

Short Timers Full Metal Jacket

Agnieszka Soltysik Monnet

Short Timers Full Metal Jacket:

Full Metal Jacket Stanley Kubrick, Michael Herr, Gustav Hasford, 1987 **The Short-timers** Gustav Hasford, 1979

Kubrick's Men Richard Rambuss, 2021-03-02 A provocative re-reading of Stanley Kubrick's work and its focus on masculine desire. The work of Stanley Kubrick amounts to a sustained reflection on the male condition past, present, and future. The persistent theme of his filmmaking is less violence or sex than it is the pressurized exertion of masculinity in unusual or extreme circumstances where it may be taxed or exaggerated to various effects: tragic and comic or metamorphosed, distorted, and even undone. The stories that Kubrick's movies tell range from global nuclear politics to the unpredictable sexual dynamics of a marriage from a day in the life of a New York City prizefighter preparing for a nighttime bout to the evolution of humankind. These male melodramas center on sociality and asociality. They feature male doubles, pairs, and rivals. They explore the romance of men and their machines and men as machines. They figure intensely conflicted forms of male sexual desire. And they are also very much about male manners, style, taste, and art. Examining the formal, thematic, and theoretical affiliations between Kubrick's three bodies of work—his photographs, his documentaries, and his feature films—*Kubrick's Men* offers new vantages on to the question of gender and sexuality, including the first extended treatment of homosexuality in Kubrick's male-oriented work.

Kubrick's Hope Julian Rice, 2008-09-29 There have been two common assumptions about Stanley Kubrick: that his films portray human beings who are driven exclusively by aggression and greed, and that he pessimistically rejected meaning in a contingent postmodern world. However, as Kubrick himself remarked, "A work of art should be always exhilarating and never depressing whatever its subject matter may be." In this new interpretation of Kubrick's films, Julian Rice suggests that the director's work had a more positive outlook than most people credit him. And while other studies have recounted Kubrick's life and production histories, few have offered lucid explanations of specific sources and their influence on his films. In *Kubrick's Hope*, Rice explains how the theories of Freud and Jung took cinematic form and also considers the significant impression left on the director's last six films by Robert Ardrey, Bruno Bettelheim, and Joseph Campbell. In addition to providing useful contexts, Rice offers close readings of the films, inviting readers to note details they may have missed and to interpret them in their own way. By refreshing their experience of the films and discarding postmodern clichés, viewers may discover more optimistic themes in the director's works. Beginning with *2001: A Space Odyssey* and continuing through *A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*, Rice illuminates Kubrick's thinking at the time he made each film. Throughout, Rice examines the compelling political, psychological, and spiritual issues the director raises. As this book contends, if these works are considered together and repeatedly re-viewed, Kubrick's films may help viewers to personally grow and collectively endure.

Inventory A.V. Club, 2009-10-13 Each week the writers of *The A.V. Club* issue a slightly slanted pop culture list filled with challenging opinions. Is David Bowie's *Young Americans* nearly ruined by saxophone and fascinating facts? Exploring twenty-four great

films too painful to watch twice fourteen tragic movie masturbation scenes eighteen songs about crappy cities and much more Inventory combines a massive helping of new lists created especially for the book with a few favorites first seen at AVClub.com and in the pages of The A V Club's sister publication The Onion But wait There's more John Hodgman offers a set of minutely detailed and probably fictional character actors Patton Oswalt waxes ecstatic about the quiet film revolutions that changed cinema in small but exciting ways Amy Sedaris lists fifty things that make her laugh Weird Al Yankovic examines the noises of Mad magazine's Don Martin Plus lists from Paul Thomas Anderson Robert Ben Garant Tom Lennon Andrew W K Tim and Eric Daniel Handler and Zach Galifianakis and an epic foreword from essayist Chuck Klosterman

The Vietnam War in Popular Culture Ron Milam, 2016-11-07 Covering many aspects of the Vietnam War that have not been addressed before this book supplies new perspectives from academics as well as Vietnam veterans that explore how this key conflict of the 20th century has influenced everyday life and popular culture during the war as well as for the past 50 years How did the experience of the Vietnam War change the United States not just in the 1950s through the 1970s but through to today What role do popular music and movies play in how we think of the Vietnam War How similar are the recent wars in Iraq and Afghanistan and now Syria to the Vietnam War in terms of duration cost success and failure rates and veteran issues This two volume set addresses these questions and many more examining how the Vietnam War has been represented in media music and film and how American popular culture changed because of the war Accessibly written and appropriate for students and general readers this work documents how the war that occurred on the other side of the globe in the jungles of Vietnam impacted everyday life in the United States and influenced various entertainment modes It not only covers the impact of the counterculture revolution popular music about Vietnam recorded while the war was being fought and after and films made immediately following the end of the war in the 1970s but also draws connections to more modern events and popular culture expressions such as films made in the aftermath of September 11 2001 Attention is paid to the impact of social movements like the environmental movement and the civil rights movement and their relationships to the Vietnam War The set will also highlight how the experiences and events of the Vietnam War are still impacting current generations through television shows such as Mad Men

The Complete Kubrick David Hughes, 2013-05-31 With just thirteen feature films in half a century Stanley Kubrick established himself as one of the most accomplished directors in motion picture history Kubrick created a landmark and a benchmark with every film working in almost every genre imaginable including film noir war movie SF horror period drama historical epic love story and satire yet transcended traditional genre boundaries with every shot Examining every feature film from the early shorts through to classics such as Paths of Glory Dr Strangelove 2001 A Space Odyssey A Clockwork Orange The Shining Full Metal Jacket and finally Eyes Wide Shut The Complete Kubrick provides a unique insight into understanding the work of cinema's most enigmatic iconoclastic and gifted auteur

Talkies, Road Movies and Chick Flicks Wilkins Heidi Wilkins, 2016-02-19 The

representation of gender in film remains an intensely debated topic particularly in academic considerations of US mainstream cinema where it is often perceived as perpetuating rigid binary views of gender and reinforcing patriarchal dominant notions of masculinity and femininity While previous scholarly discussion has focused on visual or narrative portrayals of gender this book considers the ways that film sound music voice sound effects and silence is used to represent gender Taking a socio historical approach Heidi Wilkins investigates a range of popular US genres including screwball comedy the road movie and chick flicks to explore the ways that film sound can reinforce traditional assumptions about masculinity and femininity impart ambivalent meanings to them or even challenge and subvert the notion of gender itself Case studies include *His Girl Friday* *Easy Rider* and *Bridesmaids* **The Wolf at the Door** Geoffrey Cocks,2004 Discovers a Holocaust subtext in Kubrick's films culminating in his 1980 adaptation of Stephen King's horror novel *The Shining* Maintains that this is reflected in his depiction of harsh struggles with and over power and violence Several of his films deal with war and state power *The Shining* is seen as an artistic and philosophical response to the horrors of World War II Among the influences on the filmmaker are Hilberg's *The Destruction of the European Jews* Kubrick's Jewish past and his early years that were affected by fascism and war Kubrick's marriage into an artistic German family also contributed to his preoccupation with the history of Nazi Germany and the Holocaust which were indirectly reflected in his oeuvre Combat Death in Contemporary American Culture Agnieszka Soltysik Monnet,2020-12-16 *Combat Death in Contemporary American Culture* Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination

Kubrick's Mitteleuropa Nathan Abrams,Jeremi Szaniawski,2024-10-01 Stanley Kubrick was arguably one of the most influential American directors of the post World War II era and his Central European Jewish heritage though often overlooked greatly influenced his oeuvre Kubrick's *Mitteleuropa* explores this influence in ways that range from his work with Hungarian and Polish composers Bela Bartok Gyrgy Ligeti and Krzysztof Penderecki to the visual inspiration of artists such as Egon Schiele Gustav Klimt and other central European Modernists Beyond exploring the *Mitteleuropa* sensibility in Kubrick's films the contributions in this volume also provide important commentary on the reception of his films in countries across Eastern Europe *Calling Dr. Strangelove* George Case,2014-08-21 Stanley Kubrick's *Dr Strangelove or How I*

Learned to Stop Worrying and Love the Bomb is one of the most celebrated and significant films ever made This book traces the movie's origins as a thriller novel through its evolution into a devastating black comedy to its ultimate reception as an undisputed cinema classic A wealth of fresh detail is provided on Dr Strangelove's production its initial reception and its lasting influence The book also examines the film within the context of the real life superpower standoff it satirized and evaluates its place alongside director Kubrick's entire catalog of famous works Drawn from interviews biographical research and extensive cultural analysis this work is an indispensable resource for Kubrick fans movie buffs and students of Cold War history

Stanley Kubrick Nathan Abrams, 2018-04-19 Stanley Kubrick is generally acknowledged as one of the world's great directors Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu the New York Jewish intelligentsia Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins Focusing on several of Kubrick's key themes including masculinity ethical responsibility and the nature of evil it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns At the same time it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director manifest in his removal of Jewish references and characters from stories he adapted As he digs deep into rare Kubrick archives to reveal insights about the director's life and times film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry Each chapter offers a detailed analysis of one of Kubrick's major films including Lolita Dr Strangelove 2001 A Clockwork Orange Barry Lyndon The Shining Full Metal Jacket and Eyes Wide Shut Stanley Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet

misunderstood directors

Remembering Viet Nam Regula Fuchs, 2010 How does American culture deal with its memories of the Vietnam War and what role does literature play in this process Remembering Viet Nam is a fascinating exploration of the ways in which authors of Vietnam War literature represent American cultural memory in their writings The analysis is based on a wide array of sources including historical political cultural and literary studies as well as works on trauma It begins with an examination of American foundation myths their normative formative and most of all their bonding nature and the role institutions such as the military and the media play in upholding these myths The study then considers the soldiers and war veterans' minds and bodies and the stories they tell as key sites in the debates over the war's place in American cultural memory The multilayered approach of Remembering Viet Nam allows the investigation of Vietnam War literature in its whole breadth including the debates instigated by the works examined and the influence these narratives themselves have on American cultural memory Most importantly the analysis uncovers why American foundation myths despite their being thoroughly questioned and even exposed as cultural inventions by authors and reviewers of Vietnam War literature can still retain their power within American society
