Showcasing Globalisation The Political Economy Of The Irish Republic:

Showcasing Globalisation? Nicola Jo-Anne Smith, 2005 This book examines in depth what is perhaps the test case for globalization the Irish Republic Not only is Ireland hailed as the most globalized economy in the world but its transformation into the Celtic Tiger in the 1990s is seen to demonstrate how nations can flourish in the new global economy By implication if other countries are to emulate Ireland's success they too must submit to the exogenous forces of globalization The Role of Ideas in Political Analysis Andreas Gofas, Colin Hay, 2010-01-21 Despite the proliferation of ideational accounts in the last decade or so the debate over the role of ideas remains caught up in a series of disputes over the ontological foundations epistemological status and practical pay off of the return to ideational explanations It is thus unsurprising that there is still little clarity about just what sort of an approach an ideational approach is and about what it would take to establish the kind of fully fledged ideational research programme many seem to assume has already been developed The contributors in this volume address these dilemmas in diverse but engagingly complementary ways They argue that what plagues most attempts to accord ideas an explanatory role is the persistence of the perennial dualities in political analysis In aspiring to eschew the current vogue for dualistic polemic the present volume reveals elements of dualistic thinking in the ideational turn and assesses the impact of the persistence of these perennial dualisms in the attempt to accord ideas an explanatory role *An Economic History of Ireland Since Independence* Andy Bielenberg, Raymond Ryan, 2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State Republic of Ireland It takes the Irish story from the 1920s right through to the present providing an excellent case study of one of many European states which obtained independence during and after the First World War The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s In a wider European context the Irish experience since EEC entry in 1973 was the most extreme European example of the achievement of industrialisation through foreign direct investment The eager adoption of successive governments in recent decades of a neo liberal economic model more particularly deregulation in banking and construction has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression *Ireland* Paul Bew, 2007-08-16 The modern Irish question is defined by many as a case of a great and supposedly liberal nation supposedly mistreating a smaller one This text embodies a new approach to this issue analysing key issues from religious discrimination and famine to the passions of both nationalism and unionism *The Legacy of Ireland's Economic Expansion* Peadar Kirby, Padraig Carmody, 2013-10-18 Ireland underwent a dramatic economic and social transformation from the 1990s onwards earning it the title the Celtic Tiger Rapid economic growth was accompanied by substantial immigration However in the later 2000s Ireland is also experiencing a severe economic recession This book examines the nature and geographies of the Celtic Tiger focusing on the evolution of industries such as information and communication technology and pharmaceuticals It also examines the

changing nature of social ties in cities trends amongst knowledge workers and the experiences of return migrants It concludes with reflections on the nature of the Celtic Tiger phenomenon and how this will shape Ireland's geography and society into the future This book was published as a special issue of Irish Geography The Euro at Ten Kenneth Dyson, 2008-09-04 With Economic and Monetary Union EMU the European Union is embarked on a major historic political project of formidable technical complexity In January 2009 the Euro Area will be ten years old What does the evidence from the first decade tell us about the significance of the euro for the EU and its member states This book brings together a range of recognized academic specialists to examine the main political aspects of this question How and in what ways has the euro Europeanized states members and non members their institutions policies and politics What have been its effects on the location and use of power Has the euro generated convergence or divergence What political patterns can be identified The book offers the first in depth and systematic political analysis of the first decade of the euro It places the euro in its global and European contexts offers a set of case studies of its effects on a representative sample of EU member states Anglo Saxon old D Mark Zone east central European and Baltic Mediterranean and Nordic and looks at three key sectors financial markets wages and collective bargaining and welfare reform The book contributes to Europeanization studies comparative political economy and studies of Economic and Monetary Union EMU It will be of major interest to students of the European Union and European integration comparative European politics and area and country studies *Rugby, Soccer and Irish Society* Conor Murray, 2024-06-17 This book is the first academic all island history of either rugby union or association football two of the three most popular male sporting pastimes in Ireland across the seven decades that followed the political partition of that country between 1920 and 1922 It moves beyond the occasionally simplistic explanations of the development of Irish sport that have focused on political and sectarian divisions and goes deeper into the social cultural and geographical dynamics of the island of Ireland to explain why certain people have played certain games in certain places Drawing on historical and archival sources as well as cutting edge geographical information systems the book brings to life the spatial trends in each game's administrative development and geographical distribution that have not normally been a feature of many previous histories of Irish sport The book also examines first and second hand accounts of athletes and administrators involved in rugby and football during that period to explore what it meant to represent a province or country at these crucial moments in Irish history and compares the Irish experience of both sports with experiences in other comparable countries Shining important new light on the interactions between Irish rugby and football and the political social economic and cultural trends of Ireland in the twentieth century this book is fascinating reading for anybody with an interest in the history of sport Ireland or the UK *Ireland under austerity* Colin Coulter, Angela Nagle, 2015-07-29 A radical look at the Irish austerity measures and the attempts to prop up business and the banks at the expense of ordinary citizens left to bear the brunt of conditions they did not cause Many of these contributors predicted Ireland's rapid cycle of boom and bust even at the

height of the Celtic Tiger boom **Ireland, Small Open Economies and European Integration** D. Begg, 2016-04-12 David Begg examines how four small open economies Finland Denmark the Netherlands and Ireland have managed the stresses and strains of Europeanisation since the single market came into being and as fault lines begin to appear within the European integration project In particular he drills down into the Irish Polity to see how its institutions have engaged with Europe and how decisions on critical issues like integration EMU and Social Partnership were reached He finds that both Ireland and Europe are at a critical juncture for different but interconnected reasons and identifies the options that are available to them Global Social Justice Heather Widdows, Nicola Smith, 2013-07-03 Global Social Justice provides a distinctive contribution to the growing debate about global justice and global ethics It brings a multi disciplinary voice which spans philosophical political and social disciplines and emphasises the social element of global justice in both theory and practice Bringing together a number of internationally renowned scholars the book explicitly addresses debates about the scope and hierarchies of justice and considers how different approaches and conceptions of justice inter relate It explores a diversity of themes relating to global social justice including globalisation human rights ecological justice gender and sexuality migration and trafficking global health challenges post conflict resolution and torture Global Social Justice will be vital reading for anyone interested in the political philosophical theories and practical issues surrounding global social justice including students and scholars of Political Science International Relations Philosophy Global Ethics Environmental Studies Development Studies Human Rights Law and Global Studies *Handbook of Research on Value Creation for Small and Micro Social Enterprises* Maher, Chi, 2018-12-07 In the corporate world businesses are focused on increasing their revenues but ignore the cries of social and environmental concerns from nearby communities At the other end of the spectrum nonprofits seek to help their local communities but are constantly required to create fundraisers without having adequate time to put those collected donations to use The world needs an industry to combine civic engagement and public service with wealth and value creation to provide self sustaining opportunities for public services that are sometimes overlooked or ignored The Handbook of Research on Value Creation for Small and Micro Social Enterprises defines the concept of social enterprise and provides vital insight into the importance of rebalancing creating and promoting economic activities that achieve social fairness cultural fulfillment and the protection of the environment While highlighting topics such as marketing strategies cross cultural frameworks and public policy this publication focuses on empowering rather than controlling sustainable solutions for various communities and consumers This book is ideally designed for researchers policymakers academicians who teach and or research small and micro social enterprises and advanced level students furthering their research exposure to pertinent topics in this field Resilient Liberalism in Europe's Political Economy Vivien A. Schmidt, Mark Thatcher, 2013-08-29 Why have neo liberal economic ideas been so resilient since the 1980s despite major intellectual challenges crippling financial and political crises and failure to deliver on their promises Why do they repeatedly

return not only to survive but to thrive This groundbreaking book proposes five lines of analysis to explain the dynamics of both continuity and change in neo liberal ideas the flexibility of neo liberalism s core principles the gaps between neo liberal rhetoric and reality the strength of neo liberal discourse in debates the power of interests in the strategic use of ideas and the force of institutions in the embedding of neo liberal ideas The book s highly distinguished group of authors shows how these possible explanations apply across the most important domains fiscal policy the role of the state welfare and labour markets regulation of competition and financial markets management of the Euro and corporate governance in the European Union and across European countries

The Politics of Tourism Development A. O'Brien,2011-12-02 Moving beyond both tourism and politics literatures current understandings of how tourism is developed this book offers an original theory of interlocking regimes to account for the manner in which public and private bodies either facilitate or prevent development within tourism

Irish Civilization Arthur Aughey,John Oakland,2013-12-17 Irish Civilization provides the perfect background and introduction to both the history of Ireland until 1921 and the development of Ireland and Northern Ireland since 1921 This book illustrates how these societies have developed in common but also those elements where there have been and continue to be substantial differences It includes a focus on certain central structural aspects such as the physical geography the people political and governmental structures cultural contexts economic and social institutions and education and the media Irish Civilization is a vital introduction to the complex history of Ireland and concludes with a discussion of the present state of the relationship between them It is an essential resource for students of Irish Studies and general readers alike

The Political Economy and Media Coverage of the European Economic Crisis Julien Mercille,2014-08-27 The European economic crisis has been ongoing since 2008 and while austerity has spread over the continent it has failed to revive economies The media have played an important ideological role in presenting the policies of economic and political elites in a favourable light even if the latter s aim has been to shift the burden of adjustment onto citizens This book explains how and why using a critical political economic perspective and focusing on the case of Ireland Throughout Ireland is compared with contemporary and historical examples to contextualise the arguments made The book covers the housing bubble that led to the crash the rescue of financial institutions by the state the role of the European institutions and the International Monetary Fund austerity and the possibility of leaving the eurozone for Europe s peripheral countries Through a systematic analysis of Ireland s main newspapers it is argued that the media reflect elite views and interests and downplay alternative policies that could lead to more progressive responses to the crisis

Highways, Crossroads and Cul de Sacs Paul Burgess,Peter Herrmann,2010 This book examines various aspects of youth and community work drawn from an Irish context but spanning European and international perspectives Authors locate the subject matter at source whilst exploring some of the impediments that policy practice and actors must contend with Significantly the contributors locate their reflections within European and global contexts whilst critiquing developing trends and outcomes so as to better understand

key issues in Irish Youth and community work in particular and wider Irish civil society as a whole **Karl Polanyi and the Contemporary Political Crisis** Peadar Kirby,2020-12-10 Has politics reached breaking point Rather than defending liberalism or abandoning it how can a socially just and ecological alternative be built Peadar Kirby investigates the causes of our current multifaceted global crisis by drawing on the work of Karl Polanyi This book explores Polanyi s theory that social disruptions result from the attempt to run society according to the rules of the market Drawing on these ideas it outlines pathways towards an alternative future that overcome weaknesses in Marxism Linking the ecological political and socio economic crises Kirby identifies that an alternative socio ecological model is emerging consistent with the insights of Polanyi Karl Polanyi and the Contemporary Political Crisis is an urgent intervention into key debates on the future of politics on the low carbon transition on automation and on the emerging world order **Globalization and Transnational Migrations** Oluyato Adesina,2009-03-26 The past three decades have proved extremely challenging for Africa and its peoples both at home and in the Diaspora Coincidentally these were also the decades that globalization reached maturity and that the world became more interconnected and interdependent The paradox of globalization for Africa has included increase in marginalization poverty inequality migration and instability This book highlights global asymmetries by interfacing the notion of one world or flat world with the challenges thrown up by transnational migration brain drain citizenship identity multiculturalism religion and ethnicity It presents researches and discourses on globalization across disciplines and across regions and fosters ongoing inquiry into important assumptions beliefs and perspectives about the implications of globalization for Africa and Africans It covers major areas of concern movement of refugees xenophobia transition from economic migration to citizenship challenges of integration and conflict of identity The authors investigate the experiences of Africans in various economic sectors and geographical locations and the trends in hegemony inequality cultural changes and the dynamics of social movements and struggles Through illuminating narratives and copious explanations this book assists readers to make sense of globalization and the position of Africa and Africans in it **Globalisation and Ideology in Britain** Craig Berry,2013-07-19 The globalisation concept has become ubiquitous in British politics as it has in many countries of the world This exciting new book examines discourse on foreign economic policy to determine the impact of globalisation across the ideological landscape of British politics The book critically interrogates the assumption that the idea of globalisation is derivative solely of neo liberal ideology by profiling the discourse on globalisation of five political groups involved in making and contesting British foreign economic policy between 1997 and 2009 New Labour International Financial Services London the Liberal Democrats Oxfam and the Socialist Workers Party In addition to the relationship between neo liberalism and globalisation it also explores the core meaning of the idea of globalisation the implications for the principle of free trade the impact on notions of the state nation state and global governance and whether globalisation means different things across the ideological spectrum Topically the book examines how the responses to the global financial crisis

have been shaped by globalisation discourse and the value of ideology as an analytical concept able to mitigate debates on the primacy of material and ideational explanations in political economy It will be of vital use to students and scholars of global economic change financial crisis the state the impact of globalisation on national governance and those interested in ideological change The Euro Crisis and European Identities Charlotte Galpin, 2017-06-21 This book builds upon our knowledge of the far reaching economic political and social effects of the Euro crisis on the European Union by providing a unique study of European identities In particular it considers the impact on the construction of European identities in political and media discourse in Germany Ireland and Poland three countries with profoundly different experiences of the crisis and never before compared in a single study Offering an original insight into the dynamics of identity change at moments of upheaval the author argues that political and media actors in the early stages of the crisis drew on long standing identities in order to make sense of the crisis in the public sphere European identity discourses are thus resilient to change but become central to legitimising and contesting bailouts and further economic integration As such the author challenges the commonly held view that identities change dramatically at times of crisis but argues that this very resilience helps to understand the EU s current divisions The study of identity during the Euro crisis sheds important light on the prospects for European solidarity as well as on the future of the single currency as an identity building project The book will be of particular interest to students and scholars in the fields of EU politics comparative European politics and identity politics

Showcasing Globalisation The Political Economy Of The Irish Republic Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Showcasing Globalisation The Political Economy Of The Irish Republic PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Showcasing Globalisation The Political Economy Of The Irish Republic PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and

intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Showcasing Globalisation The Political Economy Of The Irish Republic free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Showcasing Globalisation The Political Economy Of The Irish Republic Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Showcasing Globalisation The Political Economy Of The Irish Republic is one of the best book in our library for free trial. We provide copy of Showcasing Globalisation The Political Economy Of The Irish Republic in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Showcasing Globalisation The Political Economy Of The Irish Republic. Where to download Showcasing Globalisation The Political Economy Of The Irish Republic online for free? Are you looking for Showcasing Globalisation The Political Economy Of The Irish Republic PDF? This is definitely going to save you time and cash in something you should think about.
