Siete Vidas:

¿CÓMo Es Dios? y ¿QuÉ Es el Hombre? Jes Enr Quez Rubio, Jesús Humberto Enríquez Rubio, 2012-10 El ser humano tiene tendencia natural hacia su creador como la abeja al panal la cual está más allá de la razón y de los instintos Es la convicción no aprendida de que estamos unidos a Dios cualquiera que sea la idea que de él tengamos Nos experimentamos pequeños y desvalidos frente a su infinitud y poder y esto nos induce a depender y caer aferrándonos a la idea de que Él Se or está obligado a proporcionarnos todo lo que necesitamos Pero Dios nos creó a su imagen y semejanza igualitos a él en su substancia y cualidades y nos dio los elementos necesarios para poderlo todo y los problemas de la vida están ahí para ponernos a prueba para obligarnos a ejercitar nuestras capacidades y a base de eso crecer y crecer hasta llegar a ser grandes y poderosos como lo es él y entonces fundirnos en su divina persona siendo uno con él para toda la eternidad , From a Time to a Moment Philip M. Dunkerley, 2014-11-09 Lyrics of the album *De un Tiempo a Esta Parte* released in 2014 by Bego Olavide and Javier Bergia in Spanish and English as translated by Philip Dunkerley and included on the CD sleeve notes All fifteen tracks are presented together with background notes about the project and its implementation and with biographical notes about the Spanish poets *Lesbian Realities/Lesbian Fictions in Contemporary Spain* Nancy Vosburg, Jacky Collins, 2011-03-18 *Lesbian Realities Lesbian Fictions in Contemporary Spain* edited by Nancy Vosburg and Jacky Collins focuses exclusively on manifestations of lesbian cultures and identities in contemporary Spain Bringing together key essays from a range of international scholars this anthology of critical essays examines the changing cultural sociological and political landscape of Spain at the turn of the millennium Divided into two sections the first contributions focus on the realities of lesbian lives and looks at how Spanish lesbian identities are constructed through language and the media The essays in the second section analyze contemporary lesbian identities as manifested in novels and short stories published since the late 1980s by authors such as Carme Riera Lola van Guardia Flavia Company and Mabel Galán The aim of this volume is to provide a significant and coherent contribution in English to the body of knowledge within an evolving subject area that has remained relatively under researched until recently Throughout the anthology the visibility of the lesbian subject in Spain either within the media literature the Parliament and even within the gay book publishing industry emerges as a key concept for analyzing the status of lesbians in Spanish society All essays in our volume are original previously unpublished works written specifically for this volume by contributors who have been involved in researching or developing lesbian cultures in Spain *Lesbian Realities Fictions in Contemporary Spain* brings knowledge into the public domain that hitherto has remained hidden and provides access to an audience interested in social and cultural change in Spain and yet who are unable to access material in Spanish It is a particularly invaluable resource for teachers and students of Spanish cultural studies global sexuality and gender studies *Media and Translation* Dror Abend-David, 2014-07-31 Over the last decade there has been a dramatic increase in publications on media and translation In fact there are those who believe that so much has been published in this field that

any further publications are superfluous But if one views media and translation as anything ranging from film and television drama to news casting commercials video games web pages and electronic street signs it would seem that research in media and translation has barely scratched the surface The research in this field is shared largely by scholars in communication and translation studies often without knowledge of each other or access to their respective methods of scholarship This collection will rectify this lack of communication by bringing such scholars together and creating a context for a theoretical discussion of the entire emerging field of Media and Translation with a preference for theoretical work rather than case studies on translation and communications of various forms and through various media
