## **Salt Water Amnesia:**

*Salt Water Amnesia* Jeffrey Skinner, 2005 Jeffrey Skinner's poems come at the world from many different directions. Some are outrageous and very funny like *Experiment* which begins "I sewed my father into a specially designed handmade bear suit. He was indistinguishable from a real bear and yet retained the necessary functions of a human. I also provided a G P S radio collar. Then I air dropped him into a densely forested preserve. When I returned a year later I found he had mated with an Asian black bear. He and she and their two cubs lived a quiet life in a mountain cave." In other poems Skinner explores more familiar domestic landscapes taking us with great tenderness and precision into the life of the human heart. By turns poignant, brainy and hilarious *Salt Water Amnesia* is a book that will surprise and delight. *Reading the Bay* "A calm water morning. After what was said on both sides. Don't you talk to me that way. My daughter. We cannot speak now nor stand to touch. The bay covered with tiny script. Moving rapidly right to left. Words Crossing over One another whole passages Torn from an asylum diary. I lifted her Body a huge flailing penknife into the car. A seagull sits bobbing on the text. My brother. It appears that today at least all language moves out to sea." Jeffrey Skinner has published four collections of poetry: *Late Stars*, *A Guide to Forgetting*, *The Company of Heaven* and *Gender Studies*. His work has received wide recognition including fellowships from the National Endowment for the Arts, the Ingram Merrill Foundation and the Howard Foundation. Currently director of the creative writing program at the University of Louisville, he is also co-founder and editorial consultant for Sarabande Books.

*The Saltwater Edge* Nick Curcione, 2017-08-20 In this book Nick Curcione covers his entire saltwater system knots rigging tackle approach with detailed information on shooting heads, sinking lines and two-handed rods for the salt which have not been covered thoroughly in any other book. While he is primarily a West Coast angler, Curcione has extensive experience in the East and his lessons apply to anglers everywhere. Clear illustrations of the best knots for rigging. Emphasis on two-handed techniques. Author's favorite flies. *Beyond Boundaries* Zeeshan-Ul-Hassan Usmani, 2007 *Beyond Boundaries* Reflections of Indian and U.S. Scholars documents experiential learning of exchange scholars from India and the U.S.A. These essays from Fulbright Scholars, Post Doc Researchers, Humphrey Fellows and participants of International Visitor Leadership Program (IVLP) and East West Center provide a diverse spectrum of their cultural and academic experiences. The personal essays in this collection are interesting, shocking and unforgettable. Anyone interested in studying in the United States or going to India ought to read this book for it provides a rare perspective that comes from observing a country from the student's point of view. Here students learn, share and make the connections that go on to the making of a better and safer world for us and for future generations. While these essays do not necessarily present a representative picture either of India or the U.S.A., the sketches do describe exchange experiences of interest to anyone who is concerned with people, cultures and diversity. The production of this book was partially sponsored by the Fulbright Academy of Science Technology. **Glaciology** Jeffrey Skinner, 2013-10-02 Once I walked a thin rail through a glacier begins Shattered Bio the first poem in Glaciology Jeffrey Skinner's latest collection of poetry Filled with images that slide into one another in a dreamlike way from the squeak of pine trees in a forest to pinwheel the baby's hand the poem provides a precise way of seeing how layers of tenderness and danger melt into one another inhabiting the same world At the center of the book the eighteen part title poem Glaciology takes readers to the core of misunderstandings as it juxtaposes the work of a glaciologist with fractured language misread cues and a literalness that defies conventional explanation The lives of the glaciers are reported with a careful scientific language that keeps readers emotionally at bay from the effects of their demise and the speaker comments I consider language mistreated these days asked to explain itself to justify at the same time it bears meaning to own up to creation at the moment of use only and only that meaning The third section of the book further explores the tensions of life and death in ways both whimsical by focusing on a fly a vintage clock rabbits and Poland among other subjects and deeply serious In the long poem Event Horizon Skinner takes readers into an accident and its aftermath which brushes too close to death By the end of the book however a new focus comes into view with the birth of a grandchild in All Things Move toward Disorder Except the Newly Created

**Saltwater** Mary Eyring, 2025-02-18 Death is easy to locate in the archives of early America Grief is not so easily pinned down Yet it was a near constant companion for the men and women that settled in what is now New England Their lives were a kaleidoscope of small scale tragedies that suffused and colored everyday experiences This pervasive suffering was exacerbated by unfamiliar environments and exposure to the anguish of Indigenous and Black Americans unsettling well worn frameworks to produce new dimensions of everyday grief Mary Eyring traces these fleeting often mundane glimpses of grief in the archives a note about a sailor maimed during a whaling voyage the hint of a miscarriage in a court record the suggestion of domestic violence within a tract on witchcraft a house sent up in flames at the opening of a captivity narrative to show how the cumulative weight of grief created a persistent mood that influenced public and private affairs in sweeping ways largely unexamined by previous scholars With piercing insights and evocative prose Eyring follows grief across generations and oceans to reveal a language of suffering understood and shared across diverse early American communities
