Saleratus Sagebrush:

Saleratus & Sagebrush Robert Lee Munkres, 2003 The Bidwell Bartleson party may have been generally forgotten but the group was the first true emigrant train to cross South Pass If the memories of these men has dimmed the road they followed has not for the route is one of the most famous in the history of human migration the Oregon Trail Saleratus Sagebrush chronicles the journeys of these and many other emigrants on the trails west Robert Munkres relates the stories about the famous and indispensable Fort Bridger and Fort Laramie the fork in the road at Soda Springs women s lives on the trail the family dog and tales of Indians friendly and not so friendly are richly enhanced by photographs and several reproductions of works by William Henry Jackson The Great Medicine Road Kerin Tate, 2014 Pages 1 to 25 Pages 26 to 50 Pages 51 to 75 Pages 76 to 100 Pages 101 to 125 Pages 126 to 150 Pages 151 to 175 Pages 176 to 200 Pages 201 to 225 Pages 226 to 250 Pages 251 to 275 Pages 276 to 300 Pages 301 to 313 **The Great Medicine Road, Part 4** Michael L. Tate, 2020-05-07 Between 1841 and 1866 more than a half million people followed trails to Oregon California and Utah in one of the largest mass migrations in American history The Great Medicine Road Part 4 collects the letters diaries and reminiscences of some of the emigrants who made this journey between 1856 and 1869 as a second generation of miners farmers town builders and religious believers turned their adventurous eyes westward in search of new beginnings Here in their own words are the experiences of young men hoping to make their fortunes in mining operations that had sprung up as the gold rush wore down in California but also now in the silver mines of Nevada's Comstock Lode and the recently discovered gold mines of Colorado s Denver and Pike s Peak regions Here also are families and farmers looking for land in the fertile Willamette Valley of Oregon or joining the Mormon community in Utah And here are the stories of intrepid sojourners traveling with or without military escorts as the Civil War conflicts with Indians and the Mormon stand against the U S government altered the circumstances of westward traffic These documents with an introduction and editorial notes written by historian Michael L Tate to provide context and commentary comprise the fourth and final installment in a documentary history of the Oregon California and Mormon Trails They give a living voice to the history of the American experience at a time of westward expansion and profound unprecedented change The Great Medicine Road, Part 3 Michael L. Tate, 2017-09-21 In the years after the discovery of gold in California thousands of fortune seekers made their way west joining the greatest mass migration in American history The gold fields were only one destination as emigrants pushed across the Great Plains Great Basin and Oregon Territory in unprecedented numbers following the Oregon California and Mormon Trails to the verdant Willamette Valley or Mormon settlements in the Salt Lake Valley Seeing the Elephant they often called the journey referring to the wondrous sights and endless adventures met along the way The firsthand accounts of those who made the trip between 1850 and 1855 that are collected in this third volume in a four part series speak of wonders and adventures but also of disaster and deprivation Traversing the ever changing landscape these pioneers braved flooded rivers endured cholera

and hunger and had encounters with Indians that were often friendly and sometimes troubled Rich in detail and diverse in the experiences they relate these letters diary excerpts recollections and reports capture the voices of women and men of all ages and circumstances hailing from states far and wide and heading west in hope and desperation Their words allow us to see the grit and glory of the American West as it once appeared to those who witnessed its transformation Michael L Tate begins the volume with an introduction to this middle phase of the trails history A headnote and annotations for each document sketch the author's background and reasons for undertaking the trip and correct and clarify information in the original manuscript The extensive bibliography identifies sources and suggests further reading The Great Medicine Road. Part 2 Will Bagley, 2015-10 During the early weeks of 1848 as U S congressmen debated the territorial status of California a Swiss immigrant and an itinerant millwright forever altered the future state s fate Building a sawmill for Johann August Sutter James Wilson Marshall struck gold The rest may be history but much of the story of what happened in the following year is told not in history books but in the letters diaries journals and other written recollections of those whom the California gold rush drew west In this second installment in the projected four part collection The Great Medicine Road Narratives of the Oregon California and Mormon Trails the hardy souls who made the arduous trip tell their stories in their own words Seven individuals tales bring to life a long ago year that enriched some impoverished others and forever changed the face of North America Responding to often misleading promotional literature adventurers made their way west via different routes Following the Carson River through the Sierra Nevada or taking the Lassen Route to the Sacramento Valley they passed through the Mormon Zion of Great Salt Lake City and traded with and often displaced Native Americans long familiar with the trails Their accounts detail these encounters as well as the gritty realities of everyday life on the overland trails They narrate events describe the vast and diverse landscapes they pass through and document a journey as strange and new to them as it is to many readers today Through these travelers diaries and memoirs readers can relive a critical moment in the remaking of the West and appreciate what a difference one year can make in the life of a nation of Wyoming (Second Edition) T. A. Larson, 1990-08-01 The History of Wyoming explains detailed information of territorial and state developments This second edition also includes the post World War II chapters containing discussion about the economy society culture and politics not included on the previous edition The Great Medicine Road, Part 1 Michael L. Tate, 2014-10-22 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background Beginning with Father Pierre Jean de Smet's letters relating his encounters with Plains Indians and ending with an account of a Mormon gold miner's journey from California to Salt Lake City these narratives tell varied and vivid stories Some

travelers fled hard times religious persecution the collapse of the agricultural economy illness or unpredictable weather Others looked ahead attracted by California gold the verdant Willamette Valley of Oregon or the prospect of converting Native people to Christianity Although many welcomed the adventure and adjusted to the rigors of trail life others complained in their accounts of difficulty adapting Remembrances of the Oregon California and Mormon Trails have yielded some of the most iconic images in American history This and forthcoming volumes in The Great Medicine Road series present the pioneer spirit of the original overlanders supported by the rich scholarship of the past century and a half Oregon Trail Cooking Mary Gunderson, 2000 Discusses the everyday life family roles cooking methods and common foods of pioneers who traveled west on the Oregon Trail during the nineteenth century Includes recipes **Forage Plants : Exclusive of the Grasses** Jared Gage Smith,1990 On the Overland Trails with William Clark William P. MacKinnon, Kenneth L. Alford, 2025-03 The Utah War remains an understudied but important moment in western history as the United States wrestled with its political future There are few primary accounts from this war but one of the best comes from William Clark a young teamster hired by Russell Majors and Waddell the West's greatest freighters Clark's narrative A Trip Across the Plains in 1857 was not published until 1922 and only then in an obscure journal with little annotation so for the last hundred years this work has been a valuable but obscure document In On the Overland Trails with William Clark William P MacKinnon and Kenneth L Alford have remedied this historiographical oversight by providing material entirely missing from the original printing including an explanation of the Utah War's origins and prosecution maps by which to chart Clark s travels illustrations to enliven major players and annotations to clarify the sometimes arcane people places incidents and issues mentioned Also included for the first time is an account of the manuscript's colorful provenance

A Fate Worse Than Death Gregory Michno, Susan Michno, 2007 Captivity narratives have been a standard genre of writings about Indians of the East for several centuries a Until now the West has been almost entirely neglected a Now Gregory and Susan Michno have rectified that with this painstakenly researched collection of vivid and often brutal accounts of what happened to those men and women and children that were captured by marauding Indians during the settlement of the West I Hear America Talking Stuart Berg Flexner, 1979 Bulletin United States. <u>Circle the Wagons!</u> Gregory F. Michno, Susan J. Michno, 2008-10-17 It s a cinematic image as familiar as John Wayne s face a wagon train circling as a defensive maneuver against Indian attacks This book examines actual and fictional wagon train battles and compares them for realism It also describes how fledgling Hollywood portrayed the concept of westward migration but as the evolving industry became more accurate in historical detail how filmmakers then lost sight of the big picture **Annals of Wyoming**, 2013 **The Great Medicine Road, Part 1** Will Bagley, 2014 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new

series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background Wyoming, a History Taft Alfred Larson, 1984 Brigham Young Morris Robert Werner, 1925 Wyoming History News, 1980
