## Sieben Legenden:

Legends of Long Ago Gottfried Keller, 1971      **Legends of Long Ago** Gottfried Keller, 1911      Reading the Juggler of Notre Dame Jan M. Ziolkowski, 2022-07-25 In this two part anthology Jan M Ziolkowski builds on themes uncovered in his earlier *The Juggler of Notre Dame and the Medievalizing of Modernity* Here he focuses particularly on the performing arts Part one contextualises *Our Lady's Tumbler* a French poem of the late 1230s by comparing it with episodes in the Bible and miracles in a wide variety of medieval European sources It relates this material to analogues and folklore across the ages from among others Persian Jewish and Hungarian cultures Part two scrutinizes the reception and impact of the poem with reference to modern European and American literature including works by the Nobel prize winner Anatole France professor poet Katharine Lee Bates philosopher historian Henry Adams and poet W H Auden This innovative collection of sources introduces readers to many previously untranslated texts and invites them to explore the journey of *Our Lady's Tumbler* across both sides of the Atlantic *Reading the Juggler of Notre Dame Medieval Miracles and Modern Remakings* will benefit scholars and students alike The short introductions and numerous annotations shed light on unusual beliefs and practices of the past making the readings accessible to anyone with an interest in the arts and an openness to the Middle Ages

Gottfried Keller Caroline von Loewenich, 2000      Des Armen Teufel Gesammelte Schriften ... Robert Reitzel, 1913      *A History of the German Novelle* E. K. Bennett, E. K. Waidson, 1961      *The National Union Catalog, Pre-1956 Imprints Library* of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1973      Embodying Ambiguity Catriona MacLeod, 1998 *Embodying Ambiguity* traces the shifts in the representation of the androgyny myth in the literature and aesthetics of the late eighteenth century and nineteenth century Catriona MacLeod examines important pedagogic implications of the androgyny ideal for Classical Romantic and Realist texts beginning with Aristophanes narrative of the origin of human sexuality in Plato's Symposium and including the hermaphroditic androgyny proposed by Winckelmann and the heterosexual complementary model found in Schiller and Schlegel

**Die Dinge und die Zeichen** Sabine Schneider, Barbara Hunfeld, 2008      Calendar University of St. Andrews, 1904      **A History of German Literature** John George Robertson, 1902      **Bulletin of Washington University, St. Louis** Washington University (Saint Louis, Mo.), 1908      Between National Fantasies and Regional Realities Arne Koch, 2006 Despite its popularity during the nineteenth century regional literature has often been overlooked with regard to its role in the development of German national consciousness By exploring various illustrations of geographic historical landscapes in texts written before the 1848 revolutions and after the 1871 unification this book investigates the vital polyphony generated by unique regional voices throughout the age of nationalism Close readings of texts by Berthold Auerbach Theodor Storm Wilhelm Raabe Fritz Reuter Theodor Fontane Gottfried Keller and Marie von Ebner Eschenbach examine recognizable and unfamiliar regions Although this study concentrates on provincial writings literary regionalism's

fictionality and simultaneous referentiality raise broader questions for the programmatic aesthetics of Poetic Realism and for inquiries into identity formation

Day of Prayer Mandates Gottfried Keller, 2024-05-09 Among Keller's various official duties as the State Chancellor at the *Zürcherische Freitagszeitung* was the drafting of the *Bettagsmandate* day of prayer mandates. The first of these documents was created in 1862. The government had reservations about publishing it. Keller, who himself abstained from religious ceremonies, had initially wished for well-attended church services for the Day of Prayer but added: "However, let even the citizen who is not of a religious disposition not spend this day in restless diversion using his freedom of conscience but demonstrate his respect for the fatherland in quiet contemplation." Many clergymen would have found it burdensome to read these words of a Feuerbachian from the pulpit, leading the government to order a more diplomatically formulated mandate from another writer. The Day of Prayer Mandates were a series of official mandates addressed to the citizens of a Swiss canton on the occasion of the national day of thanksgiving, repentance, and prayer. Traditionally read from the pulpit and published, these mandates serve as a call to introspection, moral accountability, and communal reflection on the state of the nation and individual responsibilities. In the 1862 mandate, Keller emphasizes the importance of this day not as a mere religious formality but as a profound moment for citizens to evaluate their inner moral values and their contributions to the common good. The mandate reflects on the nation's recent progress and honors, cautions against complacency, and urges continued serious efforts in public and private life. Citizens are encouraged to reflect on their responsibilities to the fatherland and to ensure that their actions are consistent with the principles of justice, charity, and civic duty. In addition, the mandates address contemporary issues, including the extension of rights to the Jewish population within the canton, highlighting a step towards equality and social harmony. The document also touches on the broader geopolitical context, noting the ongoing American Civil War and its implications. This modern critical reader's translation from the original German includes supplementary materials that bring Keller's life and impact to life. Nietzsche considered Keller to be one of the greatest living poets of his time. However, his works are rarely found in other languages, so most people today are unaware of who he was or why he was important. This edition remedies that situation by providing a clear, accessible version of Keller's original German writing and offering insight into his broader ideas and the philosophical landscape in which he operated. Working directly from Keller's manuscripts, this new translation delivers literary excellence and scholarly depth with amplifying materials. Readers will discover not only Keller's powerful voice but also the philosophical currents that shaped an entire era of German thought. The edition includes an illuminating afterword tracing Keller's intellectual relationship with Nietzsche, revealing the fascinating dialogue between two of the period's most influential minds. A comprehensive timeline connects the major events of Keller's life with his published works, and a detailed index provides an authoritative guide to his complete writings. Together, these materials provide newcomers and serious readers with everything needed to appreciate one of literature's most overlooked figures.

**The Vassar Miscellany**, 1909      **Seven**

**Legends** Gottfried Keller, 2024-05-09 A modern translation of *The Seven Legends* *sieben Legenden* by Gottfried Keller. The *Seven Legends* is a novella cycle initially published in 1872 but conceived during the author's time in Berlin. This slim work established Keller's reputation in Germany, although it sparked controversy. The stories explore various themes through allegorical tales set in the early Christian era. These stories delve into the lives and virtues of characters who often defy societal norms, illustrating moral and spiritual lessons through their extraordinary experiences. The *Legends* centerpiece is the Virgin Mary, depicted in an interpretation and form divergent from both Catholic and Protestant perspectives. She assumes the role of the *magna mater* of earthly and affectionate love, embodying a syncretic deity merging elements of Paganism and Christianity into a feminine trinity of love or a post-Christian Mother Earth. While Theodor Fontane found it repugnant for deviating from the natural simplicity of the legend form, Eduard Mörike was captivated by it. In this collection of allegorical tales, Keller delves into the realms of myth and spirituality. One prominent legend features Eugenia, an educated and beautiful Roman girl who, in order to escape social constraints, disguises herself as a man and enters a convent. Her intellectual pursuits and interactions with the young proconsul Aquilinus highlight themes of gender roles, education, and the quest for personal freedom. Eugenia's journey ultimately leads to a spiritual transformation that emphasizes the value of inner virtue over outward appearances. Another story concerns Count Gebizo and his virtuous wife Bertrade. Once wealthy and charitable, Gebizo's excessive generosity plunges him into poverty. In a desperate attempt to regain his fortune, he encounters a sinister stranger who offers him wealth in exchange for his wife. This story underscores the themes of faith, temptation, and redemption, as Bertrade's unwavering virtue ultimately triumphs over the devil's deception, demonstrating the power of righteousness and divine intervention. The final legend tells the story of Beatrix, a nun who, driven by worldly desires, leaves her convent only to be seduced by a knight. Her subsequent return to the convent and miraculous experiences underscore themes of repentance, divine grace, and the enduring power of faith. Beatrix's transformation from a restless soul to a devoted servant of God illustrates the possibility of redemption and the profound effects of spiritual commitment. This modern critical reader's translation from the original German includes supplementary materials that bring Keller's life and impact to life. Nietzsche considered Keller to be one of the greatest living poets of his time. However, his works are rarely found in other languages, so most people today are unaware of who he was or why he was important. This edition remedies that situation by providing a clear, accessible version of Keller's original German writing and offering insight into his broader ideas and the philosophical landscape in which he operated. Working directly from Keller's manuscripts, this new translation delivers literary excellence and scholarly depth with amplifying materials. Readers will discover not only Keller's powerful voice but also the philosophical currents that shaped an entire era of German thought. The edition includes an illuminating afterword tracing Keller's intellectual relationship with Nietzsche, revealing the fascinating dialogue between two of the period's most influential minds. A comprehensive timeline connects the major events of Keller's life with his published works.
