**Sift in an Hourglass** Ralph Gustafson, 1966 Struggling for Wings Robert Kirschten, 1997 Struggling for Wings is a diverse collection of reviews interviews and essays on the controversial career of James Dickey a writer whose work has engendered commentary ranging from high praise to scathing personal attack Never before collected the materials in this volume record America's critical response to Dickey beginning in the early 1960s when he first began publishing poetry and A Queer Chivalry Julia F. continuing through the mid 1990s with comprehensive overviews of Dickey's entire canon Saville, 2000 Others decry his monasticism as the regrettably oppressive regimen from which he was able to escape only occasionally through his sensuous sometimes overtly homoerotic verse Julia F Saville uses Lacanian theories of sublimation and courtly love to reconfigure this long standing rift in the field of Hopkins criticism BOOK JACKET Computer Vision -*ACCV 2006* P. J. Narayanan, 2006 Hopkins and Heidegger Brian Willems, 2011-10-27 Hopkins and Heidegger is a new exploration of Gerard Manley Hopkins poetics through the work of Martin Heidegger More radically Brian Willems argues that the work of Hopkins does no less than propose solutions to a number of hitherto unresolved questions regarding Heidegger's later writings vitalizing the concepts of both writers beyond their local contexts Willems examines a number of cross sections between the poetry and thought of Hopkins and the philosophy of Heidegger While neither writer ever directly addressed the other's work Hopkins died the year Heidegger was born 1899 and Heidegger never turns his thoughts on poetry to the Victorians a number of similarities between the two have been noted but never fleshed out Willems readings of these cross sections are centred on Hopkins concepts of inscape and instress and around Heidegger's reading of both appropriation Ereignis and the fourfold das Geviert This study will be of interest to scholars and postgraduates in both Victorian literature and Continental philosophy The Contemplative Poetry of Gerard Manley Hopkins Maria R. Lichtmann.2014-07-14 In 1989 the centenary of his death Gerard Manley Hopkins continues to provoke fundamental questions among scholars what major poetic strategy informs his work and how did his reflections on the nature of poetry

affect his writing While form meant a great deal to Hopkins it was never mere form Maria Lichtmann demonstrates that the poet a student of Scripture all his life adopted Scripture's predominant form parallelism as his own major poetic strategy Hopkins saw that parallelism struck deep into the heart and soul tapping into unconscious rhythms and bringing about a healing response that he identified as contemplation Parallelism was to him the perfect statement of the integrity of outward form and inner meaning Other critics have seen the parallelism in Hopkins's poems only on the auditory level of alliterations and assonances Lichtmann however builds on the views held by Hopkins himself who spoke of a parallelism of words and of thought engendered by the parallelism of sound She distinguishes the integrating Parmenidean parallelisms of resemblance from the disintegrating Heraclitean parallelisms of antithesis The tension between Parmenidean unity and Heraclitean variety is resolved only in the wordless communion of contemplation This emphasis on contemplation offers a corrective to the overly emphasized Ignatian interpretation of Hopkins's poetry as meditative poetry. The book also makes clear that Hopkins s preference for contemplation sharply differentiates him from his Romantic predecessors as well as from the structuralists who now claim him Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found *Neurobehavior of Language* in the thousands of books published by Princeton University Press since its founding in 1905 and Cognition Martin L. through lyric's rhythm rhyme and repetition these poets were pursuing song's thought in a double sense They not only asked readers to think of particular kinds of song as musical sound in social performance ballads national airs political songs plainchant but also invited readers to think like song to listen to the sounds of a poem as it moves minds in a different way from philosophy or science By attending to the formal practices of these poets the music to which the poets were listening and the stories and myths out of which each forged a poetics that aspired to the condition of music Helsinger suggests new ways to think about the nature and form of the lyric in the nineteenth century Wayfaring Margaret Silf, 2002-09-10 This informal inspiring book teaches readers how to create a personal spiritual retreat through readings prayer and their own imagination Trained by the Jesuits to accompany and guide others in prayer Margaret Silf brings her experiences and insights to a guide that will help all spiritual seekers whether they are steeped in Christian tradition or have no background in prayer retreat and meditation make their own journeys of prayer In Wayfaring Silf takes readers step by step through the Gospels examining and elucidating the teachings they contain Like a personal spiritual trainer she deftly encourages readers to tap into their own hearts and minds and discover how the life of Jesus can help them shape their own paths through life Sil s previous books have garnered critical acclaim and have attracted a wide enthusiastic audience in the United Kingdom Wayfaring the first of her books to be published by a mainstream publisher in America is a valuable contribution to spiritual literature sure to be embraced by many on this side of the Atlantic **Preoccupations** Seamus Heaney, 2025-08-22 Nobel laureate Seamus Heaney's first collection of prose Preoccupations begins with a vivid account of his early years on his father s farm in Northern Ireland and his coming of age as a student and teacher in Belfast Subsequent essays include critical work on Gerard Manley Hopkins William Wordsworth John Keats Robert Lowell William Butler Yeats John Montague Patrick Kavanagh Ted Hughes Geoffrey Hill and Philip Larkin **Eco-Anxiety** Heather White, 2024-10-22 The climate crisis and its resulting eco anxiety is the biggest challenge of our time The anxiety that comes with worrying about how environmental harm will impact our and our children's lives can be overwhelming Learn how to balance practicing daily sustainability actions while caring for your own eco anxiety in this revolutionary book from noted environmentalist Heather White In Eco Anxiety White shows you how to contribute to the climate movement through self discovery and self care Utilizing the Service Superpower Profile Assessment included in the text you ll discover how your personality interests and strengths can be of service to others and the planet This book will serve as your guide to Begin a 21 Day Kickstarter Plan that shares specific sustainable actions you can take Track your progress with journal prompts and exercises that ll help you measure mental health benefits Listen and talk with loved ones about their climate anxiety Commit to being an eco aware individual and inspire your family friends and community to work toward a regenerative sustainable world Setting the intention each day to take a small step to care for the planet can help ease your eco anxiety push the culture toward climate solutions and create a sense of joy One Green Thing **Gerard Manley Hopkins** Leo Martin van Noppen,1980 **Gerard Manley** 

Hopkins and Tractarian Poetry Margaret Johnson, 2016-12-05 Gerard Manley Hopkins and Tractarian Poetry for the first time locates Hopkins and his work within the vital aesthetic and religious cultures of his youth It introduces some of the most powerful cultural influences on his poetry as well as some of the most influential poets from the well known fellow convert John Henry Newman to the almost forgotten historian and poet Richard Dixon From within the context of Hopkins developing catholic sensibilities it assesses the impact of and his responses to issues of the time which related to his own religious and aesthetic perceptions and provides a rich and intricate background against which to view both his early often neglected poetry and the justly famous idiosyncratic and deeply moving verse of his mature years By detailing the influences Tractarian poetry had upon Hopkins early work and applying these to the productions of his later years Gerard Manley Hopkins and Tractarian Poetry demonstrates how Hopkins best known mature works evolved from his upbringing in the Church of England and remained always indebted to this early culture It offers readings of his works in light of a new appraisal of the contexts from which Hopkins himself grew providing a fresh approach to this most challenging and rewarding of poets
