## Shuttle In The Crypt:

**A Shuttle in the Crypt** Wole Soyinka, 1972      Critical Perspectives on Wole Soyinka Wole Soyinka, 1980 Distinguished scholars analyze the plays poetry and prose of Wole Soyinka winner of the Nobel Prize for literature in 1986 Essays trace his career and place his work in the general context of African literature      Introduction to Soyinka's Poetry Aderemi James Bamikunle, 1991      A Shuttle in the Crypt Wole Soyinka (Schriftsteller, Dramaturg, Nigeria), 1972      *Animist Poetics* Ryan Topper, 2025-08-01 Argues that African literature conceptualizes trauma and regeneration as a more than human process offering an animist revision of psychoanalysis Psychoanalytic trauma theory largely disregards African perspectives Postcolonial criticism often filters these perspectives through a secular humanist lens Examining how African literature uses animism to address the traumas of colonization Animist Poetics offers a new understanding of the postcolonial condition From an animist viewpoint the self is not an individual but rather a regenerative process linking the living the dead and their ecosystems Looking at poetry fiction drama and visual art including archival manuscripts by Wole Soyinka and Yvonne Vera Ryan Topper argues that African literature reinvents these Indigenous ecologies in uniquely modern ways Animist Poetics takes Indigenous and literary knowledge seriously rethinking the foundations of psychoanalysis and charting new theoretical paths in posthumanism the environmental humanities new materialism biopolitics and memory studies      **Wole Soyinka** Biodun Jeyifo, 2003-11-13 Biodun Jeyifo examines the connections between the innovative and influential writings of Wole Soyinka and his radical political activism Jeyifo carries out detailed analyses of Soyinka's most ambitious works relating them to the controversies generated by Soyinka's use of literature and theatre for radical political purposes He gives a fascinating account of the profound but paradoxical affinities and misgivings Soyinka has felt about the significance of the avant garde movements of the twentieth century Jeyifo also explores Soyinka's works with regard to the impact on his artistic sensibilities of the pervasiveness of representational ambiguity and linguistic exuberance in Yoruba culture The analyses and evaluations of this study are presented in the context of Soyinka's sustained engagement with the violence of collective experience in post independence postcolonial Africa and the developing world No existing study of Soyinka's works and career has attempted such a systematic investigation of their complex relationship to politics      **Nigerian Literary Imagination and the Nationhood Project** Toyin Falola, 2022-07-14 This book explores how modern Nigerian fiction is rooted in writers understanding of their identity and perception of Nigeria as a country and home Surveying a broad range of authors and texts the book shows how these fictionalized representations of Nigeria reveal authentic perceptions of Nigeria's history and culture today Many of the lessons in these works of literature provide cautionary tales and critiques of Nigeria as well as an examination of the lasting impact of colonialism Furthermore the book presents the nation as both the framework and subject of its narrative By conducting literary analyses of Nigerian fiction with historical reference points this work demonstrates how Nigerian literature can convey profound themes and knowledge that resonates with audiences teaching Nigerians and

non Nigerians about the colonial and postcolonial experience The chapters cover topics on nationhood women s writing postcolonial modernity and Nigerian literature in the digital age *Postcolonial Identity in Wole Soyinka* Mpalive-Hangson Msiska,2007 Soyinka s representation of postcolonial African identity is re examined in the light of his major plays novels and poetry to show how this writer s idiom of cultural authenticity both embraces hybridity and defines itself as specific and particular For Soyinka such authenticity involves recovering tradition and inserting it in postcolonial modernity to facilitate transformative moral and political justice The past can be both our enabling future and our nemesis In a distinctive approach grounded in cultural studies *Postcolonial Identity in Wole Soyinka* locates the artist s intellectual and political concerns within the broader field of postcolonial cultural theory arguing that although ostensibly distant from mainstream theory Soyinka focuses on fundamental questions concerning international culture and political identity formations the relationship between myth and history tradition and modernity and the unresolved tension between power as a force for good or evil Soyinka s treatment of the relationship between individual selfhood and the various framing social and collective identities so the book argues is yet another aspect linking his work to the broader intellectual currents of today Thus Soyinka s vision is seen as central to contemporary efforts to grasp the nature of modernity His works conceptualize identity in ways that promote and modify national perceptions of Africanness rescuing them from the colonial and neocolonial logic of cultural denigration in a manner that fully acknowledges the cosmopolitan and global contexts of African postcolonial formation Overall what emerges from the present study is the conviction that in Soyinka s work it is the capacity to assume personal and collective agency and the particular choices made by particular subjects at given historical moments that determine the trajectory of change and ultimately the nature of postcolonial existence itself *Postcolonial Identity in Wole Soyinka* is a major and imaginative contribution to the study of Wole Soyinka African literature and postcolonial cultural theory and one in which writing and creativity stand in fruitful symbiosis with the critical sense It should appeal to Soyinka scholars to students of African literature and to anyone interested in postcolonial and cultural theory **A Creative Passion** Jeff

Shantz,2010-07-12 The specter of anarchism is haunting statist and capitalist culture and politics in the 21st century Anarchism the idea that people can organize their lives on the basis of justice and equality free from political and economic rulers has provided inspiration for a variety of contemporary social movements Yet anarchism remains a misunderstood and misrepresented philosophy *A Creative Passion* edited by a longtime anarchist activist and scholar offers important insights into anarchist cultural practices and worldviews The classical anarchist Mikhail Bakunin famously proclaimed that the passion for destruction is also a creative passion Anarchists over the decades have sought to destroy the tyrannical authoritarian exploitative and oppressive aspects of statist and capitalist societies and culture while creating alternatives based on solidarity justice care and mutual aid This innovative work provides exciting perspectives on current movements and ideas that seek a world free from authoritarian domination It will be a welcome resource for students faculty artists and

community organizers alike Chapters examine anarchism and dada drama and anarchy eco anarchism and critiques of capitalist civilization DIY and anarcho punk assaults on corporate culture industries and Wole Soyinka's anarchism *Wole Soyinka* Mpalive-Handson Msiska, 1997-11 The book reconsiders Soyinka's contribution to the debate about African identity exploring the various elements constituting his distinctive aesthetic and apprehension of African culture It concentrates on his plays his fiction and poetry and investigates his views on the relationship between myth history and modernity primarily highlighting his conception of the nature of African post colonial society and power Also the book looks at Soyinka's exploration of the metaphysical aspects of evil particularly as manifested in political violence and in addition it examines his belief in the irrepressibility of the human desire to transcend any form of political spiritual and social oppression Finally it argues that Soyinka's major contribution to our understanding of contemporary African life and art lies in his attempts to move beyond the idea of identity as an opposition between Self and Other to a conception of identity in which such concepts are either themselves questioned or transferr

**Perspectives on Wole Soyinka**, Essays that examine the aesthetics and the radical politics of one of Africa's greatest writers *Poetry and the Language of Oppression* Carmen Bugan, 2021 Reflecting on the process of creating literature out of personal testimony and drawing on her own experience of political oppression and escaping persecution Carmen Bugan explores the relationship between language and freedom

**Winged Words** Piero Boitani, 2007-05-15 Flight has always fascinated human minds but until a century ago it remained a dream the exclusive domain of birds gods and mythological heroes From the myths of the ancients to the poetry of Pindar and Yeats Winged Words traces the imprint of the human impulse to fly from premodern times to the age of terrorism in both literature and history Piero Boitani begins his analysis with an account of the way the myths of Pegasus and Icarus have persisted from classical to twentieth century politics and literature He then takes up the figure of Hermes the roles of halcyons and eagles in classical biblical and later literatures and literary response to Pieter Brueghel's The Fall of Icarus Honing in on modern figures and concerns Boitani also offers a fascinating discussion of author pilot Antoine de Saint Exupéry and concludes with a meditation on the flight of the hijacked airliners on 9/11 Throughout Winged Word brings a remarkable range of men of action politicians theologians writers and artists into dialogue with each other Shakespeare with T S Eliot Horace with Ovid Leonardo with Milton Leopardi with Mallarmé Saint Exupéry with Faulkner and Rilke and the Ulysses of Homer with the Ulysses of Dante Ultimately by showing how writers and fliers have looked to the ancients for inspiration Boitani testifies to the modern relevance of poetry and the classics

**Transatlantic Engagements with the British Eighteenth Century** Pamela J. Albert, 2017-07-12 Transatlantic Engagements with the British Eighteenth Century revisits eighteenth century cultural artifacts through the lens of creative works produced by contemporary writers Beryl Gilroy Guyana Derek Walcott St Lucia Wole Soyinka Nigeria and David Dabydeen Guyana While early studies of post colonization literature focused on how revisions of historical works write back to the British empire this study argues that trans historical cross cultural dialogues

also reveal the global complexity of eighteenth century cultural forms i e the periodical essay travel narrative pantomime satirical engraving and slave narrative By transforming the generic form of their eighteenth century sources the African and Caribbean writers in this study strategically call attention to the modes of storytelling utilized by eighteenth century writers Richard Steele Daniel Defoe Jonathan Swift William Hogarth Isaac Bickerstaff and Ignatius Sancho and subsequently expose how the encounters exchanges and acts of resistance taking place around the world influenced aesthetic experimentation in England Transatlantic Engagements with the British Eighteenth Century is thus a reconsideration of eighteenth century literature art and drama However because these engagements with British literature art and drama concurrently reflect twentieth century encounters with neocolonial oppression political violence and racism this study also proposes that engagements with the British eighteenth century double as inquiries into whether the modern world has progressed since the eighteenth century
