Sieben Jahre In Tibet Mein Leben Am Hofe D Dalai Lama:

Seven Years in Tibet Heinrich Harrer, 1953 In the summer of 1939 climber and Olympic ski champion Heinrich Harrer was in India when war was declared He found himself a prisoner of the British and was interned at the POW camp at Dehra Dun With the Himalayas right in front of him the thought of escaping through the mountain passes was very attractive With few possessions and little money Harrar escaped in 1944 and succeeded in reaching Tibet only to discover that Tibetians did not welcome strangers Eventually after great hardship and some remarkable experiences he reached the forbidden city of Lhasa where he became tutor and friend of the present Dalai Lama who was then a child Harrar left the country seven years later when the Red Chinese invasion forced the Dalai Lama to flee Rethinking Geographical Explorations in Extreme Environments Marco Armiero, Roberta Biasillo, Stefano Morosini, 2022-07-14 Focusing on extreme environments from Umberto Nobile's expedition to the Arctic to the commercialization of Mt Everest this volume examines global environmental margins how they are conceived and how perceptions have changed Mountaintops and Arctic environments are the settings of social encounters political strategies individual enterprises geopolitical tensions decolonial practises and scientific experiments Concentrating on mountaineering and Arctic exploration between 1880 1960 contributors to this volume show how environmental marginalisation has been discursively implemented and materially generated by foreign and local actors It examines to what extent the status and identity of extreme environments has changed during modern times moving them from periphery to the centre and discarding their marginality. The first section looks at ways in which societies have framed remoteness through the lens of commercialization colonialism knowledge production and sport while the second examines the reverse transfer focusing on how extreme nature has influenced societies through international network creation political consensus and identity building This collection enriches the historical understanding of exploration by adopting a critical approach and offering multidimensional and multi gaze reconstructions This book is essential reading for students and scholars interested in environmental history geography colonial studies and the environmental humanities Tibet's Ancient Religion, Bön Christoph Baumer, 2002 This illustrated appraisal of the role of the Bon religion in Tibetan culture identifies elements of secular and non secular Tibetan society that arguably pre date the influx of Buddhism It takes the reader to the monasteries and sacred sites of Bon and reveals its influences on Tibet This is an illustrated fresh appraisal of the role of the Bon religion in Tibetan culture which sets out to identify those elements of both secular and non secular Tibetan society that arguably pre date the influx of Buddhism In order to fully understand Tibetan culture the book takes the **Opuscula** Tibetana ,1974 Journal of the Asiatic Society ,1961 Bibliographie Internationale de L'histoire Des Religions ,1962 Deutsche Fernostbibliographie 1981 Helmut Martin, Günther Pflug, 2014-07-24 Keine ausf hrliche Beschreibung f r Deutsche Fernostbibliographie 1981 verf gbar Library of Congress Catalog Library of Congress, 1974-04 A cumulative list of works represented by Library of Congress printed cards Wilhelm Alexander Unkrig (1883-1956) - Kleine Arbeiten
