Selected Writings of John A. Hobson 1932-1938 John M Hobson, Colin Tyler, 2011-03-17

Previously unpublished writings of John A Hobson The Learning of Liberty Lorraine Smith Pangle, Thomas L. Pangle, 1993-06-04

American schools are in a state of crisis At the root of our current perplexity beneath the difficulties with funding social problems and low test scores festers a serious uncertainty as to what the focus and goals of education should be We are increasingly haunted by the suspicion that our educational theories and institutions have lost sight of the need to perpetuate a core of moral and civic knowledge that is essential for any citizen s education and indeed for any individual s happiness Mining the Founders rich reflections on education the Pangles suggest can help us recover a clearer sense of perspective and purpose With a commanding knowledge of the history of political philosophy the authors illustrate how the Founders both drew upon and transformed the ideas of earlier philosophers of education such as Plato Xenophon Milton Bacon and Locke They trace the emergence of a new American ideal of public education that puts civic instruction at its core to sustain a high quality of leadership and public discourse while producing resourceful self reliant members of a uniquely fluid society The Pangles also explore the wisdom and the weaknesses inherent in Jefferson s attempt to create a comprehensive system of schooling that would educate parents and children and offer unprecedented freedom of choice to university students An original closing section examines the Founders ideas for bringing all aspects of society to bear on education It also shows how Washington Jefferson and Franklin presented their own lives as models for the education of others and analyzes the subtle provocative moral philosophy implicit in the self depiction of each The Learning of Liberty is

historical and scholarly yet relentlessly practical seeking from the Founders useful insights into the human soul and the character of good education Even if the Founders do not provide us with ready made solutions to many of our problems the Pangles suggest a study of their writings can give us a more realistic perspective by teaching that our bewilderment is in some measure an outgrowth of unresolved tensions embedded in the Founders own conceptions of republicanism religion education and human nature *The Select Writings of the Rev. Ebenezer Erskine* Ebenezer Erskine,1851 **Selected Writings of César Vallejo** César Vallejo,2015-05-28 Essential writings from the catalyst of the Latin American experimental tradition For the first time in English readers can now evaluate the extraordinary breadth of C sar Vallejo s diverse oeuvre that in addition to poetry includes magazine and newspaper articles chronicles political reports fictions plays letters and notebooks Edited by the translator Joseph Mulligan Selected Writings follows Vallejo down his many winding roads from Santiago de Chuco in highland Peru to the coastal cities of Trujillo and Lima on to Paris Madrid Moscow and Leningrad This repeated border crossing also plays out on the textual level as Vallejo wrote prolifically across genres and in many cases created poetic space in extra literary modes Informed by a vast body of scholarly research this compendium synthesizes a restored literary corpus and in bold translations that embrace the idiosyncratic spirit of the author s writing puts forth a new representation of this essential figure of twentieth century Latin American literature as an indispensable alternative to the European avant garde Compiling well known versions with over eighty percent of the text presented in English translation for the first time Selected Writings is both a trove of and tribute to Vallejo s multifaceted work Includes translations by the editor and Clayton Eshleman Pierre Joris Suzanne Jill Levine Nicole Peyrafitte Michael Lee Rattigan William Rowe Eliot Weinberger and Jason Weiss
