Church-State Relations in Africa in the Nineteenth and Twentieth Centuries Jairzinho Lopes Pereira, 2022-08-26 This edited collection examines church state relations in the European colonies in Africa during the late nineteenth and twentieth centuries The chapters focus on the period stretching from the most agitated stages of the scramble for Africa during the 1870s and 1880s to the great wave of independence of African colonies in the 1950s and 60s and culminates in a discussion of colonial legacies during its aftermath The Church and the State although often having conflicting goals and agendas walked hand in hand throughout the entire colonial period with imperialism of the spirit being inconceivable without the groundwork of Catholic missionaries Exploring the major domains that determined the course of church state relations in the colonies the authors analyse relations between the Holy See and the colonial powers and between national Catholic authorities and secular authorities as well as the international order and socio political developments in the metropolises They argue that interactions between state and church in Africa s European

colonies were contingent upon the complex dynamics of interests that both secular and ecclesiastical entities endeavoured to preserve or promote With a particular focus on the Belgian and Portuguese colonies in Africa this book provides useful reading for scholars of European imperial history and ecclesiastical history *Salazarismo e retórica dos direitos humanos* Ana Cláudia Carvalho Campina, 2014-04-07 Este trabalho debruça-se sobre António de Oliveira Salazar Discurso político e a retórica dos Direitos Humanos A educação e a formação os meios onde se moveu e que lhe permitiram evoluir e afirmar-se perante uma sociedade estiveram na génese da produção e manipulação do discurso salazarista O discurso marcou indiscutivelmente a trajetória de António de Oliveira Salazar na sua ascensão ao poder a etapa central da nossa investigação por mais que a comparação da teoria com a prática nos transporte para uma breve passagem pelo ocorrido entre 1933 e 1968 A análise do discurso salazarista permitiu um reconhecimento em profundidade do regime o qual teve uma duração de quatro décadas por exigir-se uma análise funcional deste formidável instrumento estratégico que não deixaria de marcar por muito tempo ainda que em grau desigual segundo os casos e sectores *Clerical Fascism in Interwar Europe* Matthew Feldman, Marius Turda, Tudor Georgescu, 2013-10-31 This edited volume arose from an international workshop convened in 2006 by Feldman and Turda with Tudor Georgescu supported by Routledge and the universities of Oxford Brookes Northampton and CEU Budapest As the field of fascist studies continues to integrate more fully into pan-European studies of the twentieth century and given the increasing importance of secular political religion as a taxonomic tool for understanding such revolutionary movements this collection of essays considers the intersection between institutional Christian faiths theology and congregations on the one hand and fascist ideology on the other In light of recent debates concerning the intersecting secularisation of religion and usually Christian based the sacralisation of politics Clerical Fascism in Interwar Europe approaches such conundrums from an alternative perspective How in Europe between the wars did Christian clergy laity and institutions respond to the rise of national fascist movements In doing so this volume provides case studies from the vast majority of European countries with analyses that are both original in intent and comprehensive in scope In dealing with the relationship of various interwar fascist movements and their respective national religious institutions this edited collection promises to significantly contribute to relevant academic historiographies and as such will appeal to a wide readership This book was previously published as a special issue of *Totalitarian Movements and Political Religions* **A Igreja Católica e o Estado Novo Salazarista** Duncan Simpson, 2014-03-01 Este livro procura analisar de forma interpretativa as relações entre o Estado Novo e a Igreja Católica durante o regime de Salazar entre 1928 e 1968 respondendo a duas perguntas fundamentais como melhor definir em termos genéricos a relação entre a Igreja Católica e o Estado Novo salazarista Como evoluiu com o tempo Destas perguntas decorrem várias outras Como definir a intervenção social da Igreja Católica na nova ordem interna construída por Salazar A Igreja Católica apoiou o Estado Novo Se sim porque A oposição católica ao regime foi tão importante como se tem recentemente alegado Como se pode conciliar a imagem dual de Salazar enquanto

estadista de orientação religiosa e lider regalista. Qual a posição da Igreja em relação aos métodos autoritários usados pelo regime? O Estado Novo foi um regime católico. O Estado Novo de Salazar independentemente das suas diversas influências ideológicas continha no seu núcleo uma tendência específica da doutrina católica forjada pela elite católica portuguesa no primeiro quartel do século XX antiliberal tradicionalista e nacionalista. Desta componente católica do programa salazarista emergiu uma aliança institucional duradoura e abrangente com a Igreja Católica com esta a participar na legitimação do esforço doutrinário e na implementação das políticas do Estado Novo. *Trabalho, educação e conflitos sociais: diálogos Brasil e Portugal*, 2018-01-11

Marcello Caetano and the Portuguese New State Francisco Martinho, 2018-08-01 Prime Minister Marcello Caetano was the successor of Antonio de Oliveira Salazar. Considered the second most important figure of the Portuguese dictatorship, the Estado Novo regime 1933-1974 Caetano has generated considerable disagreement amongst scholars with regard to his persona and politics: some consider him more authoritarian than his predecessor, others more liberal. After providing background on his childhood and entry to university, the author explains his growing activism in the Integralismo Lusitano and in the Catholic Church, his monarchist and nationalist ideology. Caetano's decision to support the Salazar Regime coincided with publications in the mainstream media on corporatism, colonialism, European politics and the relationship

between Brazil and Portugal His role in the office of General Secretary of Mocidade Portuguesa MP an organization of Portuguese youth similar to the fascist youth organizations in Italy or Germany was at odds with his neutrality policy in the Second World War The leadership of Uniao Nacional the single party of the regime and the presidency of the Camara Corporativa a parliament for corporative interests led to national recognition at a time when the Portuguese regime had to reform its colonial policy His tensions with other notables of Salazarism resulted in his political demotion and devotion toward the University in the 1960s As Rector of Lisbon University he supported universities autonomy dividing public opinion Caetano s Presidency beginning in September 1968 reflected the tense relationship between the government and the liberal wing on the colonial crisis Ultimately this led to the final crisis of the New State regime the fragmentation of the armed forces and the Carnation Revolution on April 25 1974 During his exile in Brazil between 1974 and 1980 Caetano maintained correspondence with his Portuguese friends These correspondences introduced and explained by Francisco Martinho are of exceptional importance in understanding Portugal s contemporary political history Salazar e a Santa Igreja Herlânder Duarte,1999 Trajetórias dos imigrantes açorianos em São Paulo Elis Regina Barbosa Angelo,2017-01-31 O livro aborda as representa es culturais da comunidade a oriana estabelecendo um di logo com suas mem rias de e imigra o Processos de produ o transforma o e ressignifica o cultural convergem na Festa do Divino Esp rito Santo s mbolo da din mica entre a manuten o das tradi es e a vida no novo pa s
