographically rich and self reflexive discussions of the films their production and their impact the book at once provides theoretical and practical guidance encouragement and caveats for students and others who may want to make such films

Demography, State and Society Enda Delaney, 2000-11-21 Enda Delaney argues that migration to Britain was qualitatively different from that to North America and that transience was the overriding characteristic of Irish migrant experience in the twentieth century He provides an analysis of reasons for large scale migration in the process answering the important question of why so many people left Ireland *Demography State and Society* focuses on a number of vital themes many rarely mentioned in previous studies state policy in Ireland official responses to migration in Britain gender dimensions individual migrant experience patterns of settlement in Britain and the crucial phenomenon of return migration It offers much that will be of interest to scholars students and general readers in Irish migration as well as those in the wider fields of modern British and Irish history and migration studies

Belief, Behavior, and Health Sandra D. Lane, 2024-10-03 This book uniquely examines across cultures the health benefits and detriments of religious beliefs with important implications for individual wellbeing and human survival *Belief Behavior and Health* takes the reader through journeys of the author s research in the Middle East Africa and the urban United States where she focused on the unequal health and survival of women globally and vulnerable groups in the United States Almost every health problem especially those experienced by the poor and disadvantaged arose from or was made worse by the conditions in the environment in which people lived Lane s detailed studies of beliefs about Judaism Christianity and Islam led to the author s deep observations on how religious belief and practice as well as discrimination due to religious prejudice can be a major influence on health both positively and negatively In this book Lane shows how religious precepts and cultural influences on religious behavior function as social determinants of health An accessible and compelling read this book will appeal to students and scholars of public health anthropology and sociology and those interested in the influence of religion on health

outcomes *After Repeal* Kath Browne, Sydney Calkin, 2020-01-15 The referendum to overturn Ireland's near total abortion ban in 2018 stands as one of the most remarkable political events of recent times. The campaign to repeal the 8th amendment succeeded not only in challenging centuries of religious and patriarchal dogma but in signalling a major transformation in Irish society itself. *After Repeal* explores both the campaign and the implications of the referendum result for politics, identity and culture today. Bringing together a range of international perspectives, this collection transcends geographical and disciplinary boundaries while exploring themes including activism, artwork, social movements, law, media, democratic institutions and reproductive technologies. This work looks beyond the Irish context and to the future, offering unique insight into the wider struggle for reproductive justice around the world.

The Clozapine Clinic Julia Brown, 2022-04-25 This book is the first ethnography of the little known world of clozapine clinics in Australia and the United Kingdom. Anthropologist Julia Brown engages with the narratives of people living in extreme health circumstances to challenge some of the assumptions made about clozapine treatment and to explore what it means to be diagnosed with treatment resistant schizophrenia. Clozapine is a gold standard but controversial treatment for psychosis that requires lifelong monitoring to reduce fatality caused by clozapine side effects. Focusing on the social world of the clozapine clinic and based on the author's own extensive research, this book explores what it means to live with the interpersonal challenges of psychosis and trauma, the risks of multi-morbidity and how clozapine clients can experience meaningful control over their health. Brown uses her findings to point to the practical clinical implications of clozapine clients being given more recognition and accountability and to explore how health agency relates to moral agency. *The Clozapine Clinic* particularly highlights the importance of investing in continuity of healthcare and is an essential read for caregivers who work with sufferers of psychosis as well as academics and policymakers focused on mental health.

An Anthropology of the Irish in Belgium Sean O' Dubhghaill, 2019-07-22 The first anthropological account of the Irish diaspora in Europe in the 21st century, this book provides a culture-centric examination of the Irish diaspora. Focusing less on an abstract or technical definition of Irish self-identification, the author allows members of this group to speak through vignettes and interview excerpts, providing an anthropological lens that allows the reader to enter a frame of self-reference. This book therefore provides architecture to understand how diasporic communities might understand their own identities in a new way and how they might reconsider the role played by mobility in changing expressions of identity. Providing firsthand experiential and narrative insight into the Irish diaspora in Europe, this volume promises to contribute an anthropological perspective to historical accounts of the Irish overseas. Theoretical works in Irish studies and sociological examinations of Irish identity and diaspora.

Popular Culture in Ancient Rome J. P. Toner, 2009-08-17 Focusing on the non-elite in the Roman world, this book builds an account of the everyday lives of the masses, including their social and family life, health, leisure and religious beliefs, and the ways in which their popular culture resisted the domination of the ruling elite.
