Historical Dictionary of Gabon Douglas A. Yates, 2017-12-28 This new fourth edition of the Historical Dictionary of Gabon brings up to date the political affairs of the country since the accession to power of Ali Bongo eldest son of Omar Bongo the former president for life who died in 2009 after the publication of the third edition. Themes of continuity and change are present throughout the entries not only as the Bongo family continues its half century of dynastic rule there are a dozen Bongos in this new edition but as the rare primeval tropical rainforests continue to dominate the landscape yet are menaced by destructive logging and palm oil plantations and as this former French colony after independence continues to collaborate with the French African sphere of influence yet seeks new partners from America and Asia China Singapore and as the country's numerous ethnic groups perpetuate a multicultural mosaic that is nevertheless threatened by globalization of communications and cultural convergence. This fourth edition of Historical Dictionary of Gabon contains a chronology an introduction appendixes and an extensive bibliography. The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture. This book is an excellent resource for students researchers and anyone wanting to know more about Gabon.

The Palgrave Handbook of Race and Ethnic Inequalities in Education Peter A.J. Stevens, A. Gary Dworkin, 2019-07-05 This authoritative state of the art reference work builds on its first edition to provide a cutting edge systematic review of the relationship between race ethnicity and educational inequality. Studying 25 different national contexts drawn from every inhabited continent on earth and building upon material from the earlier edition the work analyses educational policies practices and research on minority students immigrants and refugees. The editors and contributors explore principal research traditions from countries as diverse as Argentina China Norway and South Africa examining the factors promoting social cohesion as well as considerations regarding the use of international test score data. Seamlessly integrating findings of

national reviews the editors and contributors analyse how national contexts of race ethnic relations shape the character and content of educational inequalities and deftly map out new directions for future research in the area Global in its perspective and definitive in content this one stop volume will be an indispensable reference resource for a wide range of academics students and researchers in the fields of education sociology race and ethnicity studies and social policy Chapter 20 of this book is available open access under a CC BY 4.0 license at SpringerLink https://link.springer.com/chapter/10.1007/978-3-319-94724-2_20

Translation Marianne Lederer, 2014-04-08 This book the English version of *La traduction aujourd'hui* Hachette 1994 describes the interpretive theory of translation developed at the Paris Ecole Supérieure d'Interprètes et de Traducteurs ESIT over the last 35 years The theory identifies the mental and cognitive processes involved in both oral and written translation understanding the text de-verbalizing its language re-expressing sense For the purposes of translation languages are a means of transmitting sense they are not to be translated as such Although translation involves the use of correspondences translators generally set up equivalence between text segments The synecdochic nature of both languages and texts a phenomenon discussed in the book explains why translation is possible across language differences The many practical problems faced by translators the difference between translation exercises used as a language teaching tool and professional translation translating into a foreign language and machine translation as compared to human translation are also discussed

A New Life Oluwafemi Senu, 2014-11 Ahead of Peter miles away from home in a foreign land lay his toughest challenge yet In the pursuit of his dreams he would be driven to the limits of desperation hunger and endurance In his eyes life could not be lived it had to be survived Although the generational adage of suffering and smiling prescribed to Nigerians perhaps would represent most of Peter's life with sheer restless determination he would wrestle his future into his hands In his long awaited sequel to *The Unexpected Truth* Oluwafemi Senu weaves a story where the reader feels his emotional journey from the beginning to end Written as a testament to less privileged children his triumphant autobiography underpins the principal ethos that has guided his life a dream is never achieved by the man who stands still but the one who tries is at least a step closer

Cinema and the Algerian War of Independence Ahmed Bedjaoui, 2020-03-25 The book examines the war of images between France and Algeria Discussing the role of the United States during the war it covers topics such the presence of American reporters in Algeria John F Kennedy's support for Algerian independence while a senator the broadcasting of documentaries on the Algerian war on public television and reporting in the press Even half a century after Algerian independence there remains a need for both film and literature on the war from both sides of the Mediterranean This might seem surprising particularly to media professionals given the quantity of output on the subject but both French and Algerian portrayals of the war remain flawed and shackled to their respective ideologies The generation of FLN leaders recognized early on the importance of images and established a clandestine film structure that would bring the Algerian cause to the world stage The book offers an insightful and timely contribution not just to the field of North African

studies but also to other disciplines such as film and media studies anthropology history journalism and political science Providing a rich source of research topics and viable ideas for film and documentary projects it is a must read for students scholars and media professionals alike

Violence in Schools Peter K Smith, 2004-08-02 Violence in schools is a pervasive highly emotive and above all global problem Bullying and its negative social consequences are of perennial concern while the media regularly highlights incidences of violent assault and even murder occurring within schools This unique and fascinating text offers a comprehensive overview and analysis of how European nations are tackling this serious issue

Violence in Schools The Response in Europe brings together contributions from all EU member states and two associated states Each chapter begins by clearly outlining the nature of the school violence situation in that country It then goes on to describe those social policy initiatives and methods of intervention being used to address violence in schools and evaluates the effectiveness of these different strategies Commentaries from Australia Israel and the USA and an overview of the book's main themes by eminent psychologist Peter K Smith complete a truly international and authoritative look at this important and frequently controversial subject This book constitutes an invaluable resource for educational administrators policymakers and researchers concerned with investigating and ultimately addressing the social and psychological causes manifestations and effects of school violence

States and the Making of Others Jeanne Bouyat, Amandine Le Bellec, Lucas Puygrenier, 2024-06-17 This volume offers a unique interdisciplinary and comparative perspective on contemporary processes of othering by state institutions in relation to dynamics of racism xenophobia sexism homo transphobia as well as ethnic and class based discriminations It focuses on eight

original case studies empirically grounded in various domains of the social state in Southern African and Western European contexts the education and health care systems the regulation of work and of procreation rights and institutions in charge of granting asylum The authors provide key insights on how states produce Others and on how othering contributes in turn to the process of state formation and the politicization of public action Proceedings of the 20th Congress of the International Ergonomics Association (IEA 2018) Sebastiano Bagnara,Riccardo Tartaglia,Sara Albolino,Thomas Alexander,Yushi Fujita,2018-08-07 This book presents the proceedings of the 20th Congress of the International Ergonomics Association IEA 2018 held on August 26 30 2018 in Florence Italy By highlighting the latest theories and models as well as cutting edge technologies and applications and by combining findings from a range of disciplines including engineering design robotics healthcare management computer science human biology and behavioral science it provides researchers and practitioners alike with a comprehensive timely guide on human factors and ergonomics It also offers an excellent source of innovative ideas to stimulate future discussions and developments aimed at applying knowledge and techniques to optimize system performance while at the same time promoting the health safety and wellbeing of individuals The proceedings include papers from researchers and practitioners scientists and physicians institutional leaders managers and policy makers that contribute to constructing the Human Factors and Ergonomics approach across a variety of methodologies domains and productive sectors This volume includes papers addressing the following topics Ergonomics in Manufacturing Agriculture Building and Construction and Mining and Human Factors and Sustainable Development De la Brûlure à la Lumière Gwénaëlle Kempter,2014-08-20 Dans un monde où la mémoire des hommes est tombée dans l'oubli certains individus se sont construits une morale bien personnelle Igor va découvrir une manière de vivre opposée aux valeurs que sa communauté lui a inculquées dans sa jeunesse Un choix se proposera alors à lui Je t'offre une vie de sang et de lumière La refuserais-tu et il découvrira que la damnation a un parfum suave Il découvrira aussi que sous sa carapace de tueur Chelcie a sa logique Roman futuriste aux allures de western De la Brûlure à la Lumière est avant tout une initiation un récit basé sur un rapport de forces où la haine se dispute à l'admiration **Who Cleans the Park?** John Krinsky,Maud Simonet,2017-03-24 America's public parks are in a golden age Hundreds of millions of dollars both public and private fund urban jewels like Manhattan's Central Park Keeping the polish on landmark parks and in neighborhood playgrounds alike means that the trash must be picked up benches painted equipment tested and leaves raked Bringing this often invisible work into view however raises profound questions for citizens of cities In Who Cleans the Park John Krinsky and Maud Simonet explain that the work of maintaining parks has intersected with broader trends in welfare reform civic engagement criminal justice and the rise of public-private partnerships Welfare to work trainees volunteers unionized city workers sometimes working outside their official job descriptions staff of nonprofit park conservancies and people sentenced to community service are just a few of the groups who routinely maintain parks With public services no longer being provided primarily by public workers Krinsky and

Simonet argue the nature of public work must be reevaluated Based on four years of fieldwork in New York City Who Cleans the Park looks at the transformation of public parks from the ground up Beginning with studying changes in the workplace progressing through the public private partnerships that help maintain the parks and culminating in an investigation of a park s contribution to urban real estate values the book unearths a new urban order based on nonprofit partnerships and a rhetoric of responsible citizenship which at the same time promotes unpaid work reinforces workers domination at the workplace and increases the value of park side property Who Cleans the Park asks difficult questions about who benefits from public work ultimately forcing us to think anew about the way we govern ourselves with implications well beyond the five boroughs

Marching with the Devil David Mason, 2011-09-27 Since its creation in 1831 the French Foreign Legion has become the stuff of myth fiction and dreams Anyone thinking of joining up would be well advised to read this book first The Sun Herald A real life boy s own adventure Marching With The Devil is an account of David Mason s five years in the infamous French Foreign Legion David Mason graduated from the Australian National University with a law degree and an honours degree Like those around him he could easily have settled for a life of share portfolios good suits new cars and big houses But David wanted more he wanted a challenge an adventure something beyond the ordinary that would test him physically and mentally He looked around to see what he could do Working in an open cut mine done that Running a marathon hmm not hard enough Climbing Everest maybe Joining the French Foreign Legion perfect Marching With The Devil is the gripping true story of what happened when an Australian lawyer left his comfortable existence and joined the legendary French Foreign Legion He stayed for five years and served time in the elite Parachute Regiments With the motto March or Die the legion has a history of pain grief and glory David Mason takes us behind the myth to reveal exactly what happens the adventure the danger the drinking the fighting and the lies that sustain the legend fore the final choice must be made Remarkable It s hard not to think it a shame that a man of such obvious gifts should have wasted them on the legion just so as not to have to feel like a quitter even if this book was the result The Age Marching with the Devil quickly turns into an insightful and honest account of an unpretentious Aussie s experiences in one of the most ramshackle and soul destroying military organisations on Earth Courier Mail A strangely compulsive read about one man s quest for self knowledge Men s Health Magazine Mason left a comfortable life in Australia to test himself in the crucible of the legion and he writes about it 20 years after his service time necessary to give himself the distance and context he needed to write about an extraordinary and painful experience Sunday Mail Brisbane

Youth and Work in the Post-Industrial City of North America and Europe Laurence Roulleau-Berger, 2003 In North American and European cities youth live in precarious social and economic conditions The issue of employment has become a political problem In this volume sociological economical and ethnographical perspectives are used to explain ethnic discrimination inequalities at school

unemployment and marginalization Work remains a central value in young peoples lives who not only are victimized but also try to find escapes Originally in French this extended and updated book contains contributions by Enrico Pugliese Saskia Sassen Min Zhou Francois Dubet Paul Anisef Paul Axelrod Ida Susser and others **Paying for Hitler's War** Jonas Scherner,Eugene N. White,2016-03-21 Paying for Hitler s War is a comparative economic study of twelve Nazi occupied countries during World War II Humanness in Organisations Leopold S. Vansina,2018-05-01 Humanness in Organizations is a unique contribution from the social sciences to the betterment of organizational life The authors argue that working life can only become more humane when we change the conditions that consciously or unconsciously steer people away from consideration friendship and integrity The aim of this book is twofold first to take a closer look at the current practices of managers academics and consultants and how they affect organizational conditions work and the well being of people The critical studies presented here explore and develop the likely consequences of these practices for the future Second the authors wish to familiarize readers with actionable knowledge in order to create alternative practices and conditions that enable the whole person to engage in healthier interactions both in and with his organization Nine social scientists from Europe or the United States each with an established reputation in the field of consulting with a psychodynamic or clinical perspective have contributed their experiences and studies to the book *Armoured Trains* Paul Malmassari,2016-11-14 A fully illustrated encyclopedia of military trains around the world from the early 19th century to today arranged alphabetically from Angola to Vietnam European military forces were quick to put railways to use in warfare whether for deploying soldiers or moving heavy artillery Soon enough the train became a potent weapon in its own right a battleship on rails Armed and armored they became the first self propelled war machines which by the time of the American Civil War were able to make significant contributions to battlefield success Thereafter almost every belligerent nation with a railway system made some use of armored rolling stock ranging from low intensity colonial policing to the massive employment of armored trains during the Russian Civil War And although they were somewhat eclipsed as frontline weapons by the development of the tank and other AFVs armored trains were still in use as late as the civil wars of the former republic of Yugoslavia This encyclopedic book covers country by country the huge range of fighting equipment that rode the rails over nearly two centuries While it outlines the place of armored trains in the evolution of warfare it concentrates on details of their design through photographs and meticulous drawings Published in French in 1989 this highly regarded work has been completely revised and expanded for this English edition It remains the last word on the subject *Metaphors for Education* Emmanuel Sander,2025-07-11 Metaphors are more than just linguistic tools they go far beyond this By drawing on the known to illuminate the unknown they shape understanding and profoundly influence learning dynamics making them particularly relevant in education Metaphors for Education explores this theme in depth offering a comprehensive and enlightening overview of the role and place of metaphors in the field of education The book examines how metaphors shape pedagogical approaches and

conceptions of teaching and influence learning processes and conceptual development as well as impact assessment differentiation and the professional identity of teachers It also shows how metaphors can provide powerful tools for reflection and transformation in educational practices Aimed at teachers students educational researchers and enthusiasts alike this book offers fresh and stimulating perspectives on the contribution of metaphors to learning and teaching
