, *The Last Door* Gladys I. McCormick, 2025 As guerrilla groups sprouted up across Mexico in the early 1970s the military and police routinely resorted to extreme acts of violence including the systematic use of torture In *The Last Door* Gladys McCormick provides the most thorough account of how torture became a crucial and routine practice of the Mexican government s war against subversives Drawing from extensive oral history interviews and declassified government documents the reader is taken through experiences of arrest torture and detention in which forced disappearances became all too common and advocates for justice rallied around political prisoners Torture was not always about extracting information it was also about inflicting punishment on a faceless so called enemy and instilling terror into advocates of social change As McCormick argues torture became a quotidian practice of state making in Mexico during the 1970s leaving individuals and their families forever changed The lack of repercussions for government officials notorious for employing torture even in spite of a growing movement for truth and justice has led to entrenched impunity that is endemic in Mexico as its contemporary security crisis continues

EL CAMINO PASTORAL DE LA IGLESIA EN AMÉRICA LATINA Y EL CARIBE Luís Alvaro Cadavid Duque, 2010 *Constructing Identity in Contemporary Architecture* Peter Herrle, Stephanus Schmitz, 2009 The global spread of uniform modes of production and cultural values has been accompanied by a dissemination of stereotypes of modern architecture styles almost everywhere around the globe Paradoxically the reverse process has also emerged In some countries the elites feel the necessity to counterbalance the loss of identity and defend their own cultures against the intruding forces of globalization What started as a defensive notion has developed into a more progressive attempt to re create what has allegedly been lost This trend is being strongly expressed in discourses about architecture in countries of the South Who are the actors feeling compelled to construct new identities How are these new identities in architecture created in various parts of the world And which are the ingredients borrowed from various historical and ethnic traditions and other sources These and other questions are discussed in five case studies from different parts of the world written by renowned scholars from Brazil Mexico Egypt India and Singapore **Bibliografía peruana**

, 1995 *Regenerating Cultural Religious Heritage* Olimpia Niglio, 2022-09-03 This book introduces important reflections on understanding the meaning of cultural religious heritage in an international context and their relationship with issues of sustainability at the local community level Through a holistic approach the book charts new courses in analyzing different cultural policies and methods for preserving and enhancing cultural heritage Stemming from an intercultural seminar promoted by the International Scientific Committee Places of Religion and Ritual ICOMOS PRERICO under the theme of Reuse and regenerations of cultural religious heritage in the world Comparison among cultures the book examines the scientific diplomacy and cultural strategies promoted by countries in dialogue with the UN 2030 Agenda as well as Agenda 21 for Culture The book seeks to reinforce the value of local cultural policies for supporting and enhancing cultural religious

heritage through specific programs and collaborations in dialogue with government policies This collection is relevant to scholars working in areas relating to cultural heritage religious heritage architectural restoration protection of the local inheritances law and management of the cultural sites

Learn Spanish News Vol.2: Nik Marcel, LEARN SPANISH NEWS Vol 2 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the Spanish language edition of Voice of America VOA The Spanish text has been translated into English for this dual language project The reader can choose between four formats Section 1 English to Spanish Section 2 Spanish to English Section 3 English Section 4 Spanish A methodology for getting the most out of this bilingual format is explained in the book's Foreword The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows Familiarise yourself with a basic language instruction book or re read the one you have Once a student has studied the basics a suitable book about basic grammar can be helpful The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood After this read through a portion of text in a book called Spanish Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a

device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books TÚ ERES PEDRO Mario Madrid-Malo Garizábal,2005 **Selecciones de Matemáticas Aplicadas** Max H. Lombardi,2021-09-21 Selecciones de matemáticas aplicadas es un puente entre las matemáticas básicas y las matemáticas superiores El libro comienza con una revisión de las matemáticas básicas la numerología la aritmética el álgebra la geometría euclidiana la trigonometría y los logaritmos En las lecciones intermedias se estudian las funciones lineales cuadradas cúbicas exponenciales e hiperbólicas En las lecciones finales se examinan el cálculo diferencial e integral la teoría de las probabilidades la teoría cuántica las teorías de la relatividad y las teorías de caos y la complejidad Entre las aplicaciones más destacadas citamos algunos ejemplos El crecimiento exponencial de las bacterias en los medios de cultivo el crecimiento de los capitales en el interés compuesto el crecimiento exponencial de los números de transistores en los últimos 30 años de la tecnología moderna la reducción exponencial de los virus del SIDA en los pacientes tratados con cócteles de drogas antivirales y las probabilidades en los juegos del craps y del póker **Plato and Socrates (RLE: Plato)** Richard McKirahan,2012-11-12 This valuable work of reference provides a comprehensive bibliography on all scholarly work that was published on Plato and Socrates during the years 1958-73 It thus forms an important addition to Harold Cherniss's bibliography which covered the years 1950-7 The author has sought to include all materials primarily concerned with Socrates and Plato together with other works which make a contribution to our understanding of the two philosophers The bibliography is arranged by topic and there are cross references at the end of each section The works in each category are arranged chronologically and then alphabetically by author within each year An effort has been made to distinguish when a book has had more than one edition and when an article has been reprinted Additionally the author has listed reviews of books and dissertations as these have come to his attention Science, Culture and National Identity in Francoist Spain, 1939-1959 Marició Janué i Miret,Albert Presas i Puig,2021-04-24 This book examines the role that science and culture held as instruments of nationalization policies during the first phase of the Franco regime in Spain It considers the reciprocal relationship between political legitimacy and developments in science and culture and explores the nationalization efforts in Spain in the 1940s and 1950s via the complex process of transmitting narratives of national identity through ideas representations and homogenizing practices Taking an interdisciplinary approach the volume features insights into how scientific and cultural language and symbols were used to formulate national identity through institutions resource distribution and specific national policies Split into five parts the collection considers policies in the Francoist New State the role of women in these debates and perspectives on the nationalization and internationalization efforts that made use of scientific and cultural spheres Chapters also feature insights into cinema literature cultural diplomacy mathematics and

technology in debates on Catalonia the Nuclear Energy Board the Spanish National Research Council and how scientific tools in Spain in this era fed into wider geopolitics with America and onto the UNESCO stage **Hispania**, 1927 **El Mesolítico en Cantabria centro-oriental** Mercedes Pérez Bartolomé, 2019-06-27 This book explores the Mesolithic period in the central eastern area of Cantabria Spain as a manifestation of sociocultural evolution and change of the societies that lived in the area between the ninth and sixth millennia cal BC until the introduction of farming **Estudios de (des)cortesía verbal en la historia del español: Actos de habla, modulación del discurso y formas de tratamiento** Andrzej Zieliński, Silvia Iglesias Recuero, 2025-09-30 Esta monografía colectiva profundiza en diferentes estrategias lingüísticas de des cortes a verbal documentadas en los periodos evolutivos tradicionalmente considerados en historia de la lengua española Los diez capítulos que constituyen el libro cuyos autores son especialistas en la materia ofrecen novedosas aportaciones sobre el funcionamiento de diferentes actos de habla formas de tratamientos o modulaciones del discurso abordados desde diferentes enfoques y aplicados en diferentes modalidades del español De esta manera hace una notable aportación a la reconstrucción de la historia de la des cortes a en español y en italiano puesto que hay un capítulo dedicado al análisis histórico contrastivo y de las construcciones lingüísticas empleadas en la interacción a lo largo de los siglos pues el arco temporal abarcado cubre desde los siglos XII al XXI En las perspectivas de análisis diacrónico adoptadas resultan cruciales la recontextualización sociocultural de la des cortes a de cada época y la consideración de los géneros discursivos empleados como corpus de modo que cobran especial relevancia para el estudio de la pragmática la organización secuencial de las interacciones orales y escritas la tradicionalidad discursiva de las construcciones analizadas y las funciones interpersonales y de gestión de la interacción a las que sirven Esta perspectiva sociocultural y discursiva propia de los estudios actuales en pragmática y des cortes a permite un análisis esclarecedor de los fenómenos lingüísticos y discursivos abordados **Questions Set at the Examinations** College Entrance Examination Board, 1916 *Questions Set at the Comprehensive Examinations of ...*, 1916 **Mario Lavista** Ana R. Alonso-Minutti, 2023-10-17 This is an open access title available under the terms of a CC BY NC ND 4.0 International license It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Composer pianist editor writer and pedagogue Mario Lavista 1943 2021 was a central figure of the cultural and artistic scene in Mexico and one of the leading Ibero American composers of his generation His music is often described as evocative and poetic noted for his meticulous attention to timbre and motivic permutation and his creative trajectory was characterized by its intersections with the other arts particularly poetry and painting Lavista was a relational composer he did not write music as a private enterprise but for and alongside people with whom he established close relations Understanding analysis as an affective practice author Ana R Alonso Minutti explores the intertextual connections between the multiple texts musical or otherwise that are present in Lavista's music Alonso Minutti argues that through adopting an interdisciplinary and transhistorical approach to music composition Lavista forged a cosmopolitan imaginary

that challenged stereotypes of what Mexican music should sound like This imaginary becomes a strategy of resistance against imperialist agendas placed upon postcolonial peripheries Departing from traditional biographical and chronological frameworks that exalt masters and masterworks the author offers a nuanced personal narrative informed by conversations with composers performers artists choreographers poets writers and filmmakers Through an innovative mosaic of methodologies from archival work to musical and intertextual analysis oral history and auto ethnography this book is the first in depth study of Lavista s compositional career and offers a contextual panorama of the contemporary music scene in Mexico
