inspired creations live triumphs and studio victories as well as the occasional controversial failure With original interviews from Anderson Bruford Howe Wakeman the late Chris Squire and many others the tale unfolds via an exhaustive chronology designed to satisfy the most knowledgeable of Yes fans You just might learn what Close To The Edge actually means or why Alan White and Jon Anderson might be seen prowling the junkyard for car parts Not content with charting the band s history Popoff covers the major projects outside the Yes umbrella such as Asia GTR and Rick Wakeman s extravaganzas to paint a full picture If you ve been moved by classic albums like Fragile Close To The Edge Relayer Going For The One or more recent offerings like Fly From Here and Heaven And Earth you ll love this book which perfectly captures the spirit of progressive rock s first biggest and best band who have made it their mission to widen our perceptions of what music can be **Black Leather Required** David J. Schow, David J Schow s short stories have been regularly selected for over twenty five volumes of Year s Best anthologies across three decades and have won the World Fantasy Award the ultra rare Dimension Award from Twilight Zone magazine plus a 2002 International Horror Guild Award for his collection of Fangoria columns Wild Hairs Black Leather Required collects thirteen of Schow s short stories and includes an intro by John Farris The stories included in this collection are The Shaft Sedalia A Week in the Unlife Scoop Makes a Swirly Kamikaze Butterflies Beggar s Banquet with Summer Sausage Pitt Night at the Lewistone Boneyard Jerry s Kids Meet Wormboy Life Partner Last Call for the Sons of Shock Where the Heart Was Sand Sculpture Bad Guy Hats [Simon Kingsnorth Consulting](#) [Swimming Pool](#) Piotr Florczyk,2024-02-08 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things As a former world ranked swimmer whose journey toward naturalization and U S citizenship began with a swimming fellowship Piotr Florczyk reflects on his own adventures in swimming pools while taking a closer look at artists architects writers and others who have helped to cement the swimming pool s prominent and iconic role in our society and culture Swimming Pool explores the pool as a place where humans seek to attain the unique union between mind and body Object Lessons is published in partnership with an essay series in The Atlantic *Dreaming Japanese* Marty Friedman,2024-12-03 The rollicking autobiography of the iconic guitarist who took thrash metal behemoths Megadeth from the edge of collapse to their highest peak before departing to Japan for the joy of J Pop The story of how he got where he is is fascinating The Megadeth years have been well documented but there s so much more to Marty Friedman s story and it s well worth reading about in Dreaming Japanese Decibel Magazine Marty Friedman s upbringing was as atypical as his career Growing up in a Jewish household in Maryland the son of an NSA executive he lacked motivation until he accidentally discovered the guitar and immediately found his calling Enjoying a hazy adolescence overflowing with partying music and teen antics he achieved local stardom in Deuce then burst onto the national scene by pioneering a radically new style of playing bringing attention to the guitar aficionado label Shrapnel Records Acclaim didn t breed success or money but undeterred Friedman moved to California and after attempts to join Madonna KISS and Ozzy

Osbourne finally scored a gig in Megadeth at a time when the band members were just recovering from the verge of self destruction and Marty was in and out of homelessness Friedman is the most revered guitarist to play in any Megadeth lineup During his ten years his exotic innovating style helped define the sound of their biggest albums and while it elevated him to guitar hero status with all the accompanying perks it came at a significant cost As the only clean and sober member Friedman vividly recalls the triumphs and trials of each album cycle and more bringing to light previously undisclosed personal feelings surrounding the circumstances that forced the band into hiding in the midst of the Countdown to Extinction Tour and the brutal effort it took to get the band back up and running His profound and complicated relationship with frontman Dave Mustaine was symbolic of the band's insane dynamic and Marty poignantly and generously shares his experiences within the band's inner sanctum during the highs lows and daily routines But Dreaming Japanese is far more than a memoir about Friedman's multi Platinum years in Megadeth The riveting narrative captures his relentless perseverance as he struggles to start again from nothing Spontaneously leaving his home in the US and feeling lost in the middle of Tokyo with few connections or concrete plans the story traces his journey to acclimate and assimilate into the inner core of an alien society language and culture almost like a double agent spy In fascinating detail and clarity Marty shares how he gradually made inroads into the Japanese entertainment industry becoming a household name and fixture on mainstream television and earning respect as a highly influential solo artist Dreaming Japanese follows the wildly entertaining inspiring and above all unprecedented path of a rock and roll guitar player who took the biggest risk leaving worldwide success to start over from scratch in a country culture and society far from his own ultimately becoming an official ambassador of Japan
