*Sight and Sound* BFI Publishing, BFI Distribution, 1993-08      *Sight and Sound*, 2005      **Sight and Sound** British Film Institute, 1993      *American Politics in Hollywood Film* Ian Scott, 2011-05-06 In this second edition of *American Politics in Hollywood Film* Ian Scott takes up his analysis of political content and ideology through movies and contends that American culture and the institutional process continues to be portrayed, debated and influenced      **Subject Guide to Books in Print**, 1975      *The British Film Industry in the 1970s* S. Barber, 2013-01-22 Is there more to 1970s British cinema than sex horror and James Bond This lively account argues that this is definitely the case and explores the cultural landscape of this much maligned decade to uncover hidden gems and to explode many of the well established myths about 1970s British film and cinema      **American History through Hollywood Film** Melvyn Stokes, 2013-12-05 *American History through Hollywood Film* offers a new perspective on major issues in American history from the 1770s to the end of the twentieth century and explores how they have been represented in film Melvyn Stokes examines how and why representation has changed over time looking at the origins underlying assumptions production and reception of an important cross section of historical films Chapters deal with key events in American history including the American Revolution the Civil War and its legacy the Great Depression and the anti communism of the Cold War era Major themes such as ethnicity slavery Native Americans and Jewish immigrants are covered and a final chapter looks at the way the 1960s and 70s have been dealt with by Hollywood This book is essential reading for anyone studying American history and the relationship between history and film      *Horror Films of the 1990s* John Kenneth Muir, 2011-10-06 This filmography covers more than 300 horror films released from 1990 through 1999 The horror genre's trends and clichés are connected to social and cultural phenomena such as Y2K fears and the Los Angeles riots Popular films were about serial killers aliens conspiracies and sinister interlopers new monsters who shambled their way into havoc Each of the films is discussed at length with detailed credits and critical commentary There are six appendices 1990s clichés and conventions 1990s hall of fame memorable ad lines movie references in *Scream* 1990s horrors vs *The X-Files* and the decade's ten best Fully indexed 224 photographs      **Stars and Stardom in French Cinema** Ginette Vincendeau, 2000-11-01 French cinema is second only to Hollywood in the number of its movie stars who have emerged to achieve international fame France is in fact arguably the only country other than the United States to have an international star system Yet these glamorous and charismatic stars differ from their U.S. counterparts in that they maintain more freedom to control their own images and often straddle both mainstream and auteur cinema Ginette Vincendeau a leading authority on French cinema analyzes the phenomenon of French film stardom and provides brilliant in depth studies of the major popular stars of the French cinema Max Linder Jean Gabin Brigitte Bardot Jeanne Moreau Louis de Funès Jean Paul Belmondo Alain Delon Catherine Deneuve Gérard Philipe and Juliette Binoche This volume analyzes these stars images and performance styles in the context of the French film industry but also in relation to national culture and society

In the country where Brigitte Bardot and Catherine Deneuve have modeled for Marianne the effigy of the Republic and left wing politicians have held up Jean Gabin as a role model Vincendeau examines the unusual relationship between French film stars and national identity Ginette Vincendeau is professor of film studies at the University of Warwick She is the author and editor of a number of books on cinema Heat Nick James,2025-06-12 Robert de Niro and Al Pacino have acted opposite each other only once in Heat Michael Mann's operatic 1995 heist thriller De Niro is Neil McCauley a skilled professional thief at the centre of a tight knit criminal team Pacino is Vincent Hanna the haunted driven cop determined to hunt him down Boasting a series of meticulously orchestrated setpieces that underline Mann's sense of scale and architecture Heat also presents a rhapsody to Los Angeles as Hanna closes in on his prey For Nick James the pleasures and virtues of Heat are mixed and complex Its precise compositions and minimalist style are entangled with a particular kind of extravagant bombast And while its vision of male teamwork is richly compelling it comes close to glorifying machismo But these complexities only add to the interest of this hugely ambitious and accomplished film which confirmed Mann's place in the front rank of American film makers In his afterword to this new edition published to coincide with the film's 30th anniversary Nick James reflects upon its lasting impact and on Michael Mann's subsequent film making career Shocking Entertainment Annette Hill,1997 This exploration of violence in films questions why adults are often entertained by films that social and cultural consensus considers extreme and brutal Hill argues that understanding the process of viewing violence is one way to open up the current debate concerning the effects of violence to include objective and broad minded responses to this phenomenon
