House of Words Norman Ravvin, 1997-10-15 Arguing that Jewish North American writing is too commonly discussed as part of the mainstream neglecting the Jewish aspects of the works Ravvin places the writing of Bellow Richler Cohen West Mandel Roth and Rosenfarb within the Jewish context that the works demand Ravvin depicts a Jewish cultural landscape within which postwar writers contend with community and identity continuity and loss and highlights the way this particular landscape is entangled with broader literary and cultural traditions He considers Bellow and West alongside apocalyptic narratives discusses Cohen in relation to the counterculture examines Mandel's postmodern view of history and looks at autobiography and ethics in Roth and Rosenfarb At once scholarly and poetic *A House of Words* will appeal to the general reader of Canadian American and Jewish literature and history as well as to specialists in these fields

In Churchill's Shadow David Cannadine, 2003-01-15 With *In Churchill's Shadow* David Cannadine offers an intriguing look at ways in which perceptions of a glorious past have continued to haunt the British present often crushing efforts to shake them off The book centers on Churchill a titanic figure whose influence spanned the century Though he was the savior of modern Britain Churchill was a creature of the Victorian age Though he proclaimed he had not become Prime Minister to preside over the liquidation of the British Empire in effect he was doomed to do just that And though he has gone down in history for his defiant orations during the crisis of World War II Cannadine shows that for most of his career Churchill's love of rhetoric was his own worst enemy Cannadine turns an equally insightful gaze on the institutions and individuals that embodied the image of Britain in this period Gilbert Sullivan Ian Fleming Noel Coward the National Trust and the Palace of Westminster itself the home and symbol of Britain's parliamentary government This superb volume offers a wry sympathetic yet penetrating look at how national identity evolved in the era of the waning of an empire

Gale,2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature

Racial Attitudes in English-Canadian Fiction, 1905-1980 Terrence Craig, 2010-10-30 Racial Attitudes in English Canadian Fiction is a critical overview of the appearances and consequences of racism in English Canadian fiction published between 1905 and 1980 Based on an analysis of traditional expressions in literature of group solidarity and resentment the study screens English Canadian novels for fictional representations of such feelings Beginning with the English Canadian reaction to the mass influx of immigrants into Western Canada after World War One it examines the fiction of novelists such as Ralph Connor and Nellie McClung The author then suggests that the cumulative effect of a number of individual voices such as Grove and Salverson constituted a counter reaction which has been made more positive by Laurence Lyenko Richler and Clarke The debate between these two sides carried on in fictional and non fictional writing is seen to be in part resolved in synthesis after World War Two as attitudes are forced by wartime alliances and intellectual pressures into a qualified liberalism The author shows how single novels by Graham Bodsworth and Callaghan demonstrated a new concern for the exposure and eradication of racial discrimination an attitude taken further by the works of Wiebe and Klein The book concentrates on single texts that best portray deliberately or not racist ideology or anti racist arguments and attempts to explain the arousal in Canada of such ideas
