The Wooden Spoon Rosalie Marino

Demonte, Arthur A. Demonte, 2009-10-26 *The Wooden Spoon* is in essence an Italian Roots. The story traces the arrival of an Italian family from Sicily to America. Using actual historical events as a backdrop, we follow the family from being immigrants to fully mainstream Americans without them ever losing their rich Italian culture. Because the book is based on unverified stories told around the kitchen table, hence the changing of surnames as well as actual events. *The Wooden Spoon* is a compelling blend of fiction and non-fiction, a multi-cultural experience within a semi-autobiographical memoir. In many respects, it is also a woman's story, as well as the primary characters are women. The book's title is derived from the women cooking in the kitchen with an ever-present wooden spoon or at the kitchen table with coffee, gossiping away. You'll watch Maria and Rosarios six children grow and raise their own families, their eldest daughters, the author's mother and grandmother, youngest child, the author meeting the man she'll marry at the book's conclusion. Along the way, the reader will bond with the family, making them their own. They'll share countless laughs and spill many tears as they spend 54 years with the family. Another property of the book is that it embraces the beloved aspects of the Godfather-type stories with very, very little Mafia references. It was the psychodynamics of an Italian family which sustained those stories. Here, the family IS the story. If you liked *Moonstruck*, you'll love *The Wooden Spoon*.

Subversive Sounds Charles B. Hersch, 2008-09-15 *Subversive Sounds* probes New Orleans's history, uncovering a web of racial interconnections and animosities that was instrumental to the creation of a vital American art form: jazz. Drawing on oral histories, police reports, newspaper accounts, and vintage recordings, Charles Hersch brings to vivid life the neighborhoods and nightspots where jazz was born. This volume shows how musicians such as Jelly Roll Morton, Nick La Rocca, and Louis Armstrong negotiated New Orleans's complex racial rules to pursue their craft and how, in order to widen their audiences, they became fluent in a variety of musical traditions from diverse ethnic sources. These encounters with other music and races subverted their own racial identities and changed the way they played, a musical miscegenation that, in the shadow of Jim Crow, undermined the pursuit of racial purity and indelibly transformed American culture. More than timely, Hersch orchestrates voices of musicians on both sides of the racial divide, underscoring how porous the music made the boundaries of race and class. *New Orleans Times Picayune*.

Blood in the Streets Austin Fisher, 2019-02-20 *Blood in the Streets* investigates the various ways in which 1970s Italian crime films were embedded in their immediate cultural and political contexts. The book analyses the emergence, proliferation, and distribution of a range of popular film cycles or *filoni*, from conspiracy thrillers and vigilante films to mafia and serial killer narratives, and examines what these reveal about their time and place. With industrial conditions geared around rapid production schedules and concentrated release patterns, the engagement in these films with both the contemporary political turmoil of 1970s Italy and the traumas of the nation's recent past offers a range of fascinating insights into the wider anxieties of this decade concerning the Second World War and its ongoing political aftermath.

Through Blood and Sweat Mark Zuehlke, 2015-10-24 As part of Operation Husky 2013, a group of Canadians walked this route to honour the

memory of the nation's soldiers who fought in Sicily seventy years earlier and whose sacrifice has been largely forgotten Under a searing sun with Mount Etna's soaring heights always in the distance a small contingent of marchers trekked each day along winding country roads for between 15 and 35 kilometres to reach the outskirts of a small town or village Here they were joined by a pipe band which led them to the skirl of bagpipes in a parade into the community's heart to be met by hundreds of cheering and applauding Sicilians Before each community's war memorial a service of remembrance for both the Canadian and Sicilian war dead followed Each day also brought the marchers closer to their final destination Agira Canadian War Cemetery where 490 of the 562 Canadian soldiers who fell during the course of Operation Husky in 1943 are buried On July 30 after twenty gruelling days the marchers were joined here by almost a thousand Canadians and Italians All joined to conduct a profoundly emotional ceremony of remembrance that ended with one person standing before each headstone and answering the roll call on that soldier's behalf Mark Zuehlke author of the award winning Canadian Battle Series was one of the Operation Husky 2013 marchers He uses this arduous and poignant task as a focal point for a contemplative look at the culture of remembrance and the experience of war

Memory's Orbit Joseph Natoli, 2012-02-01 Mixing memoir and cultural criticism *Memory's Orbit* examines the intersections between a wide range of films and current events finding its theme and orbiting narrative structure in the personal stories we live within and their relationship to the social and cultural order Joseph Natoli covers such films as *The Matrix* *American Beauty* *Fight Club* *Eyes Wide Shut* and *American History X* as well as such headline events as the death of John F Kennedy Jr the dot com boom the WTO protests in Seattle and Bush versus Gore consistently identifying those aspects of the social order that have shaped his narrating frame Eschewing theoretical exposition and jargon Natoli performs postmodern critique and this book continues his innovative work in the genre of cultural studies
