Magnificent Obsessions Jean Fornasiero, Rosemary Lloyd, 2014-08-11. This volume is a tribute to the life and work of Hazel Rowley, internationally acclaimed biographer who died unexpectedly in March 2011. Her passions were many and varied: biography, politics, questions of race and sexuality, the ways in which couples negotiate the dilemmas posed by the need to retain their individuality while building a life as a couple, the deleterious effects of imposing a corporate mentality on universities. All these and more were subjects of intense interest to her. This collection combines essays responding to many of those interests with creative writing to honour the complexity and variety of her own magnificent contribution. Hazel Rowley, whose life and work are honoured in this collection, was the author of many articles and essays and four outstanding biographies: *Christina Stead: A Biography*, *Richard Wright: The Life and Times*, *Simone de Beauvoir*, and *Jean Paul Sartre and Franklin and Eleanor: An Extraordinary Marriage*.

The Oxford Encyclopedia of British Literature David Scott Kastan, 2006-03-03. In five hundred substantial essays written by major scholars, the *Encyclopedia of British Literature* includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes, movements, genres, and institutions whose impact upon the writing or the reading of literature was significant. An ideal companion to *The Oxford Encyclopedia of American Literature*, this set will prove invaluable for students, scholars, and general readers. All We Know Lisa Cohen, 2024-06-04. Esther Murphy was a brilliant New York intellectual who dazzled friends and strangers with an unstoppable flow of conversation. But she never finished the books she was contracted to write, a painful failure and yet a kind of achievement. The quintessential fan, Mercedes de Acosta had intimate friendships with the legendary actresses and dancers of the twentieth century. Her ephemeral legacy lies in the thousands of objects she collected to preserve the memory of those performers and to honor the feelings they inspired. An icon of haute couture and a fashion editor of *British Vogue*, Madge Garland held bracing views on dress that drew on her feminism, her ideas about modernity, and her love of women. Existing both vividly and invisibly at the center of cultural life, she like Murphy and de Acosta is now almost completely forgotten. In *All We Know*, Lisa Cohen describes these women's glamorous choices, complicated failures, and controversial personal lives with lyricism and empathy. At once a series of intimate portraits and a startling investigation into style, celebrity, sexuality, and the genre of biography itself, *All We Know* explores a hidden history of modernism and pays tribute to three compelling lives. *All We Know* is one of Publishers Weekly's Top 10 Best Books of 2012.
